Toutefois, des envois fermés à clef peuvent être admis à l'expédition à la seule condition qu'ils soient accompagnés des clefs permettant de les ouvrir.

Les objets ci-après désignés sont, par contre, prohibés:

En *Suisse*, tous les colis sont traités comme envois enregistrés. En y payant la taxe d'un accusé de réception, l'expéditeur d'un colis peut en obtenir un.

Les déclarations de douane employées pour les colis à destination de la *Suisse*, doivent, indépendamment de l'anglais, être rédigées, si possible, en allemand, en français ou en italien.

ARTICLE VI.

Aux États-Unis d'Amérique les destinataires sont avisés par

the office of destination of the arrival of registered parcels addressed to them.

The Administration of Posts of the country of destination may also, if it sees fit, advise the addressees of the arrival of unregistered parcels addressed to them.

In Switzerland, all parcels are delivered at the residence of the addressee, barring contrary request on his part.

In the United States of America, the parcels are delivered free of all postage charges by the post offices of destination.

In Switzerland, the domestic rate is collected from the addressees, for each parcel originating in a foreign country. When the parcels are delivered, the customs duties with which they are marked are collected in accordance with the customs laws of the country of destination. Moreover, the Administration of Posts of the country of destination, may, if it so desires, collect from the addressee, for each parcel:

These charges are collected by way of compensation for the domestic service of the Administration of the country of destination and delivery to the addressee.

To these charges are to be added, in Switzerland, the eventual storage charges, in accordance with the provisions in force in the Swiss service.

ARTICLE VII.

The parcels are sent in direct despatches exchanged between the United States of America and Switzerland. Parcels originating in the United States of America are despatched at the expense of the Administration of Posts of that country, to the post

L'Administration des postes du pays de destination peut également, si elle le juge à propos, aviser les destinataires de l'arrivée de colis non-enregistrés expédiés à leur adresse.

En Suisse, tous les colis sont délivrés au domicile du destinataire, sauf demande contraire de sa part.

Aux Etats-Unis d'Amérique, les colis sont délivrés exempts de toute taxe postale, par les offices postaux destinataires.

En Suisse, la taxe interne applicable aux colis en provenance de l'étranger est perçue des destinataires, pour chaque colis. Lors de la distribution des colis, les droits de douane dont ils sont grevés sont perçus conformément aux prescriptions douanières du pays de destination. En outre, l'Administration des postes du pays de destination peut, si elle le désire, percevoir du destinataire, par colis:

Closed sacks.

The parcels are despatched in ordinary mail sacks bearing the inscription "Parcel Post." Such sacks may not contain any other mail article; they must be solidly closed by means of sealing wax, or otherwise as may be mutually provided.

Return of empty sacks.

Subject to further agreements which may be made on the subject, each receiving exchange office must return the empty sacks, by the next mail, to the despatching exchange office.

Packing.

Although the transmission of the articles authorized by the present convention takes place between the exchange offices and in the manner described above, the parcels should be so carefully packed as to withstand the conveyance in the open mails in the domestic service of each contracting Administration, i. e., as far as the despatching exchange office in the country of origin and to the address of the addressee in the country of destination.

To Switzerland.

For each despatch of parcel post *addressed to Switzerland*, a parcel bill is made up in two copies (original and duplicate), in which each parcel shall be entered separately, according to the number of mailing and the office of origin. The original parcel bill shall be inserted in one of the sacks, which is to be designated by a distinctive mark, while the duplicate shall be sent to the exchange office of destination, under registered cover, together with the customs declarations.

Les colis sont expédiés dans des sacs postaux ordinaires portant la suscription "Parcel Post." Ces sacs ne peuvent renfermer aucun autre envoi postal; ils doivent être fermés solidement au moyen de cire à cacheter ou de tout autre système à convenir.

Sous réserve des dispositions ultérieures qui pourraient être convenues à ce sujet, chaque bureau d'échange réceptionnaire doit renvoyer les sacs vides, par le prochain courrier, au bureau d'échange expéditeur.

Bien que la transmission des objets autorisés par la présente convention ait lieu entre les bureaux d'échange de la manière décrite ci-avant, les colis devront être emballés d'une façon suffisamment solide pour supporter le transport à découvert dans le service interne de chaque Administration contractante, c. à. d. jusqu'au bureau d'échange expéditeur, en ce qui concerne le pays d'origine, et jusqu'à l'adresse du destinataire, quant au pays de destination.

Pour chaque dépêche de colis, postaux à destination de la Suisse, il est établi une double feuille de route (parcel bill) (original et duplicata) dans laquelle chaque colis sera inscrit séparément d'après le numéro de consignation et l'office d'origine. La feuille de route originale doit être insérée dans l'un des sacs à pourvoir d'une marque distinctive, tandis que le duplicata sera envoyé au bureau d'échange destinataire, dans un pli recommandé et joint aux déclarations de douane.

ARTICLE VIII.

ARTICLE VIII.

Immediately after the arrival of a despatch, the exchange office of destination shall verify its contents.

Errors found in the entries on the parcel bill must be corrected, after having been examined and attested by a second employee. The exchange office of origin must then be advised, by means of a bulletin of verification, to be sent in a special envelope.

When the parcel bill is missing, and when the exchange office of destination is not in possession of a duplicate, it at once proceeds to make up a list intended to replace the original parcel bill.

When a parcel entered on the parcel bill is missing, the relative entry is struck out, after verification of the shortage by a second employee. Advice thereof is immediately given to the despatching exchange office.

When a parcel arrives in damaged or imperfect condition, full particulars shall be reported on the same form.

If no bulletin of verification or other advice of error is received, a parcel post despatch is considered as regularly received and acknowledged to be correct in all respects.

ARTICLE IX.

Parcels which cannot be delivered, or which are refused by the addressee, are returned without cost by each of the contracting Administrations to the despatching exchange office after a period of 30 days, counting from the date of arrival of the parcel at the office of destination.

The charges to be collected from the sender for the return conveyance are fixed by each of

Les erreurs constatées dans les inscriptions de la feuille de route doivent être corrigées après avoir été examinées et attestées par un second employé. Le bureau d'échange d'origine doit alors en être avisé au moyen d'un bulletin de vérification à envoyer dans une enveloppe spéciale.

Lorsque la feuille de route fait défaut et que le bureau d'échange destinataire n'est pas en possession d'un duplicata, il procède immédiatement à l'établissement d'une liste destinée à remplacer la feuille de route originale.

Lorsqu'un colis inscrit sur la feuille de route fait défaut, l'inscription y relative est annulée sur la feuille de route après constatation du manque par un second employé. Avis en est immédiatement donné au bureau d'échange expéditeur.

Lorsqu'un colis arrive avarié ou dans un état défectueux, avis de tous les détails doit être donné sur le même formulaire.

S'il n'est arrivé aucun bulletin de vérification ou autre avis d'erreur, une dépêche de colis postaux est considérée comme régulièrement reçue et reconnue exacte à tous égards.

ARTICLE IX.

Les colis qui ne peuvent pas être délivrés ou qui sont refusés du destinataire, sont renvoyés, sans frais, par chacune des Administrations contractantes, au bureau d'échange expéditeur de la dépêche, après un délai de 30 jours à compter de la date d'arrivée du colis à l'office de destination.

Les taxes à percevoir de l'expéditeur pour le transport en retour sont fixées, par chacune des

When the contents of an undeliverable parcel are likely to putrefy or deteriorate, the parcel may be destroyed at once, if it is deemed necessary, or else sold for the benefit of the proper person, without previous notice or judicial formality, the post offices making the necessary communications in regard to each case of sale.

ARTICLE X.

Indemnity for loss or damage of registered mail.

In case of loss, damage or rifling detected in any shipment of registered parcels, except in cases of force majeure, the Administration of Posts in the service of which it is proven that the loss, damage or rifling took place is bound to reimburse the sender of the parcel, by way of indemnity, for an amount equal to the value of what has been lost, damaged or stolen. However, such indemnity may not exceed the sum of 50 francs for each registered parcel.

Adjustment of claims.

The procedure adopted in order to fix responsibility in case of loss, damage or rifling, and in order to settle the question of payment of indemnity and of presenting the request for indemnity, is that prescribed by Article 10 of the Universal Postal Convention of Madrid concerning responsibility in regard to registered articles.

Vol. 42, p. 1984.

Time limit.

The request for indemnity is valid only if made within the period of one year, counting from the date of mailing of the registered parcel to which it relates.

ARTICLE XI.

Retention of charges.

The postage, registry, portage and storage charges belong entirely to the Administration collecting them. No special account is therefore to be made between the contracting Administrations. Lorsque le contenu d'un colis en rebut est sujet à putréfaction ou détérioration, il peut être immédiatement détruit, si cela est jugé nécessaire, ou vendu au profit de l'ayant-droit, sans avis préalable ou formalité juridique; les offices de poste se font les communications nécessaires sur chaque cas de vente.

ARTICLE X.

En cas de perte, d'avarie ou de vol constaté lors du chargement des colis enregistrés, excepté les cas de force majeure, l'Administration des postes dans le service de laquelle il est prouvé que la perte, l'avarie ou le vol a eu lieu, est tenue de rembourser à l'expéditeur du colis, à titre d'indemnité, le montant équivalent à la valeur de ce qui a été perdu, volé ou détérioré. Toutefois cette indemnité ne peut excéder la somme de fr. 50.—par colis enregistré.

Le procédé adopté pour fixer la responsabilité en cas de perte, d'avarie ou de vol et pour régler la question du paiement de l'indemnité et la présentation de la demande en indemnité, est celui prescrit à l'article 10 de la Convention postale universelle de Madrid concernant la responsabilité en matière d'envois recommandés.

La demande en indemnité n'est valable que si elle est faite dans le courant d'une année à compter de la date de consignation à la poste du colis enregistré auquel elle se rapporte.

ARTICLE XI.

Les taxes postales d'enregistrement, de factage et de magasinage appartiennent en entier à l'Administration qui les a perçues. Aucun décompte spécial n'a donc lieu de ce fait entre les Administrations contractantes. Outre ces dispositions, les droits de transit par l'Allemagne de 10 cents ou 50 centimes-or pour chaque colis jusqu'au poids de 5 kg et de 18 cents ou 90 centimes-or

ARTICLE XII.

The Postmaster General of the United States of America and the Director General of Posts and Telegraphs of Switzerland shall have authority jointly to make such further regulations of order and detail, and to provide for such changes and modifications as may be deemed necessary from time to time to carry out the Convention.

ARTICLE XIII.

The present convention, concluded in the French and English languages, becomes effective and its provisions come into force on January 1, 1923, and shall continue in force until terminated by mutual agreement, but may, however, be annulled by either of the contracting parties, upon six months' notice.

2. Each country of destination shall return to the despatching office by the next mail all empty receptacles, barring other arrangements to be made on the subject.

Return of empty sacks, etc.

3. Each despatch of parcel post must be accompanied by a parcel bill in duplicate. Thereon are mentioned individually all registered parcels. The ordinary parcels shall be indicated thereon in bulk, according to the aggregate sent in each despatch.

Duplicate parcel bills.

The individual entries on the parcel bill must include the order number of each parcel, the office of origin, the name of the addressee, and the office of destination.

The parcel bill must be inserted in one of the receptacles composing the despatch; the label of the receptacle inclosing the parcel bill must be distinguished by the letters "F. F."

4. On the labels of the receptacles containing the registered parcels the order numbers under which the inclosed parcels are entered in the parcel bill must be indicated.

Labels on receptacles.

ARTICLE X.

The reciprocal exchange of parcels between the offices of the two countries must be effected through the intermediary of exchange offices. For that purpose are designated: the post office of Danzig 1 on the part of Poland; and the office of New York on the part of the United States; other exchange offices may be designated later on by common consent.

ARTICLE XI.

1. As soon as a mail reaches the exchange office of destination, it immediately verifies the contents.

2. In case of non-receipt of the parcel bill by the office of destination, a substitute bill is officially made up.

Substitute parcel bill.
3. All errors detected in the entries of the parcel bill, after being verified by two agents, shall be corrected and noted, to be communicated to the despatching office by means of a "Bulletin of Verification". This is sent in a special envelope.

Correction of errors.
4. If a parcel entered on the parcel bill is not received, after the loss is verified by two agents, the relative entry is cancelled, or else the number of ordinary parcels entered in bulk is corrected, and the fact reported immediately.

Nonreceipt of parcels.
5. If a parcel arrives damaged or in imperfect condition, the damage or bad condition is reported in detail to the office of despatch.

Damaged parcels.
6. If it is found that a parcel is insufficiently prepaid, the insufficient postage is not supplied, but the fact must be pointed out to the despatching exchange office by bulletin of verification.

Insufficient payments.

Presumption of delivery.

7. If the despatching exchange office does not receive any bulletin of verification or advice of irregularity, it considers the despatch as regular in all respects and as duly received.

ARTICLE XII.

Missent parcels.

1. Any missent parcel received is immediately returned to the despatching exchange office. The sea transit charges in return are supported, as indicated in Section 3 of this article, by the Administration responsible for the missending of the parcel. The error is reported by means of a bulletin of verification.

Reforwarding charge.

2. Parcels reforwarded at the request of the sender or addressee, to the interior of the country of destination, or to other countries, are liable to an additional charge to the profit of the Administration which reforwards the parcel.

Inability to deliver, etc.

Ante, p. 1641.

3. Every parcel which cannot be delivered as addressed, or which is refused by the addressee, and which does not bear the notations provided for in Section 2 of Article IV, must be returned to the despatching exchange office after a period of 30 days from the date of its arrival at the office of destination.

Return charges.

The Postal Administration of the country of origin of the parcel is authorized to collect from the sender of a returned parcel a charge equal to the original postage. The said Administration shall pay to the reforwarding Administration the sea transit charges for returned parcels: 1 gold franc for each parcel up to the weight of 5 kilograms, and 2 gold francs for each parcel from 5 to 10 kilograms.

Prohibited articles.
Ante, p. 1641.

Parcels whose contents come within the prohibitions of Article V are not returned to the country of origin but are treated in the manner prescribed by the domestic laws and regulations of the country of destination.

Perishable articles.

5. When the contents of a parcel which could not be delivered are liable to deterioration or corruption the parcel may be sold immediately, or, if for any reason its sale is impossible, it may be destroyed without previous notice.

Report of disposition.

6. A report is made up of the sale or destruction of a parcel: one copy of such report is transmitted to the office despatching the parcel.

The sum realized by the sale of the parcel shall serve, in the first place, to pay the charges with which the parcel is marked, and the difference, if any, shall be returned to the office of origin to be paid to the sender.

Charges annulled on returned articles.

7. The customs charges and all other charges applied to parcels are annulled when the parcels are returned to origin.

ARTICLE XIII.

Further regulations, etc.

The Postmaster General of the United States and the Director of the Ministry of Posts and Telegraphs of the Polish Republic shall have authority jointly to make such further regulations of order and detail and to provide for such changes and modifications as may be deemed necessary to carry out the convention from time to time.

ARTICLE XIV.

The present convention enters into force on April 1 1923; it shall remain in force until the contracting parties suspend it by common consent, or upon the desire of one of them and by means of previous notice given six months in advance.

PARTIE 4.

PART 4.

Definitions.

DEFINITIONS.

Dans le présent *Traité*, les expressions suivantes doivent s'entendre respectivement avec le sens ci-après.

For the purposes of the present Treaty, the following expressions are to be understood in the sense defined in this Part.

NAVIRE DE LIGNE.

CAPITAL SHIP.

Capital ship.

Un navire de ligne, en ce qui concerne les navires à construire dans l'avenir, est un navire de guerre autre qu'un navire porte-aéronefs, dont le déplacement type est supérieur à 10.000 tonnes (10.160 tonnes métriques), ou qui porte un canon d'un calibre supérieur à 8 pouces (203 millimètres).

A capital ship, in the case of ships hereafter built, is defined as a vessel of war, not an aircraft carrier, whose displacement exceeds 10,000 tons (10,160 metric tons) standard displacement, or which carries a gun with a calibre exceeding 8 inches (203 millimetres).

NAVIRE PORTE-AERONEFS.

AIRCRAFT CARRIER.

Air craft carrier.

Un navire porte-aéronefs est un navire de guerre d'un déplacement type supérieur à 10.000 tonnes (10.160 tonnes métriques), spécifiquement et exclusivement destiné à porter des aéronefs. Il doit être construit de manière qu'un aéronef puisse y prendre son vol ou s'y poser. Son plan et sa construction ne doivent pas lui permettre de porter un armement plus puissant que celui autorisé soit par l'article IX, soit par l'article X, selon le cas.

An aircraft carrier is defined as a vessel of war with a displacement in excess of 10,000 tons (10,160 metric tons) standard displacement designed for the specific and exclusive purpose of carrying aircraft. It must be so constructed that aircraft can be launched therefrom and landed thereon, and not designed and constructed for carrying a more powerful armament than that allowed to it under Article IX or Article X as the case may be.

DISPLACEMENT TYPE.

STANDARD DISPLACEMENT.

Standard displacement.

Le déplacement type d'un navire est le déplacement du navire achevé, avec son équipage complet, ses machines et chaudières,

The standard displacement of a ship is the displacement of the ship complete, fully manned, engined, and equipped ready for

prêt à prendre la mer, ayant tout son armement et toutes ses munitions, ses installations, équipements, vivres, eau douce pour l'équipage, approvisionnements divers, outillages et rechanges de toute nature qu'il doit emporter en temps de guerre, mais sans combustible et sans eau de réserve pour l'alimentation des machines et chaudières.

Le mot tonne employé dans le présent traité sans la qualification de "métrique" désigne une tonne de 2.240 lbs. ou 1.016 kilogrammes.

Les navires actuellement achevés continueront à figurer avec le déplacement qui leur est attribué selon leur système national d'évaluation. Toutefois, lorsqu'une Puissance compte le déplacement de ses navires en tonnes métriques, elle sera considérée, pour l'application du présent Traité, comme ne possédant que le tonnage équivalent en tonnes de 2.240 lbs.

Les navires achevés par la suite seront comptés pour leur déplacement type tel qu'il est défini au 1^{er} alinéa de la présente définition.

The word "ton" in the present Treaty, except in the expression "metric tons", shall be understood to mean the ton of 2240 pounds (1016 kilos).

Vessels now completed shall retain their present ratings of displacement tonnage in accordance with their national system of measurement. However, a Power expressing displacement in metric tons shall be considered for the application of the present Treaty as owning only the equivalent displacement in tons of 2240 pounds.

A vessel completed hereafter shall be rated at its displacement tonnage when in the standard condition defined herein.

Si, pendant la durée du présent traité, une Puissance contractante estime que les exigences de sa sécurité nationale, en ce qui touche la défense navale, se trouvent matériellement affectées par des circonstances nouvelles, les Puissances Contractantes se réuniront en Conférence sur sa demande pour examiner à nouveau les dispositions du présent traité et s'entendre sur les amendements à y apporter.

En raison des possibilités de progrès dans l'ordre technique et scientifique, les Etats-Unis provoqueront la réunion d'une Conférence de toutes les Puissances Contractantes après les avoir consultées. Cette Conférence se tiendra aussitôt que possible après

In view of possible technical and scientific developments, the United States, after consultation with the other Contracting Powers, shall arrange for a conference of all the Contracting Powers which shall convene as soon as possible after the expiration of

eight years from the coming into force of the present Treaty to consider what changes, if any, in the Treaty may be necessary to meet such developments.

ARTICLE XXII.

ARTICLE XXII.

Obligations suspended during war affecting naval defense of Power.

Si l'une des Puissances Contractantes se trouve engagée dans une guerre qui, dans son opinion, affecte sa sécurité nationale du côté de la mer, cette Puissance pourra, sur avis préalable donné aux autres Puissances Contractantes, se dégager, pour la durée des hostilités, de ses obligations résultant du présent traité, à l'exception de celles qui sont prévues aux articles XIII et XVII. Toutefois, cette Puissance devra notifier aux autres Puissances Contractantes que la situation est d'un caractère assez critique pour exiger cette mesure.

Whenever any Contracting Power shall become engaged in a war which in its opinion affects the naval defence of its national security, such Power may after notice to the other Contracting Powers suspend for the period of hostilities its obligations under the present Treaty other than those under Articles XIII and XVII, provided that such Power shall notify the other Contracting Powers that the emergency is of such a character as to require such suspension.

Notice to the other Powers.

Consultation between the other Powers.

If no agreement produced obligations may be suspended during hostilities.

Dans ce cas, les autres Puissances Contractantes échangeront leurs vues pour arriver à un accord sur les dérogations temporaires que l'exécution du traité devrait comporter, s'il y a lieu, en ce qui les concerne. Si cet échange de vues ne conduit pas à un accord, conclu régulièrement selon les procédures constitutionnelles auxquelles elles sont respectivement tenues, chacune d'entre elles pourra, après en avoir donné notification aux autres, se dégager, pour la durée des hostilités, des obligations résultant du présent traité, à l'exception de celles qui sont prévues aux articles XIII et XVII.

The remaining Contracting Powers shall in such case consult together with a view to agreement as to what temporary modifications if any should be made in the Treaty as between themselves. Should such consultation not produce agreement, duly made in accordance with the constitutional methods of the respective Powers, any one of said Contracting Powers may, by giving notice to the other Contracting Powers, suspend for the period of hostilities its obligations under the present Treaty, other than those under Articles XIII and XVII.

Conference on cessation of hostilities.

A la cessation des hostilités les Puissances Contractantes se réuniront en Conférence pour examiner les modifications à apporter, s'il y a lieu, au présent Traité.

On the cessation of hostilities the Contracting Powers will meet in conference to consider what modifications, if any, should be made in the provisions of the present Treaty.

En ce cas le traité prendra fin pour toutes les Puissances Contractantes. La notification devra être faite par écrit au Gouvernement des Etats-Unis, qui devra immédiatement en transmettre une copie authentique avec l'indication de la date de réception. La notification sera considérée comme faite à cette date, à partir de laquelle elle produira son effet. Dans le cas où le Gouvernement des Etats-Unis notifierait son intention de mettre fin au Traité, cette notification sera remise aux représentants diplomatiques à Washington des autres Puissances Contractantes; la notification sera considérée comme faite et prendra effet à la date de la communication aux dits représentants diplomatiques.

Toutes les Puissances Contractantes devront se réunir en Conférence dans le délai d'un an à partir de la date à laquelle aura pris effet la notification, par une des Puissances, de son intention de mettre fin au Traité.

Il prendra effet à la date du dépôt de toutes les ratifications, dépôt qui sera effectué à Washington, le plus tôt qu'il sera possible. Le Gouvernement des Etats-Unis remettra aux autres Puissances Contractantes une copie authentique du procès verbal de dépôt des ratifications.

Procès-verbal.

OF DEPOSIT OF RATIFICATIONS OF THE TREATY BETWEEN THE UNITED STATES OF AMERICA, THE BRITISH EMPIRE, FRANCE, ITALY AND JAPAN, TO LIMIT THEIR RESPECTIVE NAVAL ARMAMENT, CONCLUDED AT WASHINGTON, FEBRUARY 6, 1922.

In conformity with Article XXIV of the Treaty between the United States of America, the British Empire, France, Italy and Japan to limit their respective naval armament, concluded at Washington on February 6, 1922, the undersigned representatives of the United States of America, the British Empire, France, Italy and Japan, this day met at the Department of State at Washington to proceed with the deposit with the Government of the United States of America of the instruments of ratification of the said Treaty by the governments they represent.

Notification of deposit of ratifications by the representatives of the Contracting Powers.
Ante, p. 1683.

The representative of the Government of the French Republic made the following declaration:

Declaration by French representative.

“Le Gouvernement français estime et a toujours estimé que les rapports des tonnages globaux en bâtiments de ligne et en porte-aéronefs, attribués à chacune des Puissances Contractantes, n’expriment pas l’importance respective des intérêts maritimes de ces Puissances et ne peuvent être étendus aux catégories de navires autres que celles pour lesquelles ils ont été expressément stipulés.”¹

The instruments of ratification produced having been found upon examination to be in due form, are entrusted to the Government of the United States of America to be deposited in the archives of the Department of State.

IN WITNESS WHEREOF, the present procès-verbal, of which a certified copy will be sent by the Government of the United States of America to each one of the Powers signatory to the said treaty, is signed.

Agreements.	Les soussignés, plénipotentiaires des Gouvernements des Pays ci-dessus énumérés, s'étant réunis en conférence à Paris, sont convenus de ce qui suit:	The undersigned plenipotentiaries of the countries hereinafter enumerated, having met in conference in Paris, have agreed on the following:

ARTICLE PREMIER.

ARTICLE 1.

International Bureau. Duties.	Les articles 7 et 8 de la Convention du 20 mai 1875 sont remplacés par les dispositions suivantes:	Articles 7 and 8 of the Convention of May 20, 1875, are superseded by the following provisions:
----------------------------------	--	---

ART. 7.—Après que le Comité aura procédé au travail de coordination des mesures relatives aux unités électriques, et lorsque la Conférence générale en aura décidé par un vote unanime, le Bureau sera chargé de l'établissement et de la conservation des étalons des unités électriques et de leurs témoins, ainsi que de la comparaison, avec ces étalons, des étalons nationaux ou d'autres étalons de précision.

Le Bureau est chargé, en outre, des déterminations relatives aux constantes physiques dont une connaissance plus exacte peut servir à accroître la précision et à assurer mieux l'uniformité dans les domaines auxquels appartiennent les unités ci-dessus mentionnées (art. 6 et premier alinéa de l'art. 7).

Il est chargé, enfin, du travail de coordination des déterminations analogues effectuées dans d'autres instituts.

ART. 8.—Les prototypes et étalons internationaux, ainsi que leurs témoins, demeureront déposés dans le Bureau; l'accès du dépôt sera uniquement réservé au Comité international.

ARTICLE 2.

Les articles 6, 8, 9, 10, 11, 12, 15, 17, 18 et 20 du Règlement annexé à la Convention du 20 mai 1875 sont remplacés par les dispositions suivantes:

ART. 6.—La dotation annuelle du Bureau international est composée de deux parties, l'une fixe, l'autre complémentaire.

La partie fixe est, en principe, de 250000^{fr}, mais peut être portée à 300000^{fr} par décision unanime du Comité. Elle est à la charge de tous les États et des Colonies autonomes qui ont adhéré à la Convention du Mètre avant la Sixième Conférence générale.

La partie complémentaire est formée des contributions des États et des Colonies autonomes qui sont entrés dans la Convention après ladite Conférence générale.

ARTICLE 7. After the Committee shall have proceeded with the work of coordinating the measures relative to electric units and when the general conference shall have so decided by a unanimous vote, the Bureau will have charge of the establishment and keeping of the standards of the electric units and their test copies and also of comparing with those standards, the national or other standards of precision.

The Bureau is also charged with the duty of making the determinations relative to physical constants, a more accurate knowledge of which may be useful in increasing precision and further insuring uniformity in the provinces to which the above mentioned units belong (Article 6 and 1st paragraph of Article 7).

It is finally charged with the duty of coordinating similar determinations effected in other institutions.

ARTICLE 8. The international prototypes and standards and also their test copies shall be deposited in the Bureau; access to the deposit shall be solely reserved for the international committee.

ARTICLE 2.

Articles 6, 8, 9, 10, 11, 12, 15, 17, 18 and 20, of the regulations annexed to the Convention of May 20, 1875, are superseded by the following provisions.

ARTICLE 6. The annual appropriation for the international bureau consists of two parts, one of which is fixed, the other complementary.

The fixed part is, in principle, 250,000 francs, but on the unanimous vote of the Committee may be raised to 300,000 francs. It is borne by all the states and autonomous colonies that adhered to the meter convention before the sixth General Conference.

The complementary part is made up of contributions from the states and autonomous colonies that joined the Convention after the aforesaid General Conference.

Budget.

Le Comité est chargé d'établir, sur la proposition du directeur, le budget annuel, mais sans dépasser la somme calculée conformément aux stipulations des deux alinéas ci-dessus. Ce budget est porté, chaque année, dans un Rapport spécial financier, à la connaissance des Gouvernements des Hautes Parties contractantes.

The Committee is charged with the duty of drawing up on the motion of the Director the annual budget, but without exceeding the amount computed in accordance with the provisions of the two paragraphs above. The budget is made known every year by means of a special financial report to the governments of the high contracting parties.

Provision for increased contributions.
Vol. 20, p. 721.

Dans le cas où le Comité jugerait nécessaire, soit d'accroître au delà de 300000^{fr} la partie fixe de la dotation annuelle, soit de modifier le calcul des contributions déterminé par l'article 20 du présent Règlement, il devrait en saisir les Gouvernements, de façon à leur permettre de donner, en temps utile, les instructions nécessaires à leurs délégués à la Conférence générale suivante, afin que celle-ci puisse délibérer valablement. La décision sera valable seulement dans le cas où aucun des États contractants n'aura exprimé, ou n'exprimera, dans la Conférence, un avis contraire.

If the committee find it necessary either to increase beyond 300,000 francs, the fixed part of the annual appropriation or to modify the computation of the contributions as determined by Article 20, of these regulations, it should lay the matter before the governments so as to enable them to issue in good time the needed instructions to their delegates to the next General Conference in order that the said conference may deliberate to good purpose. The decision will stand only in the case that no opposition shall have been expressed before or in the conference by any of the contracting states.

Advances for delinquencies.

Si un État est demeuré trois années sans effectuer le versement de sa contribution, celle-ci est répartie entre les autres États, au prorata de leurs propres contributions. Les sommes supplémentaires, versées ainsi par les États pour parfaire le montant de la dotation du Bureau, sont considérées comme une avance faite à l'État retardataire, et leur sont remboursées si celui-ci vient à acquitter ses contributions arriérées.

If the state should let three years go without paying its contribution, that contribution shall be divided among the other states proportionally to their own contribution. The additional sum thus paid by the states to make up the whole of the appropriation of the Bureau shall be regarded as an advance to the delinquent state and shall be reimbursed to them if that state should make good its arrears.

Suspension of delinquents.

Les avantages et prérogatives conférés par l'adhésion à la Convention du Mètre sont suspendus à l'égard des États déficitaires de trois années.

The advantages and prerogatives conferred by adhering to the Meter Convention are suspended in the case of states that have been delinquent three years.

Expulsion of delinquent state.

Après trois nouvelles années, l'État déficitaire est exclu de la Convention, et le calcul des contributions est rétabli conformément aux dispositions de l'article 20 du présent Règlement.

After three more years the delinquent state shall be expelled from the Convention and the reckoning of the contributions restored in accordance with the provisions of Article 20, of these regulations.

International Committee.
Composition, etc.
Vol. 20, p. 718.

ART. 8.—Le Comité international, mentionné à l'article 3 de la Convention, sera composé de

ARTICLE 8. The International Committee mentioned at Article 3 of the Convention shall be com-

dix-huit membres, appartenant tous à des États différents.

Lors du renouvellement, par moitié, du Comité international, les membres sortant seront d'abord ceux qui, en cas de vacances, auront été élus provisoirement dans l'intervalle entre deux sessions de la Conférence; les autres seront désignés par le sort.

Les membres sortants sont rééligibles.

ART. 9.—Le Comité international se constitue en choisissant lui-même, au scrutin secret, son président et son secrétaire. Ces nominations sont notifiées aux Gouvernements des Hautes Parties contractantes.

Le président et le secrétaire du Comité, et le directeur du Bureau, doivent appartenir à des pays différents.

Une fois constitué, le Comité ne peut procéder à de nouvelles élections ou nominations que trois mois après que tous les membres auront été informés de la vacance donnant lieu à un vote.

ART. 10.—Le Comité international dirige tous les travaux métrologiques que les Hautes Parties contractantes décideront de faire exécuter en commun.

Il est chargé, en outre, de surveiller la conservation des prototypes et étalons internationaux.

Il peut, enfin, instituer la coopération de spécialistes dans des questions de métrologie, et coordonner les résultats de leurs travaux.

ART. 11.—Le Comité se réunira au moins une fois tous les deux ans.

ART. 12.—Les votes au sein du Comité ont lieu à la majorité des voix; en cas de partage, la voix du président est prépondérante. Les décisions ne sont valables que si le nombre des membres présents égale au moins la moitié des membres élus qui composent le Comité.

Sous réserve de cette condition, les membres absents ont le droit de déléguer leurs votes aux mem-

posed of 18 members all from different states.

At the time of the renewal by halves of the international committee, the outgoing members shall be first those who may have been provisionally elected to fill vacancies between two sessions of the conference; the others will be drawn by lot.

Outgoing members may be reelected.

ARTICLE 9. The International Committee organizes itself by electing by its own secret vote its Chairman and Secretary. Those appointments are notified to the governments of the high contracting parties.

The chairman and the secretary of the Committee and the Director of the Bureau must belong to different countries.

Once organized, the Committee cannot hold other elections or make other appointments except before three months shall have elapsed after the notice of a vacancy calling for a vote shall have been given to all the members.

ARTICLE 10. The International Committee directs all the metrological works that the high contracting parties shall decide to have carried on jointly.

It is also charged with the duty of seeing to the conservation of the international prototypes and standards.

It may, lastly, institute the cooperation of specialists in questions of metrology and coordinate the results of their work.

ARTICLE 11. The committee shall meet at least once in two years.

ARTICLE 12. The balloting in the committee is by a majority vote: in case of a tie vote the chairman has the casting vote.

Decisions are only valid if the members present are at least one half of the elected members forming the committee.

Subject to that condition absent members have a right to delegate their votes to present

ART. 15.—Le Comité international élaborera un règlement détaillé pour l'organisation et les travaux du Bureau, et il fixera les taxes à payer pour les travaux extraordinaires prévus aux articles 6 et 7 de la Convention.

Application of dues.

Ces taxes seront affectées au perfectionnement du matériel scientifique du Bureau. Un prélèvement annuel pourra être effectué, en faveur de la Caisse de Retraites, sur le total des taxes perçues par le Bureau.

ART. 17.—Un règlement, établi par le Comité, fixera l'effectif maximum pour chaque catégorie du personnel du Bureau.

Le directeur et ses adjoints seront nommés au scrutin secret par le Comité international. Leur nomination sera notifiée aux Gouvernements des Hautes Parties contractantes.

Le directeur nommera les autres membres du personnel, dans les limites établies par le règlement mentionné au premier alinéa ci-dessus.

Access to prototypes.

ART. 18.—Le directeur du Bureau n'aura accès au lieu de dépôt des prototypes internationaux qu'en vertu d'une résolution du Comité, et en présence d'au moins un de ses membres.

Possession of keys.

Le lieu de dépôt des prototypes ne pourra s'ouvrir qu'au moyen de trois clés, dont une sera en la possession du directeur des Archives de France, la seconde dans celle du Président du Comité, et la troisième dans celle du directeur du Bureau.

Use of national standard prototypes.

Les étalons de la catégorie des prototypes nationaux serviront seuls aux travaux ordinaires de comparaisons du Bureau.

ART. 20.—L'échelle des contributions, dont il est question à l'article 9 de la Convention, est

members who must prove that they have been so delegated. This also applies to appointments by secret ballot.

The Director of the Bureau is a non-voting member of the Committee.

ARTICLE 15. The International Committee will draw up a detailed set of regulations for the organization and work of the Bureau and will fix the dues to be paid for the extraordinary works provided by Articles 6 and 7 of the Convention.

Those dues will be applied to improving the scientific equipment of the Bureau. A certain amount may be drawn annually for the retirement fund from the total dues collected by the Bureau.

ARTICLE 17. A regulation drawn up by the Committee will determine the maximum staff for each category of the personnel of the Bureau. The Director and his assistants shall be elected by secret ballot by the International Committee. Other appointments shall be notified to the governments of the high contracting parties. The Director will appoint the other members of the personnel within the bounds laid by the regulation mentioned in the first paragraph above.

ARTICLE 18. The Director of the Bureau shall have access to the place where the international prototypes are deposited only in pursuance of a resolution of the Committee and in the presence of at least one of its members.

The place of deposit of the prototypes shall be opened only by means of three keys, one of which shall be in the possession of the Director of Archives of France, the second in that of the Chairman of the Committee and the third in that of the Director of the Bureau.

The standards of the class of national prototypes alone shall be used for the ordinary comparing work of the Bureau.

ARTICLE 20. The scale of contributions spoken of in Article 9 of the Convention is established

établie, pour la partie fixe, sur la base de la dotation indiquée par l'article 6 du présent Règlement, et sur celle de la population; la contribution normale de chaque État ne peut être inférieure à 5 pour 1000, ni supérieure à 15 pour 100 de la dotation totale, quel que soit le chiffre de la population.

Pour établir cette échelle, on détermine d'abord quels sont les États qui se trouvent dans les conditions voulues pour ce minimum et ce maximum, et l'on répartit le reste de la somme contributive entre les autres États, en raison directe du chiffre de leur population.

Les parts contributives ainsi calculées sont valables pour toute la période de temps comprise entre deux Conférences générales consécutives et ne peuvent être modifiées, dans l'intervalle, que dans les cas suivants:

a. Si l'un des États adhérents a laissé passer trois années successives sans faire ses versements;

b. Si, au contraire, un État, antérieurement retardataire de plus de trois ans, ayant versé ses contributions arriérées, il y a lieu de restituer aux autres Gouvernements les avances faites par eux.

La contribution complémentaire est calculée sur la même base de la population, et est égale à celle que les États anciennement entrés dans la Convention paient dans les mêmes conditions.

Si un État ayant adhéré à la Convention déclare en vouloir étendre le bénéfice à une ou plusieurs de ses Colonies non autonomes, le chiffre de la population des dites Colonies sera ajouté à celui de l'État pour le calcul de l'échelle des contributions.

Lorsqu'une Colonie reconnue autonome désirera adhérer à la Convention, elle sera considérée, en ce qui concerne son entrée dans cette Convention, suivant la décision de la Métropole, soit comme

for its fixed part on the basis of the appropriation referred to in Article 6 of the present regulations and of the population; the normal contribution of each state cannot be less than 5 to a thousand nor more than 15% of the whole appropriation, regardless of the population.

In order to establish that scale, it shall first be found which are the states that are in the conditions required for the minimum and maximum and the remainder of the quota shall be distributed among the other states in the direct ratio of their population.

The quota thus reckoned stands for the whole time included between two consecutive General Conferences and can only be modified in the meanwhile in the following cases:

(a) If one of the adhering states allows three successive years to pass without making its payments;

(b) When, on the contrary, a state which had been previously delinquent for more than three years pays up its arrears, and the occasion arises to return to the other governments the advances made by them.

The complementary contribution is computed on the same basis of population and is like that which the states that have long belonged to the Convention pay under the same conditions.

If after adhering to the convention a state declares it would like to extend the benefits thereof to one or more of its colonies that are not autonomous, the number of the population of the said colonies would be added to that of the State in reckoning the scale of contributions.

When a colony that is recognized as autonomous shall desire to adhere to the convention, it will be regarded with respect to its admission into the Convention and as the mother coun-

ARTICLE 3.

Notice of new adhering states.

Tout État pourra adhérer à la présente Convention en notifiant son adhésion au Gouvernement français, qui en donnera avis à tous les États participants et au Président du Comité international des Poids et Mesures.

Toute accession nouvelle à la Convention du 20 mai 1875 entraînera obligatoirement adhésion à la présente Convention.

ARTICLE 3.

Any state may adhere to this convention by giving notice thereof to the French Government which shall notify all the participant states and the Chairman of the International Committee of Weights and Measures.

Any new accession to the Convention of May 20, 1875, will necessarily involve adhesion to this Convention.

ARTICLE 4.

Deposit of ratifications.

La présente Convention sera ratifiée. Chaque Puissance adressera, dans le plus court délai possible, sa ratification au Gouvernement français, par les soins duquel il en sera donné avis aux autres Pays signataires. Les ratifications resteront déposées dans les archives du Gouvernement français. La présente Convention entrera en vigueur, pour chaque Pays signataire, le jour même du dépôt de son acte de ratification.

DEPARTMENT OF STATE,
Washington, June 23, 1923.

From Secretary of State

EXCELLENCY:

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and Great Britain, April 4, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice had been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the British Government will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement, providing for the reference of disputes mentioned in the Convention to the Permanent Court of International Justice.

Accept, Excellency, the renewed assurance of my highest consideration.

CHARLES E. HUGHES

The Right Honorable

Sir AUCKLAND GEDDES, G. C. M. G., K. C. B.,
Ambassador of Great Britain.

[*The Ambassador of Great Britain to the Secretary of State.*]

BRITISH EMBASSY,
Washington, D. C., June 23, 1923.

No. 523.

SIR:

From British Ambassador.

I have the honour to acknowledge the receipt of your note of today's date in which you were so good as to inform me, in connection with the renewal of the Arbitration Convention of April 4th, 1908, between Great Britain and the

United States, that the President of the United States had proposed to the Senate the adherence of the United States, under certain conditions, to the Protocol of December 16th, 1920, creating the Permanent Court of International Justice at the Hague, and that, if the Senate assents to this proposal, you understand that His Britannic Majesty's Government would be prepared to consider the conclusion of an agreement, providing for the reference to the Permanent Court of International Justice of disputes mentioned in the Convention.

Under instructions from His Majesty's Principal Secretary of State for Foreign Affairs I have the honor to confirm your understanding of His Majesty's Government's attitude on this point and to state that if the Senate approve the President's proposal His Majesty's Government will be prepared to consider with the United States Government the conclusion of an agreement for the reference to the Permanent Court of International Justice of disputes mentioned in the Arbitration Convention.

I have the honour to be with the highest consideration, Sir, your most obedient, humble servant,

A. GEDDES

Contracting Powers.

The United States of America and the United States of Venezuela, desiring to strengthen their reciprocal relations, to facilitate the course of punitive justice and to limit the crimes which may be committed in their respective territories; to prevent the impunity which would result from the escape of guilty persons and of their asylum in the territory of one or the other nation, have resolved to conclude a Treaty for the extradition of the accused as well as of those who have been sentenced, and have appointed for that purpose the following Plenipotentiaries:

Plenipotentiaries.

The President of the United States of America, John Campbell White, Chargé d'Affaires *ad interim* of the United States of America to Venezuela, and

The Provisional President of the United States of Venezuela, Doctor Pedro Itriago Chacin, Minister of Foreign Affairs of the United States of Venezuela;

Los Estados Unidos de América y los Estados Unidos de Venezuela, deseando estrechar las relaciones recíprocas, facilitar la acción de la justicia penal y reprimir los crímenes que puedan cometerse en sus respectivos territorios; a fin de evitar la impunidad que resultaría de la evasión de los delinquentes y de su asilo en el territorio de una u otra nación, han resuelto celebrar un Tratado de Extradición de los enjuiciados y de los condenados, y han nombrado al efecto por sus Plenipotenciarios, a saber:

El Excelentísimo Señor Presidente de los Estados Unidos de América, al Señor John Campbell White, Encargado de Negocios *ad interim* de los Estados Unidos de América; y el Señor Presidente Provisional de los Estados Unidos de Venezuela, al Señor Doctor Pedro Itriago Chacín, Ministro de Relaciones Exteriores de los Estados Unidos de Venezuela;

The High Contracting Parties, being desirous of effecting an equitable settlement of the claims of their respective citizens thereby affording them just and adequate compensation for their losses or damages, agree that no claim shall be disallowed or rejected by the Commission by the application of the general principle of international law that the legal remedies must be exhausted as a condition precedent to the validity or allowance of any claim.

Las Altas Partes Contratantes, desearas de efectuar un arreglo equitativo de las reclamaciones de sus respectivos ciudadanos, y concederles mediante ello compensación justa y adecuada por sus pérdidas o daños, convienen en que la Comisión no negará o rechazará ninguna reclamación alegando la aplicación del principio general de Derecho Internacional, de que han de agotarse los remedios legales como condición precedente a la validez o admisión de cualquiera reclamación.

ARTICULO VI.

ARTICLE VII.

The High Contracting Parties agree that any claim for loss or damage accruing after the signing of this Convention, may be filed by either Government with the Commission at any time during the period fixed in Article VI for the duration of the Commission; and it is agreed between the two Governments that should any such claim or claims be filed with the Commission prior to the termination of said Commission, and not be decided as specified in Article VI, the two Governments will by agreement extend the time within which the Commission may hear, examine and decide such claim or claims so filed for such a period as may be required for the Commission to hear, examine and decide such claim or claims.

ARTICLE VIII.

The High Contracting Parties agree to consider the decision of the Commission as final and conclusive upon each claim decided, and to give full effect to such decisions. They further agree to consider the result of the proceedings of the Commission as a full, perfect and final settlement of every such claim upon either Government, for loss or damage sustained prior to the exchange of the ratifications of the present Convention (except as to claims arising from revolutionary disturbances and referred to in the preamble hereof). ARTICULO VII.

Las Altas Partes Contratantes convienen en que cualquiera reclamación por pérdida o daño que se origine después de la firma de esta Convención, puede ser presentada a la Comisión por cualquiera de los Gobiernos en cualquier tiempo durante el período señalado en el Artículo VI para la duración de la Comisión; y los dos Gobiernos convienen en que si se presentare a la Comisión alguna o algunas de dichas reclamaciones antes de que terminen las labores de dicha Comisión, y no sean falladas de conformidad con lo establecido en el Artículo VI, los dos Gobiernos de común acuerdo prorrogarán el tiempo dentro del cual la Comisión pueda oír, examinar y fallar tal reclamación o reclamaciones así presentadas, por el plazo que pueda ser necesario para que la Comisión oiga, examine y decida tal reclamación o reclamaciones.

ARTICULO VIII.

Las Altas Partes Contratantes convienen en considerar como finales y concluyentes las decisiones de la Comisión que recaigan sobre cada una de las reclamaciones falladas, y dar pleno efecto a tales decisiones. Convienen además en considerar el resultado de las actuaciones de la Comisión como un arreglo pleno, perfecto y final de todas y cada una de tales reclamaciones en contra de cualquiera de los Gobiernos, por pérdida o daño sufrido antes del canje de ratificaciones de la presente Convención (exceptuando aquellas reclamaciones provenientes de trastornos revolucionarios y a las cuales

Y convienen, además, en que todas y cada una de tales reclamaciones, hayan sido o nó presentadas o llevadas a conocimiento, hechas, propuestas o sometidas a dicha Comisión, deberán, a partir y después de la terminación de las actuaciones de la Comisión, ser consideradas y tratadas como plenamente ajustadas, excluidas y de allí en adelante inadmisibles, siempre que la reclamación presentada haya sido oída y fallada.

ARTICLE IX.

ARTICULO IX.

Ascertained balance of total awards to be paid country having greater amount.

The total amount awarded in all the cases decided in favor of the citizens of one country shall be deducted from the total amount awarded to the citizens of the other country and the balance shall be paid at Washington or at the City of Mexico, in gold coin or its equivalent to the Government of the country in favor of whose citizens the greater amount may have been awarded.

La cantidad total adjudicada en todos los casos decididos, en favor de los ciudadanos de uno de los países, será deducida de la cantidad total adjudicada a los ciudadanos del otro país y el saldo será pagado en Washington o en la Ciudad de México, en moneda de oro o su equivalente, al Gobierno del país en favor de cuyos ciudadanos se haya adjudicado la cantidad mayor.

Restitution of property or right.

In any case the Commission may decide that international law, justice and equity require that a property or right be restored to the claimant in addition to the amount awarded in any such case for all loss or damage sustained prior to the restitution. In any case where the Commission so decides the restitution of the property or right shall be made by the Government affected after such decision has been made, as hereinbelow provided. The Commission, however, shall at the same time determine the value of the property or right decreed to be restored and the Government affected may elect to pay the amount so fixed after the decision is made rather than to restore the property or right to the claimant.

En cualquier caso la Comisión puede decidir que el Derecho Internacional, la justicia y la equidad requieren que una propiedad o un derecho sea restituido al reclamante, además de la cantidad que se le adjudique en cualquiera de tales casos por toda la pérdida o daño sufrido antes de la restitución. En cualquier caso en que la Comisión así lo resuelva, la restitución de la propiedad o del derecho será hecha por el Gobierno afectado después de que tal decisión haya sido dictada, según se previene más adelante. La Comisión, no obstante, fijará al mismo tiempo el valor de la propiedad o del derecho cuya restitución se ha decretado y el Gobierno afectado tendrá opción de pagar la cantidad así fijada después de la resolución, en vez de restituir la propiedad o el derecho al reclamante.

Value of property to be determined.

Payment of value instead of restitution.

In the event the Government affected should elect to pay the amount fixed as the value of the property or right decreed to be restored, it is agreed that notice

thereof will be filed with the Commission within thirty days after the decision and that the amount fixed as the value of the property or right shall be paid immediately. Upon failure so to pay the amount the property or right shall be restored immediately.

ARTICLE X.

Each Government shall pay its own Commissioner and bear its own expenses. The expenses of the Commission including the salary of the third Commissioner shall be defrayed in equal proportions by the two Governments.

ARTICLE XI.

The present Convention shall be ratified by the High Contracting Parties in accordance with their respective Constitutions. Ratifications of this Convention shall be exchanged in Washington as soon as practicable and the Convention shall take effect on the date of the exchange of ratifications.

DEPARTMENT OF STATE,
Washington, July 19, 1923.

Excellency:

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and France, February 10, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government. From Secretary of State.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the Government of the French Republic will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement under which the disputes mentioned in the Convention could be referred to the Permanent Court of International Justice.

Accept, Excellency, the renewed assurance of my highest consideration.

NATURALIZATION TREATY
between the
UNITED STATES and BULGARIA.

The President of the United States of America and His Majesty Boris III, King of the Bulgarians, being desirous of reaching an agreement concerning the status of former nationals of either country who have acquired, or may acquire, the nationality of the other by reasonable processes of naturalization within any territory under its sovereignty, have resolved to conclude a treaty on this subject and for that purpose have appointed their plenipotentiaries, that is to say:

ARTICLE III.

Renunciation of naturalization, by residence in country of origin.

If a national of either country, who comes within the purview of Article I, shall renew his residence in his country of origin without the intent to return to that in which he was naturalized, he shall be held to have renounced his naturalization.

ARTICLE IV.

Exchange of ratifications.
Duration.

The present Treaty shall go into effect immediately upon the exchange of ratifications, and shall continue in force for ten years. Who, having communicated their full powers found in good and due form, have agreed as follows:

ARTICLE I.

Three mile limit of territorial waters upheld.

ARTICLE II.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

To be kept under seal while in American waters.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board British vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

ARTICLE IV.

Vol. 37, p. 1625.

Any claim by a British vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Claims Commission established under the provisions of the Agreement for the Settlement of Outstanding Pecuniary Claims signed at Washington the 18th August, 1910, but the claim shall not, before submission to the tribunal, require to be included in a schedule of claims confirmed in the manner therein provided.

ARTICLE V.

Exchange of ratifications.

Notice of proposed modifications.

This Treaty shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Treaty.

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Treaty shall lapse.

Treaty to lapse if modifications not agreed upon.

If no notice is given on either side of the desire to propose modifications, the Treaty shall remain in force for another year, and so on automatically, but subject always in respect of each such period of a year to the right on either side to propose as provided above three months before its expiration modifications in the Treaty, and to the provision that if such modifications are not agreed upon before the close of the period of one year, the Treaty shall lapse.

PROTOCOL

PROTOCOLO

Agreement for executing provisions of Convention.

For the better fulfillment of the provisions of the convention concerning Commercial Travelers, signed today, the undersigned Mr. Roy T. Davis, Envoy Extraordinary and Minister Plenipotentiary of the United States of America, and Profesor don Miguel Obregón Lizano, Minister of Public Education in charge of the Portfolio of Foreign Relations of Costa Rica, representing their respective countries, have agreed as follows:

Para el mejor cumplimiento de las estipulaciones de la Convención relativa a Agentes Viajeros, firmada hoy, el infrascrito Mr. Roy T. Davis, Enviado Extraordinario y Ministro Plenipotenciario de los Estados Unidos de América, y el Profesor don Miguel Obregón Lizano, Secretario de Estado en el Despacho de Educación Pública, encargado de la Secretaría de Relaciones Exteriores de Costa Rica, en representación de sus respectivos países, han convenido en lo siguiente:

Article I

Regulations governing the renewal and transfer of licenses, and the imposition of fines and other penalties for any misuse of licenses, may be made by either of the High Contracting Parties whenever advisable, within the terms of the present convention, and without prejudice to the rights defined therein.

If such regulations should permit the renewal of licenses, the corresponding fee will not be greater than that charged for the original license.

If such regulations should permit the transfer of licenses, upon satisfactory proof that transferee or assignee is in every sense the true successor of the original licensee, and can furnish a certificate of identification similar to that furnished by the said original licensee, he will be allowed to operate as a commercial traveler pending the arrival of the new certificate of identification, but the cancellation of the bond for the samples shall not be effected before the arrival of the said certificate.

Article II

It is the citizenship of the firm that the commercial traveler represents, and not his own, that governs the issuance to him of a certificate of identification.

In order to obtain practical results, the High Contracting Parties agree to empower the local customs officials to issue the said licenses upon surrender of the certificate of identification and authenticated list of samples, acting as deputies of the central office constituted for the issuance and regulation of licenses. The said customs officials shall immediately transmit the appropriate documentation to the said central office, to which the licensee shall thereafter give due notice of his intention to ask for the renewal or transfer of his license, if these acts be allowable, or cancellation of his bond, upon his de-

Artículo I

Siempre que una de las Altas Partes Contratantes lo juzgue conveniente, podrá reglamentar la renovación y el traspaso de patentes y la imposición de multas y otras penas por cualquier uso ilegal de las mismas, de acuerdo con lo estipulado en la presente convención, y sin perjuicio de los derechos en ella especificados.

En caso de que se autorice la renovación de patentes, no se cobrará por este servicio una suma mayor que la exigida por la expedición de la patente original.

En caso de que se autorice el traspaso de patentes, el cesionario, previa prueba suficiente de que es por todos conceptos el verdadero sucesor del cedente, y de que pueda presentar un certificado de identificación semejante al presentado por el que obtuvo la licencia original, podrá actuar como viajante hasta que se reciba el nuevo certificado de identificación, no efectuándose, sin embargo, la cancelación de la fianza, mientras no haya llegado este documento.

Artículo II

La nacionalidad de la casa representada, y no la del viajante que la represente, será la que rija para la expedición del certificado de identificación.

A fin de obtener resultados prácticos, las Altas Partes Contratantes convienen en facultar a las autoridades aduaneras locales para expedir las patentes citadas, previa entrega del certificado de identificación y de la lista certificada de muestras, en representación de la oficina central encargada de expedir y reglamentar las patentes. Las citadas autoridades remitirán a dicha oficina central, sin pérdida de tiempo, los documentos correspondientes, debiendo notificar a ésta el cesionario, después de hecha la remisión, su propósito de pedir la renovación o el traspaso de su patente, en caso de

Article III

Artículo III

Sales of samples restricted to business represented by commercial traveler.

It is understood that the traveler will not engage in the sale of other articles than those embraced by his lines of business; that is to say, he may sell his samples, thus incurring an obligation to pay the customs duties thereupon, but he may not sell other articles brought with him or sent to him, which are not reasonably and clearly representative of the kind of business he purports to represent.

Se entiende que el viajante no se dedicará a la venta de otros artículos que los comprendidos en el ramo a que se dedica; es decir, podrá vender sus muestras, con la obligación correspondiente de cubrir los derechos aduaneros reglamentarios, pero no podrá vender otros artículos que lleve consigo o que reciba, si no pertenecen, de una manera razonable y clara, al ramo a que está dedicado.

Article IV

Artículo IV

Advertising matter admitted equally as samples.

Advertising matter brought by commercial travelers in appropriate quantities shall be treated as samples without commercial value. Objects having a depreciated commercial value because of adaptation for purposes of advertisement, and intended for gratuitous distribution, shall, when introduced in reasonable quantities, also be treated as samples without commercial value. It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

Se considerarán como muestras sin valor comercial los anuncios que el viajante lleve consigo, siempre que sean en cantidades apropiadas, teniéndose, también, como muestras sin valor comercial los objetos que tengan un valor mercantil depreciado, debido a su adaptación para fines de anuncios y destinados a distribución gratuita, siempre que se introduzcan en cantidades razonables. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

Article V

Artículo V

Extension of bonds for samples.

If the original license were issued for a period longer than six months, or if the license be renewed, the bond for the samples will be correspondingly extended. It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

Cuando la patente original se expidiera por un período mayor de seis meses, o cuando fuere renovada, se extenderá la fianza en la proporción correspondiente. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

ing liquors into United
States.
Preamble.

WHEREAS a Convention between the United States of America and Norway to aid in the prevention of the smuggling of intoxicating liquors into the United States was concluded and signed by their respective Plenipotentiaries at Washington, on the twenty-fourth day of May, one thousand nine hundred and twenty-four, the original of which Convention, being in the English and Norwegian languages, is word for word as follows:

Contracting Powers.

The President of the United States of America and His Majesty the King of Norway being desirous of avoiding any difficulties which might arise between them in connection with the laws in force in the United States on the subject of alcoholic beverages have decided to conclude a Convention for that purpose, and have appointed as their Plenipotentiaries:

Plenipotentiaries.

The President of the United States of America, Charles Evans Hughes, Secretary of State of the United States;

His Majesty the King of Norway, Helmer H. Bryn, His Envoy Extraordinary and Minister Plenipotentiary to the United States of America;

Who, having communicated their full powers found in good and due form, have agreed as follows:

Amerikas Forente Staters President og Hans Majestet Norges Konge som ønsker å undgå de vanskeligheter som måtte opstå mellom dem som følge av de love som gjelder i de Forente Stater angående alkoholholdige drikkevarer, har besluttet sig til å avslutte en konvensjon i det øiemed og har opnevnt som sine befullmektigede:

Amerikas Forente Staters President: Charles Evans Hughes, de Forente Staters statssekretær;

Hans Majestet Norges Konge: Helmer H. Bryn, Hans overordentlige sendemann og befullmektigede minister i Amerikas Forente Stater;

hvilke, efter å ha meddelt hinannen sine fullmakter, som fandtes å være i god og behørig form, er kommet overens om

ARTICLE I.

The High Contracting Parties respectively retain their rights and claims, without prejudice by reason of this agreement with respect to the extent of their territorial jurisdiction.

Territorial jurisdiction retained.

ARTIKKEL I.

De høie kontraherende parter bibeholder hver især sine rettigheter og krav uten prejudis som følge av denne overenskomst med hensyn til utstrekningen av deres territoriale jurisdiksjon.

ARTICLE II.

ARTIKKEL II.

(1) His Majesty agrees that he will raise no objection to the boarding of private vessels under the Norwegian flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

(1) Hans Majestet går med på et han ikke vil gjøre nogen innvending mot at myndigheter tilhørende de Forente Stater, deres territorier eller besiddelser går ombord i private skibe under norsk flagg utenfor sjøgrensen, forat spørsmål kan bli rettet til de ombordværende og undersøkelse av skibets papirer bli foretatt i det øiemed å bringe på det rene, hvorvidt skibet eller de ombord værende forsøker å innføre eller har innført alkoholholdige drikkevarer til de Forente Stater, deres territorier eller besiddelser under krenkelse av de love som der er gjeldende. Når sådanne spørsmål og sådan undersøkelse viser en rimelig grunn til mistanke, kan ransakning av skibet åpnes.

(2) Hvis der er rimelig grunn til å tro at skibet har begått eller begår eller forsøker å begå en forseelse mot de love i de Forente Stater, deres territorier eller besiddelser som forbyr innførsel av alkoholholdige drikkevarer, kan skibet beslaglegges og bringes til en havn i de Forente Stater, deres territorier eller besiddelser til rettslig avgjørelse i overensstemmelse med sådanne love.

(3) De rettigheter som er skapt ved denne artikkel skal ikke utøves i en større avstand fra de Forente Staters, deres territoriers eller besiddelsers kyst enn den, som kan tilbakelegges på en time av det skib som er mistenkt for forsøk på å begå forseelsen. I de tilfelle i hvilke drikkevarene er bestemt til å befordres til de Forente Stater, deres territorier eller besiddelser av et annet skib enn det som er bordet og ransaket, skal det dog være sådant annet skibs hurtiggående og ikke det bordet skibs hurtiggående som skal bestemme den avstand fra kysten hvortil retten ifølge denne artikkel kan utøves.

Boarding of private Norwegian vessels outside limits, for inquiry, etc., not objected to.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

Distance from coast limited for boarding, etc., vessels.

Extension if liquor conveyed by other vessel.

ARTICLE III.

Liquors listed as sea stores or cargo for a foreign port not subjected to penalty, etc.

To be kept under seal while in American waters.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board Norwegian vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

ARTICLE IV.

Action on claims for loss, etc.

Any claim by a Norwegian vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Reference to Permanent Court of Arbitration.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague, October 18, 1907. The Arbitral Tribunal shall be constituted in accordance with Article 87 (Chapter IV) and

Vol. 36, pp. 2233, 2228.

ARTIKKEL III.

Ingen straff eller konfiskasjon i henhold til de Forente Staters love skal kunne ramme eller knyttes til alkoholholdige drikkevarer eller til skibe eller personer som følge av transport av sådanne drikkevarer, når sådanne drikkevarer er opført som skibsforråd eller last bestemt for en havn utenfor de Forente Stater, deres territorier eller besiddelser ombord på norske skibe, som er i fart til eller fra havne i de Forente Stater, eller deres territorier eller besiddelser, eller som passerer gjennom disses territorialvande, og sådan transport skal bedømmes således som nu ved lov fastsatt med hensyn til transit av sådanne drikkevarer gjennom Panama-kanalen, under forutsetning av at sådanne drikkevarer skal holdes uavbrutt under segl medens det skib hvorpå de føres opholder sig innen nevnte territorialvande og at ingen del av sådanne drikkevarer skal til noget tidspunkt eller på noget sted bli losset innen de Forente Stater, deres territorier eller besiddelser.

ARTIKKEL IV.

Alle krav fra et norsk skib på erstatning på grunn av at det har lidt tap eller skade som følge av upassende eller urimelig utøvelse av de ved denne traktats artikkel II tilstodde rettigheter eller på grunn av at det ikke har fått nytte godt av artikkel III, skal henvises til felles betenkning av to personer, hvorav hver av de høie kontraherende parter skal opnevne en.

De henstillinger som gjøres i nogen sådan felles betenkning skal etterkommes. Hvis man ikke kan bli enig om nogen felles betenkning, skal kravet henvises til den Faste Voldgiftsdomstol i Haag, som er omhandlet i Konvensjonen om Fredelig Bileggelse av Internasjonale Tvistigheter, avsluttet i Haag den 18 oktober 1907. Voldgiftsdomstolen skal sammensettes overensstemmende med artikkel 87 (kapitel

with Article 59 (Chapter III) of the said Convention. The proceedings shall be regulated by so much of Chapter IV of the said Convention and of Chapter III thereof (special regard being had for Articles 70 and 74, but excepting Articles 53 and 54) as the Tribunal may consider to be applicable and to be consistent with the provisions of this agreement. All sums of money which may be awarded by the Tribunal on account of any claim shall be paid withing eighteen months after the date of the final award without interest and without deduction, save as hereafter specified. Each Government shall bear its own expenses. The expenses of the Tribunal shall be defrayed by a ratable deduction of the amount of the sums awarded by it, at a rate of five per cent. on such sums, or at such lower rate as may be agreed upon between the two Governments; the deficiency, if any, shall be defrayed in equal moieties by the two Governments.

IV) og med artikkel 59 (kapitel III) i nevnte konvensjon. Forhandlingerne skal være underkastet så meget av kapitel IV i nevnte konvensjon og av dens kapitel III (under spesiell hensyntagen til artikler 70 og 74, mens artiklerne 53 og 54 skal være undtatt) som domstolen må anse for å være anvendbar og for å være i overensstemmelse med forskriftene i denne overenskomst. Alle pengesummer som måtte bli idømt av domstolen på grunn av noget krav skal betales innen atten måneder efter datoen for den endelige kjennelse uten renter og uten fradrag, undtagen forsåvidt angår hvad der i det følgende er spesifisert. Hver regjering skal baere sine egne utgifter. Domstolens utgiftee skal dekkes ved et proratarisk fradrag av beløpet i de summer som er idømt av domstolen, efter ensats av fem pro cent av sådanne summer, eller efter sådan lavere sats som de to regjeringer måtte bli enige om; i tilfelle av underskudd skal det manglende dekkes av de to regjeringer med en halvdel hver.

Payment of awards.

Expenses, etc.

ARTICLE V.

This Treaty shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Treaty.

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Treaty shall lapse.

Hvis man ikke er kommet overens om sådanne forandringer før utløpet av den ovenfor nevnte frist av et år, skal traktaten bortfalle.

Hvis ingen notifikasjon er gitt fra nogen av siderne om at forandringer ønskes foreslått, skal traktaten forbli i kraft ennu et år og derefter videre av sig selv, men altid med hensyn til hvert sådant tidsrum av et år underkastet hver av partenes rett til, således som foran fastsatt, å foreslå foran-

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Treaty with France relating to rights in Cameroons mandate. Preamble.

WHEREAS a Treaty between the United States of America and France, in regard to the rights of the two Governments and their respective nationals in that part of the former German Colony of the Cameroons over which a mandate was conferred upon France, was concluded and signed by their respective Plenipotentiaries at Paris on the thirteenth day of February, one thousand nine hundred and twenty-three, the original of which Treaty, being in the French and English languages, is word for word as follows:

CONVENTION BETWEEN THE UNITED STATES OF AMERICA AND FRANCE RELATING TO THE PART OF THE CAMEROONS UNDER FRENCH MANDATE

CONVENTION ENTRE LA FRANCE ET LES ÉTATS-UNIS D'AMÉRIQUE CONCERNANT LA PARTIE DU CAMEROUN PLACÉE SOUS MANDAT FRANÇAIS

THE PRESIDENT OF THE UNITED STATES OF AMERICA AND THE PRESIDENT OF THE FRENCH REPUBLIC,

LE PRÉSIDENT DE LA RÉPUBLIQUE FRANÇAISE ET LE PRÉSIDENT DES ÉTATS-UNIS D'AMÉRIQUE,

Rights renounced by Germany.

Whereas by Article 119 of the Treaty of Peace signed at Versailles the 28th of June, 1919, Germany renounced in favor of the Principal Allied and Associated Powers all her rights and titles over her oversea possessions; and

Considérant que, par l'Article 119 du Traité de paix signé à Versailles le 28 juin 1919, l'Allemagne a renoncé en faveur des principales Puissances Alliées et Associées à tous ses droits et titres sur ses possessions d'outre-mer;

Authority for mandate.

Whereas by Article 22 of the same instrument it was provided that certain territories which, as a result of the war, had ceased to be under the sovereignty of the States which formerly governed them, should be placed under the mandate of another Power, and that the terms of the mandate should be explicitly defined in each case by the Council of the League of Nations; and

Considérant que, par l'Article 22 dudit Traité, il a été stipulé que certains territoires qui, à la suite de la guerre, ont cessé d'être sous la souveraineté des États qui les gouvernaient précédemment, seraient placés sous le mandat d'une autre Puissance et que les conditions du mandat seraient expressément définies dans chaque cas par le Conseil de la Société de Nations;

Benefits confirmed by Treaty with Germany.

Whereas the benefits accruing under the aforesaid Article 119 of the Treaty of Versailles were confirmed to the United States by the Treaty between the United

Considérant que le bénéfice dudit Article 119 du Traité de Versailles a été reconnu aux États-Unis par le Traité conclu entre les États-Unis et l'Alle-

States and Germany, signed August 25, 1921, to restore friendly relations between the two nations; and

Whereas four of the Principal Allied and Associated Powers, to wit: the British Empire, France, Italy and Japan, agreed that France should exercise the mandate for part of the former German Colony of the Cameroons; and

Whereas the terms of the said mandate have been defined by the Council of the League of Nations as follows:

ARTICLE 1.—The territory for which a mandate is conferred upon France comprises that part of the Cameroons which lies to the east of the line laid down in the Declaration signed on July 10th, 1919, of which copy is annexed hereto.

This line may, however, be slightly modified by mutual agreement between His Britannic Majesty's Government and the Government of the French Republic where an examination of the localities shows that it is undesirable, either in the interest of the inhabitants or by reason of any inaccuracies in the map Moisel 1/300,000, annexed to the Declaration, to adhere strictly to the line laid down therein.

The delimitation on the spot of this line shall be carried out in accordance with the provisions of the said Declaration.

The final report of the Mixed Commission shall give the exact description of the boundary line as traced on the spot; maps signed by the Commissioners shall be annexed to the report. This report with its annexes shall be drawn up in triplicate; one of these shall be deposited in the archives of the League of Nations, one shall be kept by the Government of the Republic and one by His Britannic Majesty's Government.

ARTICLE 2.—The Mandatory shall be responsible for the peace, order and good government of the territory and for the promotion to the utmost of the material and moral well-being and the social progress of its inhabitants.

ARTICLE 3.—The Mandatory shall not establish in the territory any military or naval bases, nor erect any fortifications, nor organize any native military force except for local police purposes and for the defence of the territory.

It is understood, however, that the troops thus raised may, in the event of general war, be utilized to repel an

attaque, le 25 août 1921, pour rétablir les relations amicales entre les deux nations;

Considérant que quatre des principales Puissances Alliées et Associées, savoir l'Empire britannique, la France, l'Italie et le Japon, ont convenu que la France exercerait le mandat sur une partie de l'ancienne colonie allemande du Cameroun;

Considérant que les conditions de ce mandat ont été définies comme suit par le Conseil de la Société des Nations:

ARTICLE 1^{er}.—Les territoires dont la France assume l'administration sous le régime du mandat comprennent la partie du Cameroun qui est située à l'est de la ligne fixée dans la Déclaration, signée le 10 juillet 1919, dont une copie est ci-annexée.

Cette ligne pourra, toutefois, être légèrement modifiée par accord intervenant entre le Gouvernement de Sa Majesté britannique et le Gouvernement de la République française, sur les points où, soit dans l'intérêt des habitants, soit par suite de l'inexactitude de la carte Moisel au 1/300.000 annexée à la Déclaration, l'examen des lieux ferait reconnaître comme indésirable de s'en tenir exactement à la ligne indiquée.

La délimitation sur le terrain de ces frontières sera effectuée conformément aux dispositions de ladite Déclaration.

Le rapport final de la Commission mixte donnera la description exacte de la frontière telle que celle-ci aura été déterminée sur le terrain; les cartes signées par les commissaires seront jointes au rapport. Ce document, avec ses annexes, sera établi en triple exemplaire; l'un des originaux sera déposé dans les archives de la Société des Nations, le deuxième sera conservé par le Gouvernement de la République et le troisième par le Gouvernement de Sa Majesté britannique.

ARTICLE 2.—Le Mandataire sera responsable de la paix, du bon ordre et de la bonne administration du territoire, accroîtra par tous les moyens en son pouvoir le bien-être matériel et moral et favorisera le progrès social des habitants.

ARTICLE 3.—Le Mandataire ne devra établir sur le territoire aucune base militaire ou navale, ni édifier aucune fortification, ni organiser aucune force militaire indigène sauf pour assurer la police locale et la défense du territoire.

Toutefois, il est entendu que les troupes ainsi levées peuvent, en cas de guerre générale, être utilisées pour re-

ARTICLE 4.—The Mandatory:

1° Shall provide for the eventual emancipation of all slaves, and for as speedy an elimination of domestic and other slavery as social conditions will allow;

2° Shall suppress all forms of slave trade;

3° Shall prohibit all forms of forced or compulsory labor, except for essential public works and services, and then only in return for adequate remuneration;

4° Shall protect the natives from measures of fraud and force by the careful supervision of labor contracts and the recruiting of labor;

5° Shall exercise a strict control over the traffic in arms and ammunition and the sale of spirituous liquors.

ARTICLE 5.—In the framing of laws relating to the holding or transference of land, the Mandatory shall take into consideration native laws and customs, and shall respect the rights and safeguard the interests of the native population.

No native land may be transferred, except between natives, without the previous consent of the public authorities, and no real rights over native land in favor of non-natives may be created except with the same consent.

The Mandatory shall promulgate strict regulations against usury.

ARTICLE 6.—The Mandatory shall secure to all nationals of States Members of the League of Nations the same rights as are enjoyed in the territory by his own nationals in respect of entry into and residence in the territory, the protection afforded to their person and property, movable and immovable, and the exercise of their profession or trade, subject only to the requirements of public order, and on condition of compliance with the local law.

Further, the Mandatory shall ensure to all nationals of States Members of the League of Nations, on the same footing as his own nationals, freedom of transit and navigation, and complete economic, commercial and industrial equality; provided that the Mandatory shall be free to organize essential public works and services on such terms and conditions as he thinks just.

Concessions for the development of the natural resources of the territory shall be granted by the Mandatory without distinction on grounds of nationality between the nationals of all States Members of the League of Na-

pousser une agression ou pour la défense du territoire en dehors de la région soumise au mandat.

ARTICLE 4.—La Puissance mandataire devra:

1° Pourvoir à l'émancipation éventuelle de tous esclaves et, dans un délai aussi court que les conditions sociales le permettront, faire disparaître tout esclavage domestique ou autre;

2° Supprimer toute forme de commerce d'esclaves;

3° Interdire tout travail forcé ou obligatoire, sauf pour les travaux et services publics essentiels et sous condition d'une équitable rémunération;

4° Protéger les indigènes contre la fraude et la contrainte, par une surveillance attentive des contrats de travail et du recrutement des travailleurs;

5° Exercer un contrôle sévère sur le trafic des armes et munitions, ainsi que sur le commerce des spiritueux.

ARTICLE 5.—La Puissance mandataire devra, dans l'établissement des règles relatives à la tenure du sol et au transfert de la propriété foncière, prendre en considération les lois et les coutumes indigènes, respecter les droits et sauvegarder les intérêts des indigènes.

Aucune propriété foncière indigène ne pourra faire l'objet d'un transfert, excepté entre indigènes, sans avoir reçu au préalable l'approbation de l'autorité publique. Aucun droit réel ne pourra être constitué sur un bien foncier indigène en faveur d'un non-indigène, si ce n'est avec la même approbation.

La Puissance mandataire édictera des règles sévères contre l'usure.

ARTICLE 6.—La Puissance mandataire assurera à tous les ressortissants des États Membres de la Société des Nations les mêmes droits qu'à ses propres ressortissants, en ce qui concerne leur accès et leur établissement dans le territoire, la protection de leurs personnes et de leurs biens, l'acquisition des propriétés mobilières et immobilières, l'exercice de leur profession ou de leur industrie, sous réserve des nécessités d'ordre public et de l'observation de la législation locale.

La Puissance mandataire pratiquera, en outre, à l'égard de tous les ressortissants des États Membres de la Société des Nations et dans les mêmes conditions qu'à l'égard de ses propres ressortissants, la liberté du transit et de la navigation et une complète égalité économique, commerciale et industrielle, excepté pour les travaux et services publics essentiels, qu'elle reste libre d'organiser dans les termes et conditions qu'elle estime justes.

Les concessions pour le développement des ressources naturelles du territoire seront accordées par le Mandataire sans distinction de nationalité entre les ressortissants des États Membres de la Société des Nations, mais de

tions, but on such conditions as will maintain intact the authority of the local Government.

Concessions having the character of a general monopoly shall not be granted. This provision does not affect the right of the Mandatory to create monopolies of a purely fiscal character in the interest of the territory under mandate and in order to provide the territory with fiscal resources which seem best suited to the local requirements; or, in certain cases, to carry out the development of natural resources, either directly by the State or by a controlled agency, provided that there shall result therefrom no monopoly of the natural resources for the benefit of the Mandatory or his nationals, directly or indirectly, nor any preferential advantage which shall be inconsistent with the economic, commercial and industrial equality hereinbefore guaranteed.

The rights conferred by this article extend equally to companies and associations organized in accordance with the law of any of the Members of the League of Nations, subject only to the requirements of public order, and on condition of compliance with the local law.

ARTICLE 7.—The Mandatory shall ensure in the territory complete freedom of conscience and the free exercise of all forms of worship which are consonant with public order and morality; missionaries who are nationals of States Members of the League of Nations shall be free to enter the territory and to travel and reside therein, to acquire and possess property, to erect religious buildings and to open schools throughout the territory; it being understood, however, that the Mandatory shall have the right to exercise such control as may be necessary for the maintenance of public order and good government, and to take all measures required for such control.

ARTICLE 8.—The Mandatory shall apply to the territory any general international conventions applicable to his contiguous territory.

ARTICLE 9.—The Mandatory shall have full powers of administration and legislation in the area subject of the mandate. This area shall be administered in accordance with the laws of the Mandatory as an integral part of his territory and subject to the above provisions.

The Mandatory shall therefore be at liberty to apply his laws to the territory subject to the mandate with such modifications as may be required by local conditions, and to constitute the territory into a customs, fiscal or ad-

manière à maintenir intacte l'autorité du gouvernement local.

Mandate—Contd.

Il ne sera pas accordé de concession ayant le caractère d'un monopole général. Cette clause ne fait pas obstacle au droit du Mandataire de créer des monopoles d'un caractère purement fiscal dans l'intérêt du territoire soumis au mandat et en vue de procurer au territoire les ressources fiscales paraissant le mieux s'adapter aux besoins locaux, ou, dans certains cas, de développer les ressources naturelles, soit directement par l'État, soit par un organisme soumis à son contrôle, sous cette réserve qu'il n'en résultera directement ou indirectement aucun monopole des ressources naturelles au bénéfice du Mandataire ou de ses ressortissants, ni aucun avantage préférentiel qui serait incompatible avec l'égalité économique, commerciale et industrielle ci-dessus garantie.

Les droits conférés par le présent article s'étendent également aux sociétés et associations organisées suivant les lois des États Membres de la Société des Nations, sous réserve seulement des nécessités d'ordre public et de l'observation de la législation locale.

ARTICLE 7.—La Puissance mandataire assurera, dans l'étendue du territoire, la pleine liberté de conscience et le libre exercice de tous les cultes, qui ne sont contraires ni à l'ordre public, ni aux bonnes mœurs; elle donnera à tous les missionnaires ressortissants de tout État Membre de la Société des Nations la faculté de pénétrer, de circuler et de résider dans le territoire, d'y acquérir et posséder des propriétés, d'y élever des bâtiments dans un but religieux et d'y ouvrir des écoles, étant entendu, toutefois, que le Mandataire aura le droit d'exercer tel contrôle qui pourra être nécessaire pour le maintien de l'ordre public et d'une bonne administration et de prendre à cet effet toutes mesures utiles.

ARTICLE 8.—La Puissance mandataire étendra aux territoires le bénéfice des conventions internationales générales, applicables à leurs territoires limitrophes.

ARTICLE 9.—La Puissance mandataire aura pleins pouvoirs d'administration et de législation sur les contrées faisant l'objet du mandat. Ces contrées seront administrées selon la législation de la Puissance mandataire comme partie intégrante de son territoire et sous réserve des dispositions qui précèdent.

La Puissance mandataire est, en conséquence, autorisée à appliquer aux régions soumises au mandat sa législation sous réserve des modifications exigées par les conditions locales et à constituer ces territoires en unions ou

ARTICLE 10.—The Mandatory shall make to the Council of the League of Nations an annual report to the satisfaction of the Council. This report shall contain full information concerning the measures taken to apply the provisions of this mandate.

ARTICLE 11.—The consent of the Council of the League of Nations is required for any modification of the terms of the present mandate.

ARTICLE 12.—The Mandatory agrees that, if any dispute whatever should arise between the Mandatory and another Member of the League of Nations relating to the interpretation or the application of the provisions of the mandate, such dispute, if it cannot be settled by negotiation, shall be submitted to the Permanent Court of International Justice provided for by Article 14 of the Covenant of the League of Nations.

The frontier will start from the meeting-point of the three old British, French and German frontiers situated in Lake Chad in latitude 13° 05' N. and in approximately longitude 14° 05' E. of Greenwich.

Thence the frontier will be determined as follows:

Ils ne sauraient changer, toutefois, l'attribution des villages mentionnés à l'article 1.

Les commissaires chargés de l'abornement seront, d'autre part, autorisés à apporter au tracé de la frontière les

relating to rights in
Togoland Mandate.
Preamble.

WHEREAS a Treaty between the United States of America and France, in regard to the rights of the two Governments and their respective nationals in that part of the former German Colony of Togoland over which a mandate was conferred upon France, was concluded and signed by their respective Plenipotentiaries at Paris on the thirteenth day of February, one thousand nine hundred and twenty-three, the original of which Treaty, being in the French and English languages, is word for word as follows:

THE PRESIDENT OF THE UNITED STATES OF AMERICA AND THE PRESIDENT OF THE FRENCH REPUBLIC,

LE PRÉSIDENT DE LA RÉPUBLIQUE FRANÇAISE ET LE PRÉSIDENT DES ÉTATS-UNIS D'AMÉRIQUE,

Whereas by article 119 of the Treaty of Peace signed at Versailles the 28th of June, 1919, Germany renounced in favor of the Principal Allied and Associated Powers all her rights and titles over her oversea possessions; and

Considérant que, par l'Article 119 du Traité de paix signé à Versailles le 28 juin 1919, l'Allemagne a renoncé en faveur des principales Puissances Alliées et Associées à tous ses droits et titres sur ses possessions d'outre-mer;

Whereas by Article 22 of the same instrument it was provided that certain territories, which as a result of the war had ceased to be under the sovereignty of the States which formerly governed them, should be placed under the mandate of another Power, and that the terms of the mandate should be explicitly defined in each case by the Council of the League of Nations; and

Considérant que, par l'Article 22 dudit Traité, il a été stipulé que certains territoires qui, à la suite de la guerre, ont cessé d'être sous la souveraineté des États qui les gouvernaient précédemment, seraient placés sous le mandat d'une autre Puissance et que les conditions du mandat seraient expressément définies dans chaque cas par le Conseil de la Société de Nations;

Benefits confirmed

Germany.
Vol. 42, p. 1939.

Whereas the benefits accruing under the aforesaid Article 119 of the Treaty of Versailles were confirmed to the United States by the Treaty between the United States and Germany, signed Au-

Considérant que le bénéfice dudit Article 119 du Traité de Versailles a été reconnu aux États-Unis par le Traité conclu entre les États-Unis et l'Allemagne, le 25 août 1921, pour

gust 25, 1921, to restore friendly relations between the two nations; and

Whereas four of the Principal Allied and Associated Powers, to wit: the British Empire, France, Italy and Japan, agreed that France should exercise the mandate for part of the former German Colony of Togoland; and

Whereas the terms of the said mandate have been defined by the Council of the League of Nations as follows:

ARTICLE 1.—The territory over which a mandate is conferred upon France comprises that part of Togoland which lies to the east of the line laid down in the Declaration signed on July 10, 1919, of which a copy is annexed hereto.

This line may, however, be slightly modified by mutual agreement between His Britannic Majesty's Government and the Government of the French Republic where an examination of the localities shows that it is undesirable, either in the interests of the inhabitants or by reason of any inaccuracies in the map, Sprigade 1 : 200,000, annexed to the Declaration, to adhere strictly to the line laid down therein.

The delimitation on the spot of this line shall be carried out in accordance with the provisions of the said Declaration.

The final report of the Mixed Commission shall give the exact description of the boundary line as traced on the spot; maps signed by the Commissioners shall be annexed to the report. This report with its annexes shall be drawn up in triplicate: one of these shall be deposited in the archives of the League of Nations, one shall be kept by the Government of the Republic and one by His Britannic Majesty's Government.

ARTICLE 2.—The Mandatory shall be responsible for the peace, order and good government of the territory and for the promotion to the utmost of the material and moral well-being and the social progress of its inhabitants.

ARTICLE 3.—The Mandatory shall not establish in the territory any military or naval bases, nor erect any fortifications, nor organize any native military force except for local police purposes and for the defence of the territory.

It is understood, however, that the troops thus raised may, in the event of general war, be utilized to repel an attack or for the defence of the territory outside that subject to the mandate.

rétablir les relations amicales entre les deux nations;

Considérant que quatre des principales Puissances Alliées et Associées, savoir l'Empire britannique, la France, l'Italie et le Japon, ont convenu que la France exercerait le mandat sur une partie de l'ancienne colonie allemande du Togo;

Considérant que les conditions de ce mandat ont été définies comme suit par le Conseil de la Société des Nations;

ARTICLE 1^{er}.—Les territoires dont la France assume l'administration sous le régime du mandat comprennent la partie du Togo qui est située à l'est de la ligne fixée dans la Déclaration, signée le 10 juillet 1919, dont une copie est ci-annexée.

Cette ligne pourra toutefois être légèrement modifiée par accord intervenant entre le Gouvernement de Sa Majesté britannique et le Gouvernement de la République française, sur les points où, soit dans l'intérêt des habitants, soit par suite de l'inexactitude de la carte Sprigade au 1 : 200,000, annexée à la Déclaration, l'examen des lieux ferait reconnaître comme indésirable de s'en tenir exactement à la ligne indiquée.

La délimitation sur le terrain de ces frontières sera effectuée conformément aux dispositions de la dite Déclaration.

Le rapport final de la commission mixte donnera la description exacte de la frontière telle que celle-ci aura été déterminée sur le terrain; les cartes signées par les commissaires seront jointes au rapport. Ce document, avec ses annexes, sera établi en triple exemplaire; l'un des originaux sera déposé dans les archives de la Société des Nations, le deuxième sera conservé par le Gouvernement de la République et le troisième par le Gouvernement de Sa Majesté britannique.

ARTICLE 2.—Le Mandataire sera responsable de la paix, du bon ordre et de la bonne administration du territoire, accroîtra par tous les moyens en son pouvoir le bien-être matériel et moral et favorisera le progrès social des habitants.

ARTICLE 3.—Le Mandataire ne devra établir sur le territoire aucune base militaire ou navale, ni édifier aucune fortification, ni organiser aucune force militaire indigène sauf pour assurer la police locale et la défense du territoire.

Toutefois, il est entendu que les troupes ainsi levées peuvent, en cas de guerre générale, être utilisées pour repousser une agression ou pour la défense du territoire en dehors de la région soumise au mandat.

Mandate—Contd.

ARTICLE 4.—The Mandatory:

1. Shall provide for the eventual emancipation of all slaves, and for as speedy an elimination of domestic and other slavery as social conditions will allow;

2. Shall suppress all forms of slave trade;

3. Shall prohibit all forms of forced or compulsory labor, except for essential public works and services, and then only in return for adequate remuneration;

4. Shall protect the natives from measures of fraud and force by the careful supervision of labor contracts and the recruiting of labor;

5. Shall exercise a strict control over the traffic in arms and ammunition and the sale of spirituous liquors,

ARTICLE 5.—In the framing of laws relating to the holding or transfer of land, the Mandatory shall take into consideration native laws and customs, and shall respect the rights and safeguard the interests of the native population.

No native land may be transferred, except between natives, without the previous consent of the public authorities, and no real rights over native land in favor of non-natives may be created except with the same consent.

The Mandatory shall promulgate strict regulations against usury.

ARTICLE 6.—The mandatory shall secure to all nationals of States Members of the League of Nations, the same rights as are enjoyed in the territory by his own nationals in respect of entry into and residence in the territory, the protection afforded to their person and property, and acquisition of property, movable and immovable, and the exercise of their profession or trade, subject only to the requirements of public order, and on condition of compliance with the local law.

Further, the Mandatory shall ensure to all nationals of States members of the League of Nations, on the same footing as to his own nationals, freedom of transit and navigation, and complete economic, commercial and industrial equality; except that Mandatory shall be free to organize essential public works and services on such terms and conditions as he thinks just.

Concessions for the development of the natural resources of the territory shall be granted by the Mandatory without distinction on grounds of Nationality between the nationals of all States Members of the League of Nations, but on such conditions as will maintain intact the authority of the local Government.

ARTICLE 4.—La Puissance mandataire devra:

1° Pourvoir à l'émancipation éventuelle de tous esclaves et, dans un délai aussi court que les conditions sociales le permettront, faire disparaître tout esclavage domestique ou autre;

2° Supprimer toute forme de commerce d'esclaves;

3° Interdire tout travail forcé ou obligatoire, sauf pour les travaux et services publics essentiels et sous condition d'une équitable rémunération;

4° Protéger les indigènes contre la fraude et la contrainte, par une surveillance attentive des contrats de travail et du recrutement des travailleurs;

5° Exercer un contrôle sévère sur le trafic des armes et munitions, ainsi que sur le commerce des spiritueux.

ARTICLE 5.—La puissance mandataire devra, dans l'établissement des règles relatives à la tenure du sol et au transfert de la propriété foncière, prendre en considération les lois et les coutumes indigènes, respecter les droits et sauvegarder les intérêts des indigènes.

Aucune propriété foncière indigène ne pourra faire l'objet d'un transfert, excepté entre indigènes, sans avoir reçu au préalable l'approbation de l'autorité publique. Aucun droit réel ne pourra être constitué sur un bien foncier indigène en faveur d'un non-indigène, si ce n'est avec la même approbation.

La Puissance mandataire édictera des règles sévères contre l'usure.

ARTICLE 6.—La puissance mandataire assurera à tous les ressortissants des États membres de la Société des Nations les mêmes droits qu'à ses propres ressortissants, en ce qui concerne leur accès et leur établissement dans le territoire, la protection de leurs personnes et de leurs biens, l'acquisition des propriétés mobilières et immobilières, l'exercice de leur profession ou leur industrie, sous réserve des nécessités d'ordre public et de l'observation de la législation locale.

La Puissance mandataire pratiquera en outre, à l'égard de tous les ressortissants des États Membres de la Société des Nations et dans les mêmes conditions qu'à l'égard de ses propres ressortissants, la liberté du transit et de la navigation et une complète égalité économique, commerciale et industrielle, excepté pour les travaux et services publics essentiels, qu'elle reste libre d'organiser dans les termes et conditions qu'elle estime justes.

Les concessions pour le développement des ressources naturelles du territoire seront accordées par le Mandataire, sans distinction de nationalité entre les ressortissants des États Membres de la Société des Nations, mais de manière à maintenir intacts l'autorité du Gouvernement local.

Concessions having the character of a general monopoly shall not be granted. This provision does not affect the right of the Mandatory to create monopolies of a purely fiscal character in the interest of the territory under mandate and in order to provide the territory with fiscal resources which seem best suited to the local requirements; or, in certain cases, to carry out the development of natural resources, either directly by the State or by a controlled agency, provided that there shall result therefrom no monopoly of the natural resources for the benefit of the Mandatory or his nationals, directly or indirectly, nor any preferential advantage which shall be inconsistent with the economic, commercial and industrial equality hereinbefore guaranteed.

The rights conferred by this article extend equally to companies and associations organized in accordance with the law of any of the Members of the League of Nations, subject only to the requirements of public order, and on condition of compliance with the local law.

ARTICLE 7.—The Mandatory shall ensure in the territory complete freedom of conscience and the free exercise of all forms of worship which are consonant with public order and morality; missionaries who are nationals of States Members of the League of Nations shall be free to enter the territory and to travel and reside therein, to acquire and possess property, to erect religious buildings and to open schools throughout the territory; it being understood, however, that the Mandatory shall have the right to exercise such control as may be necessary for the maintenance of public order and good government, and to take all measures required for such control.

ARTICLE 8.—The Mandatory shall apply to the territory any general international conventions applicable to his contiguous territory.

ARTICLE 9. The Mandatory shall have full powers of administration and legislation in the area subject to the mandate. This area shall be administered in accordance with the laws of the Mandatory as an integral part of his territory and subject to the above provisions.

The Mandatory shall therefore be at liberty to apply his laws to the territory subject to the mandate, with such modifications as may be required by local conditions, and to constitute the territory into a customs, fiscal, or administrative union or federation with the adjacent territories under his sovereignty or control, provided always that the measures adopted to that end do not infringe the provisions of this mandate.

Il ne sera pas accordé de concession ayant le caractère d'un monopole général. Cette clause ne fait pas obstacle au droit du Mandataire de créer des monopoles d'un caractère purement fiscal dans l'intérêt du territoire soumis au mandat et en vue de procurer au territoire les ressources fiscales paraissant le mieux s'adapter aux besoins locaux, ou, dans certains cas, de développer des ressources naturelles, soit directement par l'État, soit par un organisme soumis à son contrôle, sous cette réserve qu'il n'en résultera directement ou indirectement aucun monopole des ressources naturelles au bénéfice de Mandataire ou de ses ressortissants, ni aucun avantage préférentiel qui serait incompatible avec l'égalité économique, commerciale et industrielle ci-dessus garantie.

Les droits conférés par le présent article s'étendent également aux sociétés et associations organisées suivant les lois des États Membres de la Société des Nations, sous réserve seulement des nécessités d'ordre public et de l'observation de la législation locale.

ARTICLE 7.—La Puissance mandataire assurera, dans l'étendue du territoire, la pleine liberté de conscience et le libre exercice de tous les cultes, qui ne sont contraires ni à l'ordre public, ni aux bonnes mœurs; elle donnera à tous les missionnaires ressortissants de tout État Membre de la Société des Nations la faculté de pénétrer, de circuler et de résider dans le territoire, d'y acquérir et posséder des propriétés, d'y élever des bâtiments dans un but religieux et d'y ouvrir des écoles, étant entendu, toutefois, que le Mandataire aura le droit d'exercer tel contrôle qui pourra être nécessaire pour le maintien de l'ordre public et d'une bonne administration et de prendre à cet effet toutes mesures utiles.

ARTICLE 8.—La Puissance mandataire étendra aux territoires le bénéfice des conventions internationales générales, applicables à ses territoires limitrophes.

ARTICLE 9.—La Puissance mandataire aura pleins pouvoirs d'administration et de législation sur les contrées faisant l'objet du mandat. Ces contrées seront administrées selon la législation de la Puissance mandataire comme partie intégrante de son territoire et sous réserve des dispositions qui précèdent.

La Puissance mandataire est, en conséquence, autorisée à appliquer aux régions soumises au mandat sa législation, sous réserve des modifications exigées par les conditions locales, et à constituer ces territoires en unions ou fédérations douanières, fiscales ou administratives avec les territoires avoisinants, relevant de sa propre souveraineté ou placés sous son contrôle, à condition que les mesures adoptées à ces fins ne portent pas atteinte aux dispositions du présent mandat.

Mandate—Contd.

Mandate—Contd.

ARTICLE 10.—The Mandatory shall make to the Council of the League of Nations an annual report to the satisfaction of the Council. This report shall contain full information concerning the measures taken to apply the provisions of this mandate.

ARTICLE 11.—The consent of the Council of the League of Nations is required for any modification of the terms of the present mandate.

ARTICLE 12.—The Mandatory agrees that, if any dispute whatever should arise between the Mandatory and another Member of the League of Nations relating to the interpretation or the application of the provisions of the mandate, such dispute, if it cannot be settled by negotiation, shall be submitted to the Permanent Court of International Justice provided for by Article 14 of the Covenant of the League of Nations,

possible, but without changing the attribution of the villages named in Article 1, lay down the frontier in accordance with natural features (rivers, hills, or watersheds).

The Boundary Commissioners shall be authorized to make such minor modifications of the frontier line as may appear to them necessary in order to avoid separating villages from their agricultural lands. Such deviations shall be clearly marked on special maps and submitted for the approval of the two Governments. Pending such approval, the deviations shall be provisionally recognized and respected.

2° As regards the roads mentioned in Article 1, only those which are shown upon the annexed map ⁽¹⁾ shall be taken into consideration in the delimitation of the frontier.

3° Where the frontier follows a waterway, the median line of the waterway shall be the boundary.

4° It is understood that if the inhabitants, living near the frontier should, within a period of six months from the completion of the local delimitation, express the intention to settle in the regions placed under French authority, or, inversely, in the regions placed under British authority, no obstacle will be placed in the way of their so doing, and they shall be granted the necessary time to gather in standing crops, and generally to remove all the property of which they are the legitimate owners.

ARTICLE 3.

1° The map to which reference is made in the description of the frontier is Sprigade's map of Togoland on the scale 1/200,000, of which the following sheets have been used:

devront s'attacher, autant que possible, à déterminer le tracé par des accidents naturels de terrain (cours d'eau, ligne de faite ou crêtes). Ils ne sauraient changer, toutefois, l'attribution des villages mentionnés à l'Article 1.

Les commissaires chargés de l'abornement seront, d'autre part, autorisés à apporter au tracé de la frontière les modifications légères qui apparaîtraient nécessaires en vue d'éviter de séparer les villages de leurs terrains de culture; ces déviations devront être indiquées clairement sur des cartes spéciales et soumises à l'approbation des deux gouvernements intéressés. Toutefois, en attendant qu'elles soient approuvées, elles seront provisoirement valables et par suite respectées.

2° En ce qui concerne les routes désignées à l'Article 1, les seules qui puissent être prises en considération pour l'établissement de la frontière sont celles indiquées sur la carte ci-jointe⁽¹⁾.

3° Quand la ligne frontière suit un cours d'eau, c'est la ligne médiane qui forme la limite.

4° Il est entendu que, si les habitants fixés près de la frontière exprimaient, dans un délai de six mois à partir de l'achèvement des opérations d'abornement sur place, l'intention de s'établir dans les régions placées sous l'autorité française, ou inversement dans les régions placées sous l'autorité britannique, aucun empêchement ne serait apporté à réalisation de ce désir, et il leur serait accordé le délai nécessaire pour enlever les récoltes sur pied, et, d'une façon générale, pour emporter tous les biens dont ils sont les propriétaires légitimes.

ARTICLE 3.

acuerdo con lo estipulado en la presente Convención, y sin perjuicio de los derechos en ella especificados.

En caso de que se autorice la renovación de licencias, no se cobrará por este servicio una suma mayor que la exigida por la expedición de la licencia original.

En caso de que se autorice el traspaso de licencias, el cesionario, previa prueba suficiente de que es por todos conceptos el verdadero sucesor del cedente, y de que pueda presentar un certificado de identidad semejante al presentado por el que obtuvo la licencia original, podrá actuar como agente viajero hasta que se reciba el nuevo certificado de identidad, no efectuándose, sin embargo, la cancelación de la fianza, mientras no haya llegado este documento.

ARTICLE II

Citizenship of firm to govern identification certificate.

It is the citizenship of the firm that the commercial traveler represents, and not his own, that governs the issuance to him of a certificate of identification.

Authority of local customs officials to issue licenses, etc.

In order to obtain practical results, the High Contracting Parties agree to empower the local customs officials to issue the said licenses upon surrender of the certificate of identification and authenticated list of samples, acting as deputies of the central office constituted for the issuance and regulation of licenses. The said customs officials shall immediately transmit the appropriate documentation to the said central office, to which the licensee shall thereafter give due notice of his intention to ask for the renewal or transfer of his license, if these acts be allowable, or cancellation of his bond, upon his departure from the country. Due notice in this connection will be regarded as the time required for the exchange of correspondence in the normal mail schedules, plus five business days for purposes of official verification and registration.

ARTICULO II

La nacionalidad de la casa representada, y no del agente viajero que la representa, será la que rija para la expedición del certificado de identidad.

A fin de obtener resultados prácticos, las Altas Partes Contratantes convienen en facultar a las autoridades aduaneras locales para expedir las licencias citadas, previa entrega del certificado de identidad y de la lista certificada de muestras, en representación de la oficina central encargada de expedir y reglamentar las licencias. Las citadas autoridades remitirán a dicha oficina central, sin pérdida de tiempo, los documentos correspondientes, debiendo notificar a ésta el cesionario, después de hecha la remisión, su propósito de pedir la renovación o el traspaso de su licencia, en caso de permitirse estos actos, o la cancelación de su fianza al salir del país. Se tendrá por oportuna la notificación hecha en el plazo necesario para un cambio de correspondencia en condiciones normales, más cinco días hábiles para la comprobación y el registro por las autoridades competentes

ARTICLE III

It is understood that the traveler will not engage in the sale of other articles than those embraced by his lines of business; that is to say, he may sell his samples, thus incurring an obligation to pay the customs duties thereupon, but he may not sell other articles brought with him or sent to him, which are not reasonably and clearly representative of the kind of business he purports to represent.

ARTICULO III

Se entiende que el agente viajero no se dedicará a la venta de otros artículos que los comprendidos en el ramo a que se dedica; es decir, podrá vender sus muestras, con la obligación correspondiente de cubrir los derechos aduaneros reglamentarios; pero no podrá vender otros artículos que lleve consigo o que reciba, si no pertenecen, de una manera razonable y clara, al ramo a que está dedicado.

Sales of samples restricted to business represented by commercial traveler.

ARTICLE IV

Advertising matter brought by commercial travelers in appropriate quantities shall be treated as samples without commercial value. Objects having a depreciated commercial value because of adaptation for purposes of advertisement, and intended for gratuitous distribution, shall, when introduced in reasonable quantities, also be treated as samples without commercial value. It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

ARTICULO IV

Se considerarán como muestras sin valor comercial los anuncios que el agente viajero lleve consigo, siempre que sean en cantidades apropiadas, teniéndose también como muestras sin valor comercial los objetos que tengan un valor mercantil depreciado, debido a su adaptación para fines de anuncios y destinados a distribución gratuita, siempre que se introduzcan en cantidades razonables. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

Advertising matter admitted equally as samples.

ARTICLE V

If the original license were issued for a period longer than six months, or if the license be renewed, the bond for the samples will be correspondingly extended. It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

ARTICULO V

Cuando la licencia original se expidiere por un período mayor de seis meses, o cuando fuere renovada, se extenderá la fianza en la proporción correspondiente. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

Extension of bonds for samples.

ARTICLE VI

Samples accompanying the commercial traveler will be despatched as a portion of his personal baggage; and those arriving after him will be given precedence over ordinary freight.

The President of the United States of America, Mr. Charles Evans Hughes, Secretary of State of the United States; and

Who, having communicated their full powers found in good and due form, have agreed as follows:

ARTICLE I.

The High Contracting Parties respectively retain their rights and claims, without prejudice by reason of this agreement, with respect to the extent of their territorial jurisdiction.

Da de amerikanske Forenede Staters Praesident og Hans Majestaet Kongen of Danmark og Island ønsker at undgaa enhver Vanskelighed som maatte kunne opstaa mellem de amerikanske Forenede Stater og Danmark, som Følge af de i de amerikanske Forenede Stater gældene Love angaaende spirituose Drikke, har de med dette Formaal for Øje besluttet at indgaa en Traktat og har udnaevnt til deres Befuldmægtigede:

Praesidenten for de amerikanske Forenede Stater: Hr. Charles Evans Hughes, de amerikanske Forenede Staters Statssekretaer, og Hans Majestaet Kongen af Danmark og Island: Hr. Kai Helmer-Petersen, Hans Majestats Chargé d'Affaires i Washington,

hvilke efter at have meddelt deres respektive Fuldmagter, der befandtes i behørig Form, er kommet overens om følgende Artikler:

ARTIKEL I.

Begge de høje kontraherende Parter fastholder—uden at give naervaerende Traktat nogen praedjudicerende Virkning—deres Rettigheder og Krav med Hensyn til Udstrækningen af deres territoriale Jurisdiktion.

Plenipotentiaries.

Territorial jurisdiction retained.

ARTICLE II.

ARTIKEL II.

Boarding of private Danish vessels outside limits, for inquiry, etc., not objected to.

(1) His Majesty the King of Denmark and Iceland agrees that he will raise no objection to the boarding of private vessels under the Danish flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

Distance from coast limited for boarding, etc., vessels.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

Extension if liquor conveyed by other vessel.

(1) Hans Majestaet Kongen af Danmark og Island samtykker i ikke at ville rejse nogen Indvending mod, at Myndigheder i de amerikanske Forenede Stater, dets Territorier eller Besiddelser, gaar ombord i private Fartøjer under dansk Flag udenfor Søterritoriets Graenser for at rette Forespørgsler til de ombordværende og undersøge Skibspapirerne med det Formaal at bringe paa det rene, om Fartøjet eller der ombordværende gør Forsøg paa at indføre eller har indført spirituøse Drikke til de amerikanske Forenede Stater, dets Territorier eller Besiddelser, i Strid med de dér gældende Love. Saafermt saadanne Forespørgsler eller Undersøgelser giver rimelig Grund til Mistanke, kan en Ransagning af Fartøjet indledes.

(2) Hvis der foreligger rimelig Grund til at antage, at Fartøjet har begaaet eller er i Faerd med at begaa eller forsøger at begaa en Overtraedelse af de i de amerikanske Forenede Stater, dets Territorier eller Besiddelser gældende Love mod Indførsel af spirituøse Drikke, kan Fartøjet beslaglægges og indbringes til en Havn i de amerikanske Forenede Stater, dets Territorier eller Besiddelser, til Retsforfølgning i Medfør af saadanne Love.

(3) De ifølge denne Artikel indrømmede Beføjelser skal ikke kunne udøves i større Afstand fra de amerikanske Forenede Staters, dets Territoriers eller Besiddelsers Kyst, end det for Forsøg paa Overtraedelse mistaenkte Fartøj kan tilbagelægge i een Time. I saadanne Tilfaelde, i hvilke Alkohol agtes transporteret til de amerikanske Forenede Stater, dets Territorier eller Besiddelser, af et andet Fartøj end det, der er blevet bordet og ransaget, skal det være Hastigheden af dette andet Fartøj og ikke Hastigheden af det bordede Fartøj, der skal være afgørende for den Afstand fra Kysten, indenfor hvilken Beføjelserne i Medfør af denne Artikel kan udøves.

ARTICLE III.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board Danish vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

ARTICLE IV.

Any claim by a Danish vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague, October

ARTIKEL III.

Straf eller Konfiskation i Medfør af de amerikanske Forenede Staters Love skal ikke bringes til Anvendelse overfor spirituøse Drikke eller Fartøjer eller Personer som Følge af Transport af saadanne Drikke, naar disse er opført som Skibsforraad eller som Ladning bestemt for en Havn udenfor de amerikanske Forenede Stater, dets Territorier eller Besiddelser, ombord paa danske Fartøjer paa Rejse til eller fra Havne i de amerikanske Forenede Stater, dets Territorier eller Besiddelser, eller gennem disses Søterritorier, og saadan Transport skal vaere underkastet de nu gaeldende Love med Hensyn til Transit af spirituøse Drikke gennem Panama Kanalen, forudsat at de spirituøse Drikke til Stadighed skal opbevares under Segl, saalaenge Fartøjet, paa hvilket de transporteres, forbliver indenfor naevnte Søterritorier, og forudsat, at ingen Del af saadanne spirituøse Drikke skal paa noget Tidspunkt eller paa noget Sted afskibes indenfor de amerikanske Forenede Stater, dets Territorier eller Besiddelser.

Liquors listed as sea stores, or cargo for a foreign port, not subjected to penalty, etc.

ET LE PRÉSIDENT DE LA
RÉPUBLIQUE FRANÇAISE,

Whereas by the Treaty of Peace concluded with the Allied Powers, Turkey renounces all her rights and titles over Syria and the Lebanon, and,

Whereas Article 22 of the Covenant of the League of Nations in the Treaty of Versailles provides that in the case of certain territories which as a consequence of the late war ceased to be under the sovereignty of the states which formerly governed them, mandates should be issued and that the terms of the mandate should be explicitly defined in each case by the Council of the League, and,

Rights renounced by Turkey.

Authority for mandate.

Agreement to mandate of France.

Whereas the terms of the said mandate have been defined by the Council of the League of Nations as follows:

Terms of mandate.

ARTICLE 1.—The Mandatory shall frame, within a period of three years from the coming into force of this mandate, an organic law for Syria and the Lebanon.

This organic law shall be framed in agreement with the native authorities and shall take into account the rights, interests, and wishes of all the population inhabiting the said territory. The Mandatory shall further enact measures to facilitate the progressive development of Syria and the Lebanon as independent States. Pending the coming into effect of the organic law, the government of Syria and the Lebanon shall be conducted in accordance with the spirit of this mandate.

The Mandatory shall, as far as circumstances permit, encourage local autonomy.

ARTICLE 2.—The Mandatory may maintain its troops in the said territory for its defence. It shall further be empowered, until the entry into force of the organic law and the re-establishment of public security, to organise such local militia as may be necessary for the defence of the territory, and to employ this militia for defence and also for the maintenance of order. These local forces may only be recruited from the inhabitants of the said territory.

The said militia shall thereafter be under the local authorities, subject to the authority and the control which the Mandatory shall retain over these forces. It shall not be used for purposes other than those above specified save with the consent of the Mandatory.

Nothing shall preclude Syria and the Lebanon from contributing to the cost of the maintenance of the forces of the Mandatory stationed in the territory.

The Mandatory shall at all times possess the right to make use of the ports, railways and means of communication of Syria and the Lebanon for the passage of its troops and of all materials, supplies and fuel.

ARTICLE 3.—The Mandatory shall be entrusted with the exclusive control of the foreign relations of Syria and the Lebanon and with the right to issue *exequaturs* to the consuls appointed by foreign Powers. Nationals of Syria and the Lebanon living outside the limits of the territory shall be under the diplomatic and consular protection of the Mandatory.

ARTICLE 4.—The Mandatory shall be responsible for seeing that no part of the territory of Syria and the Lebanon is ceded or leased or in any way placed under the control of a foreign Power.

Considérant que les termes de ce mandat ont été définis comme suit par le Conseil de la Société des Nations:

ARTICLE PREMIER.—Le Mandataire élaborera, dans un délai de trois ans à dater de l'entrée en application du présent mandat, un statut organique pour la Syrie et le Liban.

Ce statut organique sera préparé d'accord avec les autorités indigènes et tiendra compte des droits, intérêts et vœux de toutes les populations habitant lesdits territoires. Il édictera les mesures propres à faciliter le développement progressif de la Syrie et du Liban comme États indépendants. En attendant la mise en vigueur du statut organique, l'administration de la Syrie et du Liban sera conduite en accord avec l'esprit du présent mandat.

Le Mandataire favorisera les autonomies locales dans toute la mesure où les circonstances s'y prêteront.

ARTICLE 2.—Le Mandataire pourra maintenir ses troupes dans lesdits territoires en vue de leur défense. Il pourra, jusqu'à la mise en vigueur du statut organique et du rétablissement de la sécurité publique, organiser les milices locales nécessaires à la défense de ces territoires et les employer à cette défense ainsi qu'au maintien de l'ordre. Ces forces locales ne seront recrutées que parmi les habitants desdits territoires.

Lesdites milices relèveront ensuite des pouvoirs locaux sous réserve de l'autorité et du contrôle que le Mandataire devra conserver sur ces forces. Elles ne pourront être utilisées à d'autres fins que celles énoncées ci-dessus, à moins que le Mandataire ne l'autorise.

Rien n'empêchera la Syrie et le Liban de participer aux frais d'entretien des forces du Mandataire stationnées sur le territoire.

Le Mandataire disposera en tout temps du droit d'utiliser les ports, voies ferrées et moyens de communication de la Syrie et du Liban pour le passage de ses troupes et de tous matériel, approvisionnements et combustibles.

ARTICLE 3.—Les relations extérieures de la Syrie et du Liban, ainsi que la délivrance des *exequatur* aux consuls des Puissances étrangères, seront du ressort exclusif du Mandataire. Les ressortissants de la Syrie et du Liban se trouvant hors des limites de ces territoires relèveront de la protection diplomatique et consulaire du Mandataire.

ARTICLE 4.—Le Mandataire garantit la Syrie et le Liban contre toute perte ou prise à bail de tout ou partie des territoires et contre l'établissement de tout contrôle d'une Puissance étrangère.

ARTICLE 5.—The privileges and immunities of foreigners, including the benefits of consular jurisdiction and protection as formerly enjoyed by Capitulation or usage in the Ottoman Empire, shall not be applicable in Syria and the Lebanon. Foreign consular tribunals shall, however, continue to perform their duties until the coming into force of the new legal organisation provided for in Article 6.

Unless the Powers whose nationals enjoyed the afore-mentioned privileges and immunities on August 1st, 1914, shall have previously renounced the right to their re-establishment, or shall have agreed to their non-application during a specified period, these privileges and immunities shall at the expiration of the mandate be immediately re-established in their entirety or with such modifications as may have been agreed upon between the Powers concerned.

ARTICLE 6.—The Mandatory shall establish in Syria and the Lebanon a judicial system which shall assure to natives as well as to foreigners a complete guarantee of their rights.

Respect for the personal status of the various peoples and for their religious interests shall be fully guaranteed. In particular, the control and administration of Wakfs shall be exercised in complete accordance with religious law and the dispositions of the founders.

ARTICLE 7.—Pending the conclusion of special extradition agreements, the extradition treaties at present in force between foreign Powers and the Mandatory shall apply within the territory of Syria and the Lebanon.

ARTICLE 8.—The Mandatory shall ensure to all complete freedom of conscience and the free exercise of all forms of worship which are consonant with public order and morality. No discrimination of any kind shall be made between the inhabitants of Syria and the Lebanon on the ground of differences in race, religion or language.

The Mandatory shall encourage public instruction, which shall be given through the medium of the native languages in use in the territory of Syria and the Lebanon.

The right of each community to maintain its own schools for the instruction and education of its own members in its own language, while conforming to such educational requirements of a general nature as the administration may impose, shall not be denied or impaired.

ARTICLE 9.—The Mandatory shall refrain from all interference in the administration of the Councils of management (Conseils de fabrique) or in the management of religious communities and sacred shrines belonging to the various religions, the immunity of which has been expressly guaranteed.

ARTICLE 5.—Seront sans application en Syrie et au Liban les privilèges et immunités des étrangers, y compris la juridiction consulaire et la protection, tels qu'ils étaient autrefois pratiqués dans l'Empire ottoman, en vertu des Capitulations et des usages. Toutefois les tribunaux consulaires étrangers continueront à fonctionner jusqu'à la mise en application de la nouvelle organisation judiciaire prévue à l'article 6.

A moins que les Puissances, dont les ressortissants jouissaient au 1^{er} août 1914 desdits privilèges et immunités, n'aient préalablement renoncé au rétablissement de ces privilèges et immunités ou à leur application pendant une certaine période, ceux-ci seront à la fin du mandat et sans délai rétablis intégralement ou avec telle modification qui aurait été convenue par les Puissances intéressées.

ARTICLE 6.—Le Mandataire instituera en Syrie et au Liban un système judiciaire assurant, tant aux indigènes qu'aux étrangers, la garantie complète de leurs droits.

Le respect du statut personnel des diverses populations et de leurs intérêts religieux sera entièrement garanti. En particulier, le Mandataire exercera le contrôle de l'administration des Wakoufs en parfaite conformité avec les lois religieuses et la volonté des fondateurs.

ARTICLE 7.—En attendant la conclusion des conventions spéciales d'extradition, les traités d'extradition en vigueur entre les Puissances étrangères et le Mandataire seront appliqués sur les territoires de la Syrie et du Liban.

ARTICLE 8.—Le Mandataire garantira à toute personne la plus complète liberté de conscience, ainsi que le libre exercice de toutes les formes de culte compatibles avec l'ordre public et les bonnes mœurs. Il n'y aura aucune inégalité de traitement entre les habitants de la Syrie et du Liban du fait des différences de race, de religion ou de langue.

Le Mandataire développera l'instruction publique donnée au moyen des langues indigènes en usage sur les territoires de la Syrie et du Liban.

Il ne sera porté aucune atteinte au droit des communautés de conserver leurs écoles en vue de l'instruction et de l'éducation de leurs membres dans leur propre langue, à condition de se conformer aux prescriptions générales sur l'instruction publique édictées par l'administration.

ARTICLE 9.—Le Mandataire s'abstiendra de toute intervention dans l'administration des Conseils de fabrique ou dans la direction des communautés religieuses et sanctuaires des diverses religions, dont les immunités sont expressément garanties.

Mandate—Contd.

Mandate—Contd.

ARTICLE 10.—The supervision exercised by the Mandatory over the religious missions in Syria and the Lebanon shall be limited to the maintenance of public order and good government; the activities of these religious missions shall in no way be restricted, nor shall their members be subjected to any restrictive measures on the ground of nationality, provided that their activities are confined to the domain of religion.

The religious missions may also concern themselves with education and relief, subject to the general right of regulation and control by the Mandatory or of the local government, in regard to education, public instruction and charitable relief.

ARTICLE 11.—The Mandatory shall see that there is no discrimination in Syria or the Lebanon against the nationals, including societies and associations, of any State Member of the League of Nations as compared with its own nationals, including societies and associations, or with the nationals of any other foreign State in matters concerning taxation or commerce, the exercise of professions or industries, or navigation, or in the treatment of ships or aircraft. Similarly, there shall be no discrimination in Syria or the Lebanon against goods originating in or destined for any of the said States; there shall be freedom of transit, under equitable conditions, across the said territory.

Subject to the above, the Mandatory may impose or cause to be imposed by the local governments such taxes and customs duties as it may consider necessary. The Mandatory, or the local governments acting under its advice, may also conclude on grounds of contiguity any special customs arrangements with an adjoining country.

The Mandatory may take or cause to be taken, subject to the provisions of paragraph 1 of this article, such steps as it may think best to ensure the development of the natural resources of the said territory and to safeguard the interests of the local population.

Concessions for the development of these natural resources shall be granted without distinction of nationality between the nationals of all States Members of the League of Nations, but on condition that they do not infringe upon the authority of the local Government. Concessions in the nature of a general monopoly shall not be granted. This clause shall in no way limit the right of the Mandatory to create monopolies of a purely fiscal character in the interest of the territory of Syria and the Lebanon, and with a view to assuring to the

ARTICLE 10.—Le contrôle exercé par le Mandataire sur les missions religieuses en Syrie et au Liban se bornera au maintien de l'ordre public et de la bonne administration; aucune atteinte ne sera portée à la libre activité desdites missions religieuses. Les membres de ces missions ne seront l'objet d'aucune mesure restrictive du fait de leur nationalité, pourvu que leur activité ne sorte pas du domaine religieux.

Les missions religieuses pourront également s'occuper d'œuvres d'instruction et d'assistance publique sous réserve du droit général de réglementation et de contrôle du Mandataire ou des gouvernements locaux en matière d'éducation, d'instruction et d'assistance publique.

ARTICLE 11.—Il appartiendra au Mandataire de faire en sorte qu'aucune mesure ne soit prise de nature à mettre en Syrie et au Liban les ressortissants y compris les sociétés et les associations, d'un État Membre de la Société des Nations dans un état d'infériorité, soit par rapport à ses propres ressortissants, y compris les sociétés et associations, soit par rapport à ceux de tout autre État étranger, aussi bien en matière fiscale et commerciale qu'au point de vue de l'exercice des industries et professions, de la navigation et du traitement accordé aux navires et aéronefs. De même, il ne sera imposé en Syrie et au Liban aucun traitement différentiel entre les marchandises originaires ou à destination de l'un desdits États; il y aura, dans des conditions équitables liberté de transit à travers lesdits territoires.

Sous réserve des stipulations ci-dessus, le Mandataire pourra établir ou faire établir par les gouvernements locaux toutes taxes et droits de douane jugés nécessaires. Le Mandataire, ou le gouvernement local agissant sur ses conseils, pourra également conclure, pour des raisons de voisinage, des arrangements douaniers spéciaux avec un pays limitrophe.

Le Mandataire pourra prendre ou faire prendre, sous réserve des stipulations de l'alinéa premier du présent article, toutes les mesures propres à assurer le développement des ressources naturelles desdits territoires et à sauvegarder les intérêts des populations locales.

Les concessions pour le développement desdites ressources naturelles seront accordées sans distinction du fait de la nationalité entre les ressortissants de tous les États Membres de la Société des Nations, mais à des conditions qui conserveront intacte l'autorité du gouvernement local. Il ne sera pas accordé de concession ayant le caractère d'un monopole général. Cette clause ne fera pas obstacle au droit du Mandataire de créer des monopoles d'un caractère purement fiscal dans l'intérêt des territoires de la Syrie et du Liban et en vue de

territory the fiscal resources which would appear best adapted to the local needs, or, in certain cases, with a view to developing the natural resources either directly by the State or through an organisation under its control, provided that this does not involve either directly or indirectly the creation of a monopoly of the natural resources in favour of the Mandatory or its nationals, nor involve any preferential treatment which would be incompatible with the economic, commercial and industrial equality guaranteed above.

ARTICLE 12.—The Mandatory shall adhere, on behalf of Syria and the Lebanon, to any general international agreements already existing, or which may be concluded hereafter with the approval of the League of Nations, in respect of the following: the slave trade, the traffic in drugs, the traffic in arms and ammunition, commercial equality, freedom of transit and navigation, aerial navigation, postal, telegraphic or wireless communications, and measures for the protection of literature, art or industries.

ARTICLE 13.—The Mandatory shall secure the adhesion of Syria and the Lebanon, so far as social, religious and other conditions permit, to such measures of common utility as may be adopted by the League of Nations for preventing and combating disease, including diseases of animals and plants.

ARTICLE 14.—The Mandatory shall draw up and put into force within twelve months from this date a law of antiquities in conformity with the following provisions. This law shall ensure equality of treatment in the matter of excavations and archaeological research to the nationals of all States Members of the League of Nations.

1° "Antiquity" means any construction or any product of human activity earlier than the year 1700 A. D.

2° The law for the protection of antiquities shall proceed by encouragement rather than by threat.

Any person who, having discovered an antiquity without being furnished with the authorisation referred to in paragraph 5, reports the same to an official of the competent Department, shall be rewarded according to the value of the discovery.

3° No antiquity may be disposed of except to the competent Department, unless this Department renounces the acquisition of any such antiquity.

No antiquity may leave the country without an export licence from the said Department.

4° Any person who maliciously or negligently destroys or damages an antiquity shall be liable to a penalty to be fixed.

5° No clearing of ground or digging with the object of finding antiquities shall be permitted, under penalty of

ARTICLE 12.—Le Mandataire devra adhérer, pour le compte de la Syrie ou du Liban, aux conventions internationales générales conclues ou à conclure avec l'approbation de la Société des Nations, sur les sujets suivants: traite des esclaves, trafic des stupéfiants, trafic des armes et munitions, égalité commerciale, liberté de transit et de navigation, navigation aérienne, communications postales, télégraphiques ou par télégraphie sans fil, protection littéraire, artistique ou industrielle.

ARTICLE 13.—Autant que les conditions sociales, religieuses et autres le permettent, le Mandataire assurera l'adhésion de la Syrie et du Liban aux mesures d'utilité commune qui seront adoptées par la Société des Nations pour prévenir et combattre les maladies, y compris celles des animaux et des plantes.

ARTICLE 14.—Le Mandataire élaborera et mettra en vigueur, dans un délai de douze mois à dater de ce jour, une loi sur les antiquités conforme aux dispositions ci-après. Cette loi assurera aux ressortissants de tous les États Membres de la Société des Nations l'égalité de traitement en matière de fouilles et recherches archéologiques.

1° Par "antiquités", on devra entendre toute œuvre ou produit de l'activité humaine antérieurs à l'année 1700.

2° La législation sur la protection des antiquités devra procéder plutôt par encouragements que par menaces.

Toute personne qui, ayant fait la découverte d'une antiquité sans avoir l'autorisation visée au paragraphe 5, signale cette découverte à l'autorité compétente, devra recevoir une rémunération proportionnée à la valeur de la découverte.

3° Aucune antiquité ne pourra être aliénée qu'en faveur de l'autorité compétente, à moins que celle-ci renonce à en faire l'acquisition.

Aucune antiquité ne pourra sortir du pays sans une licence délivrée par ladite autorité.

4° Toute personne qui, par malice ou négligence, détruit ou détériore une antiquité devra être passible d'une pénalité à fixer.

5° Tout déplacement de terrain ou fouilles en vue de trouver des antiquités seront interdits, sous peine d'amende, si

6° Equitable terms shall be fixed for expropriation, temporary or permanent, of lands which might be of historical or archaeological interest.

7° Authorisation to excavate shall only be granted to persons who show sufficient guarantees of archaeological experience. The Mandatory shall not, in granting these authorisations act in such a way as to exclude scholars of any nation without good grounds.

8° The proceeds of excavations may be divided between the excavator and the competent Department in a proportion fixed by that Department. If division seems impossible for scientific reasons, the excavator shall receive a fair indemnity in lieu of a part of the find.

ARTICLE 15.—Upon the coming into force of the organic law referred to in article 1, an arrangement shall be made between the Mandatory and the local governments for reimbursement by the latter of all expenses incurred by the Mandatory in organising the administration, developing local resources, and carrying out permanent public works, of which the country retains the benefit. Such arrangement shall be communicated to the Council of the League of Nations.

ARTICLE 16.—French and Arabic shall be the official languages of Syria and the Lebanon.

ARTICLE 17.—The Mandatory shall make to the Council of the League of Nations an annual report to the satisfaction of the Council as to the measures taken during the year to carry out the provisions of this mandate. Copies of all laws and regulations promulgated during the year shall be attached to the said report.

ARTICLE 18.—The consent of the Council of the League of Nations is required for any modification of the terms of this mandate.

ARTICLE 19.—On the termination of the mandate, the Council of the League of Nations shall use its influence to safeguard for the future the fulfilment by the Government of Syria and the Lebanon of the financial obligations, including pensions and allowances, regularly assumed by the administration of Syria or of the Lebanon during the period of the mandate.

ARTICLE 20.—The Mandatory agrees that if any dispute whatever should arise between the Mandatory and another Member of the League of Nations relating to the interpretation or the application of the provisions of the mandate, such dispute, if it cannot be settled by negotiation, shall be submitted to the Permanent Court of

7° L'autorisation de procéder à des fouilles ne sera accordée qu'à des personnes présentant des garanties suffisantes d'expérience archéologique. Le Mandataire ne devra pas, en accordant ces autorisations, agir de façon à éliminer, sans motifs valables, les savants d'aucune nation.

8° Le produit des fouilles pourra être réparti entre les personnes ayant procédé à la fouille et l'autorité compétente, dans la proportion fixée par celle-ci. Si, pour des raisons scientifiques, la répartition paraît impossible, l'inventeur devra recevoir une équitable indemnité au lieu d'une partie du produit de la fouille.

ARTICLE 15.—Dès l'entrée en vigueur du statut organique visé à l'article 1^{er}, le Mandataire s'entendra avec les gouvernements locaux relativement au remboursement par ces derniers de toutes les dépenses encourues par le Mandataire pour l'organisation de l'administration, le développement des ressources locales et l'exécution de travaux publics d'un caractère permanent, dont le bénéfice resterait acquis au pays. Cette entente sera communiquée au Conseil de la Société des Nations.

ARTICLE 16.—Le français et l'arabe seront les langues officielles de la Syrie et du Liban.

ARTICLE 17.—Le Mandataire adressera au Conseil de la Société des Nations un rapport annuel, répondant à ses vœux, sur les mesures prises pendant l'année pour l'application du présent mandat. Les textes de toutes les lois et de tous les règlements promulgués pendant l'année seront annexés audit rapport.

ARTICLE 18.—Le consentement du Conseil de la Société des Nations sera nécessaire pour toute modification à apporter aux termes du présent mandat.

ARTICLE 19.—A la fin du mandat il appartiendra au Conseil de la Société des Nations d'user de toute son influence pour sauvegarder à l'avenir l'exécution par le Gouvernement de la Syrie et du Liban des obligations financières, y compris les pensions ou retraites, régulièrement assumées par l'Administration de la Syrie ou du Liban pendant la durée du mandat.

ARTICLE 20.—Le Mandataire accepte que tout différend, quel qu'il soit, qui viendrait à s'élever entre lui et un autre Membre de la Société des Nations, relatif à l'interprétation ou à l'application des dispositions du mandat et qui ne serait pas susceptible d'être réglé par des négociations, soit soumis à la Cour permanente de Justice

Requisitions for the surrender of fugitives from justice shall be made by the respective diplomatic agents of the High Contracting Parties. In the event of the absence of such agents from the country or its seat of Government, or where extradition is sought from territory included in the preceding paragraphs, other than the United States or Lithuania, requisitions may be made by superior consular officers. It shall be competent for such diplomatic or superior consular officers to ask and obtain a mandate or preliminary warrant of arrest for the person whose surrender is sought, whereupon the judges and magistrates of the two Governments shall respectively have power and authority, upon complaint made under oath or in any other judicially prescribed form to issue a warrant for the apprehension of the person charged, in order that he or she may be brought before such judge or magistrate, that the evidence of criminality may be heard and considered and if, on such hearing, the evidence be deemed sufficient to sustain the charge, it shall be the duty of the examining judge or magistrate to certify it to the proper executive authority, that a warrant may issue for the surrender of the fugitive.

Procedure.

Urgent cases.

In case of urgency, the application for arrest and detention may be addressed directly to the competent magistrate in conformity to the statutes in force.

The person provisionally arrested shall be released, unless within two months from the date of arrest in Lithuania, or from the date of commitment in the United States, the formal requisition for surrender with the documentary proofs hereinafter prescribed be made as aforesaid by the diplomatic agent of the demanding Government or, in his absence, by a consular officer thereof.

Provisional arrests.

If the fugitive criminal shall have been convicted of the crime for which his surrender is asked, a copy of the sentence of the court before which such conviction took place, duly authenticated, shall be produced. If, however, the fugitive is merely charged with crime, a duly authenticated copy of the warrant of arrest in the country where the crime was committed, and of the depositions upon which such warrant may have been issued, shall be produced, with such other evidence or proof as may be deemed competent in the case. In either case a duly authenticated text of the law under which the charge is made shall be attached.

Documents required.

ARTICLE XII.

In every case of a request made by either of the High Contracting Parties for the arrest, detention or extradition of fugitive criminals, the appropriate legal officers of the country where the proceedings of extradition are had, shall assist the officers of the Government demanding the extradition before the respective judges and magistrates, by every legal means within their power; and no claim whatever for compensation for any of the services so rendered shall be made against the Government demanding the extradition; provided, however, that any officer or officers of the surrendering Government so giving assistance, who shall, in the usual course of their duty, receive no salary or compensation other than specific fees for services performed, shall be entitled to receive from the Government demanding the extradition the customary fees for the acts or services performed by them, in the same manner and to the same amount as though such acts or services had been performed in ordinary criminal proceedings under the laws of the country of which they are officers.

Legal assistance.

ARTICLE XIII.

The present Treaty shall be ratified by the High Contracting Parties in accordance with their respective constitutional methods and shall take effect on the date of the exchange of ratifications which shall take place at Kaunas as soon as possible.

The present Treaty shall remain in force for a period of ten years, and in case neither of the High Contracting Parties shall have given notice one year before the expiration of that period of its intention to terminate the Treaty, it shall continue in force until the expiration of one year from the date on which such notice of termination shall be given by either of the High Contracting Parties.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Convention with
Italy to prevent smug-
gling of intoxicating
liquors into United
States.
Preamble.

WHEREAS a Convention between the United States of America and Italy to aid in the prevention of the smuggling of intoxicating liquors into the United States was concluded and signed by their respective Plenipotentiaries at Washington on the third day of June, one thousand nine hundred and twenty-four, the original of which Convention, being in the English and Italian languages, is word for word as follows:

Contracting Powers.

The President of the United States of America and His Majesty the King of Italy being desirous of avoiding any difficulties which might arise between them in connection with the laws in force in the United States on the subject of alcoholic beverages have decided to conclude a Convention for that purpose, and have appointed as their Plenipotentiaries:

Il Presidente degli Stati Uniti d'America e Sua Maestà il Re d'Italia, desiderosi di evitare le difficoltà che potrebbero sorgere tra loro nei riguardi delle leggi in vigore negli Stati Uniti d'America in materia di bevande alcoliche, hanno deciso di concludere una Convenzione a tale scopo ed hanno nominato quali loro Plenipotenziarii

Plenipotentiaries.

The President of the United States of America, Charles Evans Hughes, Secretary of State of the United States;

His Majesty the King of Italy, Signor Augusto Rosso, Counselor of His Embassy at Washington;

Who, having communicated their full powers found in good and due form have agreed as follows:

Il Presidente degli Stati Uniti d'America: l'On.le Charles Evans Hughes, Segretario di Stato degli Stati Uniti;

Sua Maestà il Re d'Italia: il Signor Augusto Rosso, Consigliere della sua Ambasciata in Washington;

I quali, presentati i loro pieni poteri riscontrati nella debita forma, hanno di comune accordo stabilito quanto segue:

ARTICLE I.

Territorial juris-
diction retained.

The High Contracting Parties respectively retain their rights and claims, without prejudice by reason of this agreement, with respect to the extent of their territorial jurisdiction.

ARTICOLO I.

Le Alte Parti Contraenti conservano rispettivamente i propri diritti e le proprie ragioni, senza che possano venir pregiudicate pel fatto del presente accordo, nei riguardi della estensione della loro giurisdizione territoriale.

ARTICLE II.

(1) The Italian Government agrees that it will raise no objection to the boarding of private vessels under the Italian flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

ARTICLE III.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to

ARTICOLO II.

(1) Il Governo italiano consente a non sollevare obiezioni alla visita dei piroscafi privati battenti bandiera italiana, al di là dei limiti delle acque territoriali, da parte delle autorità degli Stati Uniti o dei territori e possedimenti degli Stati Uniti, in modo ch'esse possano rivolgere domande alle persone di bordo ed esaminare i documenti di bordo, allo scopo di accertare se la nave o l'equipaggio tentino di importare bevande alcooliche negli Stati Uniti o nei territori e possedimenti degli Stati Uniti, in violazione delle leggi ivi in vigore. Allorquando da tale inchiesta ed esame risultino fondati sospetti, una visita della nave può essere iniziata.

(2) Se vi è sufficiente motivo per ritenere che la nave ha commesso o sta commettendo o tentando di commettere una infrazione alle leggi degli Stati Uniti e dei territori e possedimenti degli Stati Uniti che proibiscono l'importazione di bevande alcooliche, la nave può essere sequestrata e condotta in un porto degli Stati Uniti, per l'azione giudiziaria a norma delle leggi stesse.

(3) I diritti conferiti dal presente articolo non potranno essere esercitati ad una distanza dalla costa degli Stati Uniti o dei territori e possedimenti degli Stati Uniti che sia maggiore di quella navigabile in un ora dalla nave sospetta dell'infrazione in parola. Tuttavia, nei casi in cui le bevande alcooliche fossero destinate ad essere trasportate agli Stati Uniti, o ai territori e possedimenti degli Stati Uniti da un'altra nave che non quella fermata e perquisita, sarà la velocità di questa altra nave che determinerà la distanza dalla costa entro la quale i diritti conferiti da questo articolo potranno essere esercitati.

ARTICOLO III.

Nessuna penalità sarà applicabile, in base alle leggi degli Stati Uniti, alle bevande alcoo-

Boarding of private Italian vessels outside limits, for inquiry, etc., not objected to.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

Distance from coast limited for boarding, etc., vessels.

Extension if liquor conveyed by other vessel.

Liquors listed as sea stores or cargo for a foreign port, not subjected to penalty, etc.

To be kept under seal while in American waters.

ARTICLE IV.

Action on claims for loss, etc.

Any claim by an Italian vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Reference to Permanent Court of Arbitration.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague, October 18, 1907. The Arbitral Tribunal shall be constituted in accordance with Article 87 (Chapter IV) and with Article 59 (Chapter III) of the said Convention. Tali trasporti saranno considerati a norma del disposto della legge nei riguardi del transito di bevande alcooliche attraverso il Canale di Panama, a condizione che esse siano mantenute sotto suggello durante tutto il tempo in cui la nave che le trasporta rimane entro le dette acque territoriali ad a condizione che nessuna parte di esse sia in qualsiasi tempo o luogo sbareata negli Stati Uniti o nei suoi territori o possedimenti.

ARTICOLO IV.

Qualunque reclamo di indennità da parte di una nave italiana per dichiarate perdite o danni sofferti in seguito a indebito o ingiustificato esercizio dei diritti conferiti dall'articolo II di questo Trattato o per il fatto che non le venne concesso il beneficio dell'articolo III, sarà riferito all'esame in comune di due persone di cui ciascuna delle Alte Parti Contraenti nominerà una.

Sarà dato corso alle raccomandazioni formulate nei rapporti che verranno così presentati di comune accordo. Se tale accordo non potrà essere raggiunto, il reclamo verrà riferito alla Corte Permanente di Arbitrato dell'Aja contemplata dalla Convenzione per la Soluzione Pacifica delle Vertenze Internazionali conclusa all'Aja il 18 ottobre 1907. Il Tribunale arbitrale sarà costituito a norma dell'articolo 87 (Capitolo IV) e dell'articolo 59 (Capitolo III) di detta Convenzione. La procedura sarà regolata a norma di tutta quella parte

said Convention and of Chapter III thereof (special regard being had for Articles 70 and 74, but excepting Articles 53 and 54) as the Tribunal may consider to be applicable and to be consistent with the provisions of this agreement. All sums of money which may be awarded by the Tribunal on account of any claim shall be paid within eighteen months after the date of the final award without interest and without deduction, save as hereafter specified. Each Government shall bear its own expenses. The expenses of the Tribunal shall be defrayed by a ratable deduction of the amount of the sums awarded by it, at a rate of five per cent. on such sums, or at such lower rate as may be agreed upon between the two Governments; the deficiency, if any, shall be defrayed in equal moieties by the two Governments.

Tutte le somme aggiudicate dal Tribunale per qualsiasi reclamo saranno pagate entro diciotto mesi dalla data dell'aggiudicazione finale, senza interessi e senza deduzioni, salvo quanto qui sotto specificato. Ciascun Governo sopporterà le proprie spese. Le spese del Tribunale saranno rimborsate mediante deduzione proporzionale dall'ammontare delle somme da esso aggiudicate, nella misura del cinque per cento di tali somme, od in quella misura più bassa che sarà concordata tra i due Governi; in caso di eventuale deficienza, questa sarà coperta in parti uguali dai due Governi.

Payment of awards.

Expenses, etc.

ARTICLE V.

This Treaty shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Treaty.

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Treaty shall lapse.

If no notice is given on either side of the desire to propose modifications, the Treaty shall remain in force for another year, and so on automatically, but subject always in respect of each such period of a year to the right on either side to propose as provided above three months before its expiration modifications in the Treaty, and to the provision that if such modifications are not agreed upon before the close of

(b) An enclosure which bears an address different from that placed on the cover of the parcel.

(c) Any live animal (except bees, which must be enclosed in boxes so as to avoid all danger to postal officers and to allow the contents to be ascertained).

(d) Any article of which the admission is not authorised by the Customs or other laws or regulations in force in either country.

(e) Any explosive or inflammable article, and, in general, any article of which the conveyance is dangerous.

2. When a parcel contravening any of these prohibitions is handed over by one Administration to the other, the latter shall proceed in accordance with its laws and its inland regulations.

3. The two Postal Administrations shall furnish each other with a list of prohibited articles; but they will not thereby undertake any responsibility whatever towards the police, the Customs authorities, or the senders of parcels.

List of prohibited articles, etc.

VII. *Make up of parcels.*

Make up of parcels.

1. The name and address of the sender and of the addressee must be legibly and correctly written in every case when possible on the parcel itself, or on a tag, label, or a Customs Declaration securely gummed to the parcel, instead of only on a tag tied thereto. Ad-

Requirements.

addresses in pencil are not allowed; but the address may be written with copying ink pencil on a surface previously damped.

Packing.

2. Every parcel shall be packed in a manner adequate for the length of the journey and for the protection of the contents.

Liquids, etc.

3. Any liquid or any substance which easily liquefies shall be packed in a double receptacle. Between the first receptacle (bottle, flask, pot, box, &c.) and the second (box of metal or of strong wood) shall be left a space which shall be filled with sawdust, bran, or some other absorbent material in sufficient quantity to absorb all the liquid contents in the case of breakage.

Despatch notes and customs declarations.

VIII. *Despatch Notes and Customs Declarations.*

To accompany parcels.

1. Each parcel shall be accompanied by a Customs Declaration or by a Despatch Note and as many Customs Declarations as may be required. The Administrations shall inform each other of the number of Customs Declarations to be furnished for each country of destination.

No responsibility for declarations.

2. The Administrations accept no responsibility for the correctness of the Customs Declarations.

Advice of parcels.

IX. *Advice of Parcels.*

Parcel bills provisions.

The uninsured parcels included in each Mail shall be advised on a parcel bill by the simple entry of their total number. Insured and returned parcels, however, shall be advised in the manner prescribed in Articles X and XV respectively.

Each despatching Office of Exchange shall number the parcel bills in the upper left hand corner, commencing each year a fresh series for each Office of Exchange of destination. The last number of the year shall be shown on the parcel bill of the first despatch of the following year.

The exact method of advising parcels sent by one Administration in transit through the other together with any points of procedure in connexion with the advice of Parcels for which provision is not made above shall be settled by mutual arrangement between the contracting Administrations.

Insurance.

X. *Insurance.*

Amount limited.

1. Parcels may be insured up to the sum of £20 or 100 dollars, but no parcel may be insured for an amount above the real value of its contents.

Application.

Until mutually agreed to the contrary, insurance shall apply only to parcels exchanged between the United States, Alaska, Hawaii, and Porto Rico (excluding the other Island possessions of the United States) and Great Britain and Northern Ireland.

Fees.

The administration of origin is entitled to collect from the sender of each insured parcel such insurance fees as may from time to time be prescribed by its regulations.

Required of precious articles, etc.

Every parcel containing coin, bullion, jewellery, or any other precious article must be insured. If a parcel containing coin, bullion, jewellery or any other precious article is posted uninsured the Administration which delivers it shall treat it in accordance with its own regulations. Every parcel containing jewellery or any other precious article exceeding £100 (\$500) in value must be packed in a box measuring not less than 2 feet 6 inches in length and girth combined.

Sacks required.

Insured parcels shall be enclosed in separate sacks from those in which ordinary parcel-post packages are contained and the labels

of such sacks shall be marked with such distinctive symbol as may from time to time be agreed upon.

Seals.

All insured parcels exchanged must be closed and securely sealed with wax or otherwise, but the country of destination shall have the right to open them (including the right to break the seals) in order to inspect the contents. Parcels that have been so opened shall be closed again with official seals. Either country may require a special impress or mark of the sender in the sealing of insured parcels mailed in its service as a means of protection.

2. Insured parcels shall not be addressed to initials.

Addressing, etc.

Each insured parcel must be labelled "Insured" in a conspicuous manner and must bear a distinguishing number. The Customs Declaration, if not gummed to the parcel, must also be labelled "Insured".

No insured parcel need have written on it information as to the value of its contents, although this may be stated in the accompanying customs declaration.

The labels or stamps on insured parcels containing coin, articles of gold or silver, jewellery or other precious articles must be so placed that they cannot serve to conceal injuries to the cover. They must not be folded over two sides of the cover so as to hide the edge.

3. The sender of an insured parcel may obtain an advice of delivery upon payment of such additional charge, if any, as the country of origin of the parcel shall stipulate. A fee may be charged, at the option of the country of origin, on a request for information as to the disposal of an insured parcel made after it has been posted, if the sender has not already paid the special fee to obtain an advice of delivery. These fees will be retained by the country of origin.

Advice of delivery.

When an advice of delivery is desired, the sender or office of origin shall write or stamp on the parcel, in a conspicuous manner, the words, "Return receipt requested", "Advice of delivery requested", or, boldly, the letters "A R".

Form.

The form of advice of delivery is made out by the office of origin or by any other office which the country of origin may appoint. If it does not reach the office of destination, that office supplies an advice of delivery if the parcel bears request therefor.

Advices of delivery, after being completed, shall, unless otherwise requested by the country of origin be returned direct to the sender by ordinary mail without charge for postage.

When, after an insured parcel has been posted, the sender applies for an advice of delivery, the office of origin enters on a form of advice of delivery an exact description of the parcel (office of origin, date of posting, number, and name and address of sender and of addressee). This form is transmitted from administration to administration with an indication of the mail in which the parcel under inquiry was delivered to the corresponding office of exchange. The office of destination completes the form, and returns it to the sender unless otherwise requested by the country of origin.

Application after posting.

If an advice of delivery duly applied for by the sender at the time of posting is not received back at the office of origin at the end of a proper interval, an inquiry for the missing advice shall be instituted in accordance with the procedure prescribed by the preceding paragraph. The Office of origin shall enter at the top of the form of Advice of delivery the note "Duplicate Advice of Delivery" or some equivalent expression.

Action if advice not received.

4. The insured parcels shall be entered by the dispatching office of exchange on separate parcel bills which shall show in respect of each parcel, the insurance number and the office (and state or

Separate parcel bills.

country) of origin. Additional indicia may be required from time to time if found necessary.

Notice of damage,
ote.

5. Parcels bearing evidence of violation or damage must have the facts noted on them and be marked with the stamp of the office making the note, or a document drawing attention to the violation or damage must be forwarded with the parcels.

Nondelivery of in-
sured parcels.

6. If an insured parcel cannot be delivered as addressed or is refused by the addressee, the parcel shall be treated in accordance with Article XV. Such a parcel if returned, shall be returned as insured.

Redirected parcels.

7. When an insured parcel is redirected to either country or is returned to the country of origin, a new insurance fee shall be collected upon delivery and retained by the country making the collection. The Post Office making delivery shall fix the amount of such fee in accordance with its regulations.

Indemnity pro-
visions.

8. Except in cases of loss or damage through force majeure (causes beyond control) as that term is defined by the legal decisions of the country in the service of which the loss or damage occurs, when an insured parcel has been lost or damaged or all or part of its contents abstracted, the sender, or in default of or at the request of the sender, the addressee, shall be entitled to an indemnity corresponding to the actual amount, based on the actual value at the time of mailing, of the loss, abstraction, or damage, unless the damage has arisen from the fault or negligence of the sender or the addressee or the representative of either, or from the nature of the article, provided always that the indemnity does not exceed the sum for which the parcel was insured and for which the required insurance fee was paid.

Postage on lost par-
cels to be returned.

The sender of an insured parcel which has been lost, or of which the contents have been lost or completely destroyed in the post, shall also be entitled to the return of the postage. He is not, however, entitled to the return of the insurance fee.

No compensation if
alleged contents above
real value.

In case the sender of an insured parcel, with intent to defraud, shall at any time allege the contents to be above their real value, he shall lose all claim to compensation or to the return of the postage, and the enforcement of this rule shall not prejudice any legal proceedings to which such fraudulent declaration may have rendered him liable.

Office responsible for
indemnity.

The obligation of paying the indemnity shall rest with the country to which the mailing office is subordinate. That country can make a claim on the country responsible, that is to say, against the administration on the territory or in the service of which the loss, abstraction, or damage took place.

Until the contrary is proved, responsibility for an insured parcel rests with the country which having received the parcel without making any observation cannot establish correct delivery or other proper disposition.

Responsibility for loss damage or for abstraction discovered by the receiving Office of Exchange at the time of opening the receptacles and duly notified to the despatching Office of Exchange by verification note shall fall upon the Administration to which the despatching Office of Exchange is subordinate unless it be proved that the loss damage or abstraction occurred during transit in the service of the receiving Administration.

If the loss, abstraction, or damage occurred in the course of conveyance, and it shall not be possible to ascertain on the territory or in the service of which country the loss, abstraction, or damage took place, the indemnity shall be shared equally.

No responsibility if
receipted for without
reservation.

No responsibility will be admitted for insured parcels for which the sender or addressee or authorized representative of either has given a receipt and accepted delivery without reservation, nor for

articles which cannot be accounted for in consequence of the destruction of official documents through causes beyond control.

No indemnity will be paid for insured parcels which contain matter of no intrinsic value or matter prohibited transmission in the parcel-post mails exchanged between the United States and Great Britain and Northern Ireland, or which did not conform to the stipulations of this Agreement or which were not posted in the manner prescribed; but the country responsible for the loss, damage or abstraction may pay indemnity in respect of such parcels without recourse to the other Administration.

No indemnity if parcel of no intrinsic value, or prohibited matter.

No application for indemnity will be entertained unless a claim or an initial inquiry oral or written shall be filed by claimant or his representative within a year commencing with the day following the posting of the insured parcel.

Time for filing claims.

The payment of indemnity by the country of origin must take place as soon as practicable and at the latest within a year of the date of the application. The country of origin is, however, authorised to settle with the sender on behalf of the country of destination which has after being duly informed of the application for indemnity let nine months pass without settling the matter. The dispatching country may exceptionally postpone settlement of the indemnity beyond the period mentioned, when, on expiration of the period, it has not been definitely informed as to the disposal of the article inquired for or when the question whether the loss of the article is due to a cause beyond control is not yet decided.

Payment provisions.

The country responsible or on whose behalf the payment is made is bound to make good without delay, the amount of indemnity paid.

Refund by country responsible.

No compensation shall be given for injury or damage consequential upon, i. e. indirectly arising from, the loss, damage, delay, non-delivery, or mis-delivery of any insured parcel transmitted under this Agreement.

Indirect damages.

The final decision upon all questions of compensation rests with the administration of the country in which the loss or damage has taken place.

Decision of compensation.

XI. *Check by Offices of Exchange.*

Check by exchange offices.

1. On the receipt of a Mail the receiving Office of Exchange shall check it and, if necessary, shall report missing articles or other irregularities by means of a verification note.

Verification note.

2. Any differences which may be noticed in the credits and accounting shall be notified to the dispatching Office of Exchange by verification note. The accepted verification notes shall be attached to the parcel bills to which they relate. Corrections not supported by vouchers are not admitted.

Notification of differences.

XII. *Fees for delivery and for Customs formalities. Demurrage charges.*

Fees.

The Post Office of the country of destination may collect from the addressees, for delivery and for the fulfilment of Customs formalities, a charge not exceeding 6d. (12 cents) for each parcel.

Customs.

Each country may impose reasonable storage or demurrage charges in case the addressee fails to accept delivery of any parcel within such reasonable time as is prescribed by the Country of destination. Any such charges shall be cancelled in the event of the return of the parcel to the country of origin.

Demurrage.

Redirection.	XIII. <i>Redirection.</i>
Additional charge.	Any parcel redirected within the country of destination shall be liable to such additional charges as may be prescribed by the domestic regulations of that country.
Other postal charge.	XIV. <i>Postal charges other than those prescribed not to be collected.</i>
Parcels not subject thereto.	The parcels to which the present Agreement applies shall not be subjected to any postal charge other than those contemplated by the different Articles of this Agreement.
Nondelivery.	XV. <i>Non-delivery.</i>
Return to sender.	1. In the absence of a request by the sender to the contrary, a parcel which cannot be delivered shall be returned to the sender without previous notification and at his expense.
Request by sender.	2. The sender of a parcel may request, at the time of posting that, if the parcel cannot be delivered as addressed, it may be either (a) treated as abandoned, or (b) tendered for delivery at a second address in the country of destination. No other alternative is admissible. If the sender avails himself of this facility, his request must appear on the parcel or on a Despatch Note or Customs Declaration attached to or stuck on the parcel and must be in conformity with or analogous to one of the following forms:— “If not deliverable as addressed—“abandon.” “If not deliverable as addressed—“deliver to .”
Application.	3. Paragraphs 1 and 2 of this Article apply only to terminal parcels and to transit parcels exchanged between the United States of America and the countries of the British Empire other than India. The sender of any other transit parcel which cannot be delivered shall be consulted as to the disposal of the parcel unless the country of destination has made other arrangements with the country of origin. Any advice of non-delivery shall be sent directly from the country of destination to the country of origin.
Collection of charges.	4. Any charges due in respect of the return or the redirection of a parcel from one country to the other, shall be collected from the sender or the addressee as the case may be.
Entry on parcel bill.	5. Particulars of each Returned parcel on which accrued charges are due to the returning office shall be entered on the parcel bill with the addition of the word “Returned”. Other returned parcels shall be advised in the same manner as ordinary parcels.
Perishable articles.	6. Articles liable to deterioration or corruption, and these only, may, however be sold immediately even on the outward or return journey, without previous notice or judicial formality for the benefit of the right party. The sum realized by the sale shall be used in the first place to defray the charges upon the parcel; any balance which there may be shall be remitted to the Office of origin to be paid to the sender, on whom the expense of forwarding it shall fall. If for any reason a sale is impossible, the spoilt or worthless articles shall be destroyed. The sale or destruction shall be recorded.
Cancellation of customs charges.	7. Provided that the formalities prescribed by the Customs Authorities concerned are fulfilled, the Customs charges, properly so called, on parcels destroyed, abandoned by the sender, sent back to the country of origin, or redirected to another country, shall be cancelled both in Great Britain and Northern Ireland and in the United States of America.

XVI. *Retransmission.*

1. Missent parcels shall be forwarded to their destination by the most direct route at the disposal of the office retransmitting them. When this retransmission involves the return of the parcels to the office of origin, the retransmitting office of exchange shall credit that office with the allowances received after having called attention to the error by means of a Verification Note.

2. In the contrary case, and if the amount allowed by the despatching office to the retransmitting office is insufficient to cover the expenses of retransmission which it has to defray, it shall recover the difference by making a suitable amendment to the parcel bill of the despatching office of exchange. The reason for this amendment shall be notified to the said office by means of a verification note.

When a parcel has been wrongly allowed to be despatched in consequence of an error on the part of the postal service, and has for this reason to be returned to the country of origin, the procedure followed shall be the same as if the parcel had to be sent back to the despatching office in consequence of missending.

3. A re-directed parcel shall be accompanied by the Despatch Note, if any, prepared by the Office of origin. In case the parcel, for any reason whatsoever has to be repacked or the original Despatch Note replaced by a substitute note it is essential that the name of the office of origin of the parcel and the original serial number appear both on the parcel and on the Despatch Note.

XVII. *Responsibility not accepted for uninsured parcels.*

Neither the sender nor the addressee of an uninsured parcel shall be entitled to compensation for the loss of the parcel or for the abstraction of or damage to its contents.

XVIII. *Receptacles.*

Each Administration shall provide the bags necessary for the despatch of its parcels. The bags shall be returned empty to the country of origin by the next Mail. Empty bags shall be made up in bundles of ten (nine bags enclosed in one) and the total number of such bags shall be advised on the parcel bill.

“(Quote) ARTICLE 1.

Post, p. 1873.

“The territory over which a mandate is conferred upon His Majesty the King of the Belgians (hereinafter called the Mandatory) comprises that part of the territory of the former colony of German East Africa situated to the west of the following line:

“From the point where the frontier between the Uganda Protectorate and German East Africa cuts the River Mavumba, a straight line in a south-easterly direction to point 1640, about 15 kilomètres south-south-west of Mount Gabiro;

“Thence a straight line in a southerly direction to the north shore of Lake Mohazi, where it terminates at the confluence of a river situated about 2½ kilomètres west of the confluence of the River Msilala;

“If the trace of the railway on the west of the River Kagera between Bugufi and Uganda approaches within 16 kilometres of the line defined above, the boundary will be carried to the west, following a minimum distance of 16 kilometres from the trace, without, however, passing to the west of the straight line joining the terminal point on Lake Mohazi and the top of Mount Kivisa (point 2100), situated on the Uganda-German East Africa frontier about 5 kilometres south-west of the point where the River Mavumba cuts this frontier;

Considérant que quatre des Principales Puissances Alliées et Associées à savoir: l'Empire Britannique, la France, l'Italie et le Japon ont convenu que la Belgique exercerait le mandat sur une partie du territoire de l'ancienne colonie de l'Afrique Orientale allemande;

“Du point où la frontière entre le Protectorat de l'Uganda et l'Afrique Orientale Allemande coupe la rivière Mavumba, dans la direction du Sud Est, une ligne droite aboutissant à la côte (1640) à 15 kilomètres environ au S. S. O. du Mont Gabiro;

“De là, une droite dans la direction du Sud, jusqu'à la rive nord du lac Mohasi, où elle aboutit en un confluent de rivière situé à 2 kilomètres 5 environ, à l'ouest du confluent de la rivière Msilala;

“Si le tracé du chemin de fer à l'ouest de la rivière Kagera, entre le Bugufi et l'Uganda, s'approchait de la ligne définie ci-dessus à moins de 16 kilomètres, la frontière serait reportée vers l'ouest suivant une ligne à une distance minimum de 16 kilomètres du tracé, sans toutefois dépasser, à l'ouest, la droite qui joint le point d'aboutissement au lac Mohasi au sommet du Mont Kivisa (2100) situé sur la frontière Uganda-Afrique Orientale Allemande, à 5 kilomètres environ au S. O. du point où la rivière Mavumba coupe cette frontière.

“Thence a line south-east-wards to meet the southern shore of Lake Mohazi;

“Thence the watershed between the Taruka and the Mka-range rivers and continuing southwards to the north-eastern end of Lake Mugesera;

“Thence the median line of this lake and continuing southwards across Lake Ssake to meet the Kagera;

“Thence the course of the Kagera downstream to meet the western boundary of Bugufi;

“Thence this boundary to its junction with the eastern boundary of Urundi;

“Thence the eastern and southern boundary of Urundi to Lake Tanganyika.

“The frontier described above is shown on the attached British 1:1,000,000 map G. S. G. S. 2932. The boundaries of Bugufi and Urundi are drawn as shown in the Deutscher Kolonialatlas (Dietrich-Reimer) scale 1:1,000,000 dated 1906.

“In case any dispute should arise in connection with the work of these Commissioners, the question shall be referred to the Council of the League of Nations, whose decision shall be final.

“The final report by the Boundary Commission shall give the precise description of this Boundary as actually demarcated on the ground; the necessary maps shall be annexed thereto and signed by the Commissioners. The report, with its annexes, shall be made in triplicate; one copy shall be deposited in the archives of the

“Le rapport définitif de la Commission de délimitation donnera la description exacte de la frontière, telle qu'elle aura été déterminée sur le terrain; les cartes signées par les Commissaires seront jointes au rapport. Mandate—Contd.

“Concessions having the character of a general monopoly shall not be granted. Modification of Mandate boundary.

Ante, p. 1864.

Whereas, the boundary of the mandate conferred upon His Majesty the King of the Belgians over the territory of Ruanda-Urundi and recited in the preamble of the Treaty concerning the mandate concluded between the United States of America and Belgium on April 18, 1923, has been modified by a common accord between the British and Belgian Governments with the approval given by the Council of the League of Nations at its meeting of the 31 of August, 1923, in order better to safeguard the interests of the native populations; and,

Assent of United States required.

Ante, p. 1871.

Whereas, by article V of the Treaty referred to above nothing contained in the Treaty shall be affected by any modification which may be made in the terms of the mandate as recited in the Treaty unless such modification shall have been assented to by the United States of America; and,

Modification not objected to.

Whereas, the Government of the United States of America perceives no objection to the modification in question,

Considérant qu'afin de mieux sauvegarder les intérêts des populations indigènes la frontière du mandat conféré à Sa Majesté le Roi des Belges sur le territoire du Ruanda Urundi décrite dans le préambule du Traité concernant ce mandat et conclu entre les Etats-Unis d'Amérique et la Belgique, le 18 avril 1923, a été modifiée d'un commun accord entre les Gouvernements britannique et belge avec l'approbation du Conseil de la Société des Nations, approbation donnée par celui-ci dans sa séance du 31 août 1923;

Considérant qu'en vertu de l'article 5 du Traité précité les modifications qui pourraient être apportées aux termes du mandat tels qu'ils sont reproduits dans le Traité seront sans effet sur aucune des stipulations du Traité à moins que ces modifications n'aient reçu l'assentiment des Etats-Unis d'Amérique;

Considérant que le Gouvernement des Etats-Unis d'Amérique n'aperçoit aucune objection à formuler à la modification intervenue;

The Governments of the United States of America and Belgium have resolved to amend the Treaty signed on April 18, 1923, between the two countries and have named for this purpose their respective plenipotentiaries

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

WHEREAS a convention between the United States of America and Panama to aid in preventing the smuggling of intoxicating liquors into the United States was concluded and signed by their respective Plenipotentiaries at Washington on the sixth day of June, one thousand nine hundred and twenty-four, the original of which convention, being in the English and Spanish languages, is word for word as follows:

Convention with Panama to prevent smuggling of intoxicating liquors into United States.
Preamble.

The President of the United States of America and the President of the Republic of Panama being desirous of avoiding any difficulties which might arise between them in connection with the laws in force in the United States on the subject of alcoholic beverages have decided to conclude a Convention for that purpose, and have appointed as their Plenipotentiaries:

El Presidente de los Estados Unidos de América y el Presidente de la República de Panamá, desearos de evitar cualesquiera dificultades que puedan surgir entre ellos en relación con las leyes vigentes de los Estados Unidos en materia de bebidas alcohólicas, han decidido celebrar una convención con tal objeto y han nombrado como Plenipotenciarios:

Contracting Powers.

The President of the United States of America, Charles Evans Hughes, Secretary of State of the United States of America, and

El Presidente de los Estados Unidos de América a Charles Evans Hughes, Secretario de Estado de los Estados Unidos de América, y

Plenipotentiaries.

The President of Panama, Ricardo J. Alfaro, Envoy Extraordinary and Minister Plenipotentiary of the Republic of Panama in Washington,

El Presidente de Panamá a Ricardo J. Alfaro, Enviado Extraordinario y Ministro Plenipotenciario de la República de Panamá en Washington,

Who, having communicated their full powers found in good and due form, have agreed as follows:

quienes, habiéndose comunicado sus Plenos Poderes, los que han sido hallados en buena y debida forma, han convenido en lo siguiente:

ARTICLE I.

ARTICULO I.

The High Contracting Parties declare that it is their firm intention to uphold the principle that three marine miles extending from the coast line outwards and measured from low-water mark constitute the proper limits of territorial waters.

Las Altas Partes Contratantes declaran que es su firme intención mantener el principio de que tres millas marítimas que se extiendan de la línea de la costa hacia afuera y medidas desde la línea de la baja mar, constituyen el límite propio de las aguas territoriales.

Territorial jurisdiction retained.

ARTICLE II.

ARTICULO II.

Boarding of private Panaman vessels outside limits, for inquiry, etc., not objected to.

(1) The President of Panama agrees that Panama will raise no objection to the boarding of private vessels under the Panaman flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions, in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examinations show a reasonable ground for suspicion, a search of the vessel may be initiated.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

Distance from coast limited to boarding, etc., vessels.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense, and shall not be exercised in waters adjacent to territorial waters of the Canal Zone. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

Canal Zone waters excepted.

Extension if liquor conveyed by other vessel.

(1) El Presidente de Panamá conviene en que Panamá no hará objeción a que las naves de propiedad particular que naveguen bajo la bandera de Panamá sean visitadas fuera de los límites de las aguas territoriales por las autoridades de los Estados Unidos, sus territorios o posesiones, a fin de que puedan ser indagadas las personas que se hallen a bordo y se examinen los papeles del buque con el objeto de verificar si la nave o los que se encuentran a bordo tratan de importar o han importado bebidas alcohólicas a los Estados Unidos, sus territorios o posesiones, en contravención de las leyes allí vigentes. Cuando tales indagatorias y examen den motivo razonable para sospechas, se podrá proceder al registro de la nave.

(2) Si hubiere motivos fundados para creer que la nave ha cometido o está cometiendo o intentando cometer un delito contra las leyes de los Estados Unidos, sus territorios o posesiones, que prohíben la importación de bebidas alcohólicas, la nave puede ser apresada y llevada a un puerto de los Estados Unidos, sus territorios o posesiones para su juzgamiento de acuerdo con tales leyes.

(3) Los derechos conferidos en este artículo no serán ejercidos a mayor distancia de la costa de los Estados Unidos, sus territorios o posesiones de la que puede atravesar en una hora la nave que se sospecha trata de cometer el delito, y no serán ejercidos en aguas adyacentes a las aguas territoriales de la Zona del Canal. No obstante, en casos en que se tiene la intención de llevar licor a los Estados Unidos, sus territorios o posesiones por una nave distinta de la que ha sido visitada y registrada, la velocidad de esta otra nave y no la velocidad de la nave visitada será la que determine la distancia de la costa dentro de la cual puede ejercerse el derecho conferido en este artículo.

ARTICLE III.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board Panaman vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

ARTICLE IV.

Any claim by a Panaman vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague, October 18, 1907. The Arbitral Tribunal shall be constituted in accordance with Article 87 (Chapter IV) and with Article 59 (Chapter III) of the said Convention. The proceedings shall

ARTICULO III.

No estarán sujetos a pena ni comiso, según las leyes de los Estados Unidos, ni los licores alcohólicos ni las naves ni las personas por razón del transporte de tales licores, cuando ellos sean declarados como aprovisionamiento de la nave o como carga destinada a un puerto fuera de los Estados Unidos, sus territorios o posesiones, a bordo de naves panameñas que viajen de o para puertos de los Estados Unidos, sus territorios o posesiones, o que pasen por sus aguas territoriales, y tal transporte será como el que establece la ley con respecto al tránsito de licores por el Canal de Panamá, a condición de que tales licores sean mantenidos constantemente bajo sello mientras la nave que los lleva permanezca dentro de dichas aguas territoriales y a condición de que tales licores no sean descargados en ningún tiempo ni lugar dentro de los Estados Unidos, sus territorios o posesiones.

ARTICULO IV.

Las reclamaciones de indemnización por naves panameñas a causa de haber sufrido pérdida o perjuicio por el ejercicio impropio o arbitrario de los derechos conferidos por el Artículo II de este Tratado, o a causa de no haberseles concedido el beneficio del Artículo III, serán sometidas a la consideración conjunta de dos personas, una de las cuales será nombrada por cada una de las Altas Partes Contratantes.

Las recomendaciones contenidas en una decisión conjunta serán hechas efectivas. Si no hubiere acuerdo para tal decisión conjunta, la reclamación será sometida a la Corte Permanente de Arbitraje de La Haya que se describe en la Convención para el Arreglo Pacífico de Disputas Internacionales celebrada en La Haya el 18 de Octubre de 1907. El Tribunal Arbitral será constituido de conformidad con el Artículo 87 (Capítulo IV) y con el Artículo 58 (Capítulo III) de dicha Convención. El procedi-

be regulated by so much of Chapter IV of the said Convention and of Chapter III thereof (special regard being had for Articles 70 and 74, but excepting Articles 53 and 54) as the Tribunal may consider to be applicable and to be consistent with the provisions of this agreement.

Payment of awards. All sums of money which may be awarded by the Tribunal on account of any claim shall be paid within eighteen months after the date of the final award without interest and without deduction, save as hereafter specified.

Expenses. Each Government shall bear its own expenses. The expenses of the Tribunal shall be defrayed by a ratable deduction of the amount of the sums awarded by it, at a rate of five per cent. on such sums, or at such lower rate as may be agreed upon between the two Governments; the deficiency, if any, shall be defrayed in equal moieties by the two Governments.

ARTICLE V.

Duration, and exchange of ratifications.

This Treaty shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Notice of proposed modifications.

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Treaty.

Treaty to lapse if modifications not agreed upon.

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Treaty shall lapse.

Continued from year to year if no modification proposed.

If no notice is given on either side of the desire to propose modifications, the Treaty shall remain in force for another year, and so on automatically, but subject always in respect of each such period of a year to the right on either side to propose as provided above three months before its expiration modifications in the Treaty, and to the provision that if such modifications are not agreed upon before the close of the period of one year, the Treaty shall lapse.

miento será determinado por las disposiciones del Capítulo IV de dicha Convención y del Capítulo III de la misma, (teniéndose especialmente en cuenta los Artículos 70 y 74, pero exceptuándose los Artículos 53 y 54) que el Tribunal considere aplicables y concordes con las estipulaciones de este Convenio. Las sumas que falle el Tribunal en virtud de una reclamación serán pagadas dentro de los diez y ocho meses siguientes a la fecha del fallo definitivo sin interés y sin ninguna deducción, salvo la que se especifica más adelante. Cada Gobierno cubrirá sus propios gastos. Los gastos del Tribunal serán sufragados mediante una deducción proporcional del monto de las sumas falladas, a la rata del cinco por ciento sobre dichas sumas o a una rata menor que puedan acordar los dos Gobiernos. Si hubiere alguna deficiencia, será cubierta por partes iguales por los dos Gobiernos.

ARTICULO V.

Este Tratado queda sujeto a ratificación y estará en vigor por el período de un año a contar de la fecha del canje de ratificaciones.

Tres meses antes de la expiración de dicho período de un año cualquiera de las Altas Partes Contratantes puede dar aviso de su deseo de proponer modificaciones a los términos del Tratado.

Si no hubiere acuerdo respecto a tales modificaciones antes de expirar el término de un año arriba mencionado, el Tratado caducará.

Si ninguna de las dos partes manifestare a la otra el deseo de proponer modificaciones, el Tratado continuará en vigencia por un año más y así sucesivamente, pero con sujeción siempre respecto de cada período de un año al derecho de ambas partes de proponer modificaciones al Tratado tres meses antes de su expiración y con sujeción igualmente a la estipulación de que a falta de acuerdo sobre tales modificaciones antes de terminar el período de un año, el Tratado caducará.

ARTICLE VI.

ARTICULO VI.

In the event that either of the High Contracting Parties shall be prevented either by judicial decision or legislative action from giving full effect to the provisions of the present Treaty the said Treaty shall automatically lapse, and, on such lapse or whenever this Treaty shall cease to be in force, each High Contracting Party shall enjoy all the rights which it would have possessed had this Treaty not been concluded.

The present Convention shall be duly ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof and by the President of Panama in accordance with the requirements of the Panaman Constitution; and the ratifications shall be exchanged at Washington as soon as possible.

In witness whereof, the respective Plenipotentiaries have signed the present Convention in duplicate and have thereunto affixed their seals.

§ 1.

1.

1° Dans un délai de trois mois à dater de la mise en vigueur du présent Traité, toutes les revendications territoriales qui auraient déjà été formulées auprès des Gouvernements des diverses Puissances antérieurement à la signature du présent Traité devront être notifiées par le Gouvernement du réclamant à un Commissaire chargé d'examiner ces revendications. Ce Commissaire sera un juge ou un jurisconsulte de nationalité danoise possédant les qualités nécessaires et désigné par le Gouvernement danois.

2° Cette notification devra comprendre une délimitation exacte de l'étendue du terrain revendiqué, et être accompagnée d'une carte, qui sera établie à l'échelle d'au moins 1/1,000,000, et sur laquelle sera indiqué clairement le terrain revendiqué.

3° La notification devra être accompagnée du dépôt de la somme d'un penny (1 d.) par acre (40 ares) de terrain revendiqué, pour couvrir les frais occasionnés par l'examen des revendications.

4° Le Commissaire pourra requérir des réclamants la production de tous autres documents, actes ou information qu'il jugerait nécessaires.

5° Le Commissaire examinera les revendications ainsi notifiées. A cette fin, il pourra recourir à telle assistance technique qu'il jugerait nécessaire et, le cas échéant, faire procéder à une enquête sur place.

6° La rémunération du Commissaire sera fixée d'un commun accord par le Gouvernement danois et les autres Gouvernements intéressés. Le Commissaire fixera lui-même la rémunération des adjoints qu'il jugera nécessaire d'employer.

(1) Within three months from the coming into force of the present Treaty, notification of all claims to land which had been made to any Government before the signature of the present Treaty must be sent by the Government of the claimant to a Commissioner charged to examine such claims. The Commissioner will be a judge or jurisconsult of Danish nationality possessing the necessary qualifications for the task, and shall be nominated by the Danish Government.

(2) The notification must include a precise delimitation of the land claimed and be accompanied by a map on a scale of not less than 1/1,000,000 on which the land claimed is clearly marked.

(3) The notification must be accompanied by the deposit of a sum of one penny for each acre (40 ares) of land claimed, to defray the expenses of the examination of the claims.

Deposit to defray expenses of examination.

(4) The Commissioner will be entitled to require from the claimants any further documents or information which he may consider necessary.

Further documents if necessary.

(5) The Commissioner will examine the claims so notified. For this purpose he will be entitled to avail himself of such expert assistance as he may consider necessary, and in case of need to cause investigations to be carried out on the spot.

(6) The remuneration of the Commissioner will be fixed by agreement between the Danish Government and the other Governments concerned. The Commissioner will fix the remuneration of such assistants as he considers it necessary to employ.

Remuneration of Commissioner, etc.

Report by the Commissioner after examining the claims.

7° Après examen des réclamations, le Commissaire préparera un rapport indiquant avec précision les réclamations qui, d'après lui, doivent être immédiatement reconnues fondées et celles qui, par suite de contestation ou pour tout autre cause, devraient, à son avis, être soumises à l'arbitrage comme il est dit ci-après. Des copies de ce rapport seront transmises par le Commissaire aux Gouvernements intéressés.

If deposit insufficient to cover expenses of examination, further sum required.

8° Si le chiffre des sommes déposées en vertu de l'alinéa 3° ne suffit pas à couvrir les frais occasionnés par l'examen des revendications, le Commissaire, si la revendication lui paraît fondée, indiquera immédiatement le supplément à verser par le réclamant. Le montant de cette somme sera fixé d'après l'étendue du terrain sur lequel les titres du réclamant auront été reconnus justifiés.

Si le montant des sommes déposées en vertu de l'alinéa 3° venait à dépasser celui desdits frais, le solde en serait affecté au paiement des frais de l'arbitrage prévu ci-après.

9° Dans un délai de trois mois à dater du rapport prévu à l'alinéa 7° du présent paragraphe, le Gouvernement norvégien prendra les mesures nécessaires pour conférer au réclamant dont le Commissaire aura reconnu la réclamation justifiée, un titre valable lui assurant la propriété exclusive sur le terrain en question, d'accord avec les lois et les règlements qui sont ou seront en vigueur dans les régions visées à l'article 1^{er} du présent Traité et sous réserve des règlements miniers visés à l'article 8 dudit Traité.

Provisional title if further payment required for examination expenses.

Toutefois, dans le cas où un versement complémentaire serait nécessaire en vertu de l'alinéa 8 ci-dessus, il ne sera délivré qu'un titre provisoire qui deviendra définitif dès que le réclamant aura effectué ledit versement dans tel délai convenable, que pourra fixer le Gouvernement norvégien.

(7) The Commissioner, after examining the claims, will prepare a report showing precisely the claims which he is of opinion should be recognised at once and those which, either because they are disputed or for any other reason, he is of opinion should be submitted to arbitration as hereinafter provided. Copies of this report will be forwarded by the Commissioner to the Governments concerned.

(8) If the amount of the sums deposited in accordance with clause (3) is insufficient to cover the expenses of the examination of the claims, the Commissioner will, in every case where he is of opinion that a claim should be recognised, at once state what further sum the claimant should be required to pay. This sum will be based on the amount of the land to which the claimant's title is recognised.

If the sums deposited in accordance with clause (3) exceed the expenses of the examination, the balance will be devoted to the cost of the arbitration hereinafter provided for.

(9) Within three months from the date of the report referred to in clause (7) of this paragraph, the Norwegian Government shall take the necessary steps to confer upon claimants whose claims have been recognised by the Commissioner a valid title securing to them the exclusive property in the land in question, in accordance with the laws and regulations in force or to be enforced in the territories specified in Article 1 of the present Treaty, and subject to the mining regulations referred to in Article 8 of the present Treaty.

In the event, however, of a further payment being required in accordance with clause (8) of this paragraph, a provisional title only will be delivered, which title will become definitive on payment by the claimant, within such reasonable period as the Norwegian Government may fix, of the further sum required of him.

§ 2.

In this connection the Tribunal shall take into account the extent to which the claimants may have been prevented from developing their undertakings by conditions or restrictions resulting from the war of 1914-1919.

10° Toutes les dépenses du Tribunal seront partagées entre les réclamants dans la proportion fixée par le Tribunal. Dans le cas où le montant des sommes déposées selon les stipulations de l'alinéa 6° viendrait à dépasser celui des frais du Tribunal, le solde en serait remboursé aux personnes dont les réclamations ont été admises, et cela dans la proportion jugée équitable par le Tribunal.

The Norwegian Government shall within three months from the receipt of each decision take the necessary steps to confer upon the claimants whose claims have been recognised by the Tribunal a valid title to the land in question, in accordance with the laws and regulations in force or to be enforced in the territories specified in Article 1, and subject to the mining regulations referred to in Article 8 of the present Treaty. To the people of the United States:

In the inscrutable wisdom of Divine Providence, Warren Gamaliel Harding, twenty-ninth President of the United States, has been taken from us. The nation has lost a wise and enlightened statesman and the American people a true friend and counsellor whose whole public life was inspired with the desire to promote the best interests of the United States and the welfare of all its citizens. His private life was marked by gentleness and brotherly sympathy, and by the charm of his personality he made friends of all who came in contact with him.

I earnestly recommend the people to assemble on that day in their respective places of divine worship, there to bow down in submission to the will of Almighty God, and to pay out of full hearts the homage of love and reverence to the memory of the great and good President, whose death has so sorely smitten the nation.

A PROCLAMATION

National Fire Pre-
vention Day.
Preamble.

WITH the approach of October 9th, anniversary of the great Chicago fire, it is customary for the Chief Executive to direct attention each year to the enormous fire loss of the nation and to propose the observance of that date as National Fire Prevention Day. I am informed that the national fire loss for 1922 approximated fifteen thousand lives and somewhat more than five hundred million dollars. If this is correct, or even approximately correct, it indicates that the 1922 fire waste was the largest since 1906, when the fearful San Francisco conflagration brought the total to above five hundred million dollars. The fact that, with all our improvement of methods in most directions, the fire loss continues to mount upward year by year places a striking point of interrogation opposite our claims of high national efficiency. I am informed that in 1912, which was not an exceptional year, the per capita fire loss of the country was \$2.16, and that in 1922 it was \$4.67. The importance of every possible measure to reduce this loss is so apparent as to require no argument. The specialists in this subject agree that probably the greater part of the loss is due to human factors, such as carelessness and moral hazards; another large portion to poor construction, inefficient enforcement of building regulations, and the like. All of these are subject to correction through proper procedures, and it is highly desirable that public attention be directed to them and every encouragement given to measures for lessening the fire menace.

In view of these facts

Recommending ob-
servance of October 9,
1923, as.

NOW, THEREFORE, I, Calvin Coolidge, President of the United States, designate Tuesday, October 9th, as National Fire Prevention Day, and recommend that it be observed in a manner most fitting. I particularly recommend the importance of educational effort through the schools, industrial establishments, and in the homes.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

A PROCLAMATION

FROM its earliest beginnings, America has been devoted to the cause of education. This country was founded on the ideal of ministering to the individual. It was realized that this must be done by the institutions of religion and government. In order that there might be a properly educated clergy and well trained civil magistrates, one of the first thoughts of the early settlers was to provide for a college of liberal culture, while for the general diffusion of knowledge, primary schools were established. This course was taken as the necessary requirement of enlightened society.

National Education
Week.
Preamble.

Such a policy, once adopted, has continued to grow in extent. With the adoption of the Federal Constitution and the establishment of free governments in the states of the Union, there was additional reason for broadening the opportunity for education. Our country adopted the principle of self-government by a free people. Those who were worthy of being free, were worthy of being educated.

Those who had the duty and responsibility of government, must necessarily have the education with which to discharge the obligations of citizenship. The sovereign had to be educated. The sovereign had become the people. Schools and universities were provided by the various governments, and founded and fostered by private charity, until their buildings dotted all the land.

The willingness of the people to bear the burdens of maintaining these institutions, and the patriotic devotion of an army of teachers, who, in many cases, might have earned larger incomes in other pursuits, have made it possible to accomplish results with which we may well be gratified. But the task is not finished, it has only been begun.

We have observed the evidences of a broadening vision of the whole educational system. This has included a recognition that education must not end with the period of school attendance, but must be given every encouragement thereafter. To this end the night schools of the cities, the moonlight schools of the southern Appalachian countries, the extension work of the colleges and universities, the provision for teaching technical, agricultural and mechanical arts, have marked out the path to a broader and more widely diffused national culture. To insure the permanence and continuing improvement of such an educational policy, there must be the fullest public realization of its absolute necessity. Every American citizen is entitled to a liberal education. Without this, there is no guarantee for the permanence of free institutions, no hope of perpetuating self-government. Despotism finds its chief support in ignorance. Knowledge and freedom go hand in hand.

In order that the people of the nation may think on these things, it is desirable that there should be an annual observance of Educational Week.

Urging observance of
week beginning No-
vember 18, as.

NOW, THEREFORE, I, Calvin Coolidge, President of the United States, do hereby proclaim the week beginning on the eighteenth of November, next, as National Education Week, and urge its observance throughout the country. I recommend that the state and local authorities cooperate with the civic and religious bodies to secure its most general and helpful observance, for the purpose of more liberally supporting and more effectively improving the educational facilities of our country.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

A PROCLAMATION

Thanksgiving Day,
1923.
Preamble.

The American people, from their earliest days, have observed the wise custom of acknowledging each year the bounty with which divine Providence has favored them. In the beginnings, this acknowledgment was a voluntary return of thanks by the community for the fruitfulness of the harvest. Though our mode of life has greatly changed, this custom has always survived. It has made Thanksgiving Day not only one of the oldest but one of the most characteristic observances of our country. On that day, in home and church, in family and in public gatherings, the whole nation has for generations paid the tribute due from grateful hearts for blessings bestowed.

To center our thought in this way upon the favor which we have been shown has been altogether wise and desirable. It has given opportunity justly to balance the good and the evil which we have experienced. In that we have never failed to find reasons for being grateful to God for a generous preponderance of the good. Even in the least propitious times, a broad contemplation of our whole position has never failed to disclose overwhelming reasons for thankfulness. Thus viewing our situation, we have found warrant for a more hopeful and confident attitude toward the future.

In this current year, we now approach the time which has been accepted by custom as most fitting for the calm survey of our estate and the return of thanks. We shall the more keenly realize our good fortune, if we will, in deep sincerity, give to it due thought, and more especially, if we will compare it with that of any other community in the world.

The year has brought to our people two tragic experiences which have deeply affected them. One was the death of our beloved President Harding, which has been mourned wherever there is a realization of the worth of high ideals, noble purpose and unselfish service carried even to the end of supreme sacrifice. His loss recalled the nation to a less captious and more charitable attitude. It sobered the whole thought of the country. A little later came the unparalleled disaster

to the friendly people of Japan. This called forth from the people of the United States a demonstration of deep and humane feeling. It was wrought into the substance of good works. It created new evidences of our international friendship, which is a guarantee of world peace. It replenished the charitable impulse of the country.

By experiences, such as these, men and nations are tested and refined. We have been blessed with much of material prosperity. We shall be better able to appreciate it if we remember the privations others have suffered, and we shall be the more worthy of it if we use it for their relief. We will do well then to render thanks for the good that has come to us, and show by our actions that we have become stronger, wiser, and truer by the chastenings which have been imposed upon us. We will thus prepare ourselves for the part we must take in a world which forever needs the full measure of service. We have been a most favored people. We ought to be a most generous people. We have been a most blessed people. We ought to be a most thankful people.

WHEREFORE, I, Calvin Coolidge, President of the United States, do hereby fix and designate Thursday, the twenty-ninth day of November, as Thanksgiving Day, and recommend its general observance throughout the land. It is urged that the people, gathering in their homes and their usual places of worship, give expression to their gratitude for the benefits and blessings that a gracious Providence has bestowed upon them, and seek the guidance of Almighty God, that they may deserve a continuance of His favor.

Thursday, November 29, 1923, designated as Thanksgiving Day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the great seal of the United States.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Announcing death of former President Woodrow Wilson.

To the People of the United States:

The death of Woodrow Wilson, President of the United States from March 4, 1913, to March 4, 1921, which occurred at 11:15 o'clock today at his home at Washington, District of Columbia, deprives the country of a most distinguished citizen, and is an event which causes universal and genuine sorrow. To many of us it brings the sense of a profound personal bereavement.

His early profession as a lawyer was abandoned to enter academic life. In this chosen field he attained the highest rank as an educator, and has left his impress upon the intellectual thought of the country. From the Presidency of Princeton University he was called by his fellow citizens to be the Chief Executive of the State of New Jersey. The duties of this high office he so conducted as to win the confidence of the people of the United States, who twice elected him to the Chief Magistracy of the Republic. As President of the United States he was moved by an earnest desire to promote the best interests of the country as he conceived them. His acts were prompted by high motives and his sincerity of purpose can not be questioned. He led the nation through the terrific struggle of the world war with a lofty idealism which never failed him. He gave utterance to the aspiration of humanity with an eloquence which held the attention of all the earth and made America a new and enlarged influence in the destiny of mankind.

In testimony of the respect in which his memory is held by the Government and people of the United States, I do hereby direct that the flags of the White House and of the several Departmental buildings be displayed at half staff for a period of thirty days, and that suitable military and naval honors under orders of the Secretary of War and of the Secretary of the Navy may be rendered on the day of the funeral.

Suitable civil, military, and naval honors directed.

Done at the City of Washington this third day of February, in the year of our Lord one thousand nine hundred and [SEAL.] twenty-four, and of the Independence of the United States of America one hundred and forty-eighth.

Forest protection and Arbor Day observance, 1924.
Preamble.

WHEREAS, because of our constantly increasing need for wood and other forest products, together with our past failure to provide for reforestation, we are drawing upon our supplies of timber four times as fast as they are renewed through growth; and

WHEREAS, the most formidable agency of forest destruction and prevention of reforestation is fire and, of the fires which annually devastate vast areas, four-fifths are ascribed in origin to human agencies and virtually all may be controlled and made innocuous through prudence, care, and vigilance;

THEREFORE, I, CALVIN COOLIDGE, President of the United States, do urge upon the Governors of the various States to designate and set apart the week of April 21-27, 1924, as Forest Protection Week, and, wherever practicable and not in conflict with State law or accepted customs, to celebrate Arbor Day within that week. I also urge all citizens, either in association or as individuals, all schools, and the press of the land to give common

FURTHERMORE, I do hereby proclaim, declare and make known that nothing contained in this proclamation is intended to remove, or to authorize the removal of, any charge of desertion which may now be standing on the rolls or records of the United States in the case of any person, or as pardoning, remitting or mitigating any penalties to which any person has become, is now, or hereafter may become liable, except as hereinbefore specifically provided.

Whereas it is provided in the Act of Congress approved May 26, 1924, entitled "An Act to limit the immigration of aliens into the United States, and for other purposes" that—

Ante, p. 159.

"The annual quota of any nationality shall be two per centum of the number of foreign-born individuals of such nationality resident in continental United States as determined by the United States census of 1890, but the minimum quota of any nationality shall be 100" (Sec. 11(a);

Ante, p. 160.

"For the purposes of this Act nationality shall be determined by country of birth * * (Sec. 12(a);

Ante, p. 160.

"The Secretary of State, the Secretary of Commerce, and the Secretary of Labor, jointly, shall, as soon as feasible after the enactment of this Act, prepare a statement showing the number of individuals of the various nationalities resident in continental United States as determined by the United States census of 1890, which statement shall be the population basis for the purposes of subdivision (a) of section 11" (Sec. 12(b);

Ante, p. 161.

"Such officials shall, jointly, report annually to the President the quota of each nationality under subdivision (a) of section 11, together with the statements, estimates, and revisions provided for in this section. The President shall proclaim and make known the quotas so reported." (Sec. 12 (e).

Establishing quota of nationality allowed admission during fiscal year 1924-25.

Nominal quotas.

For each of the countries indicated by an asterisk () is established a nominal quota according to the minimum fixed by law. These nominal quotas, as in the case of all quotas hereby established, are available only for persons born within the respective countries who are eligible to citizenship in the United States and admissible under the immigration laws of the United States.

Assignment of persons born within the Barred Zone.

1. (a) Persons born in the portions of Persia, Russia, or the Arabian peninsula situated within the Barred Zone, and who are admissible under the immigration laws of the United States as quota immigrants, will be charged to the quotas of these countries; and (b) persons born in the colonies, dependencies, or protectorates, or portions thereof, within the Barred Zone, of France, Great Britain, the Netherlands, or Portugal, who are admissible under the immigration laws of the United States as quota immigrants, will be charged to the quota of the country to which such colony or dependency belongs or by which it is administered as a protectorate.

Arabian peninsula territory designated.

2. The quota-area denominated "Arabian peninsula" consists of all territory except Muscat and Aden, situated in the portion of that peninsula and adjacent islands, to the southeast of Iraq, of Palestine with Trans-Jordan, and of Egypt.

British dominions, etc.

3. Quota immigrants born in the British self-governing dominions or in the Empire of India, will be charged to the appropriate quota rather than to that of Great Britain and Northern Ireland. There are no quota restrictions for Canada and Newfoundland.

Pacific islands.

4. As shown on Chart No. 1262a, Hydrographic office, United States Navy Department.

Assignment of colonies, dependencies or protectorates.

5. Quota immigrants eligible to citizenship in the United States, born in a colony, dependency, or protectorate of any country to which a quota applies will be charged to the quota of that country.

European colonies or dependencies in Central or South America, etc.

6. In contrast with the law of 1921, the Immigration Act of 1924 provides that persons born in the colonies or dependencies of European countries situated in Central America, South America, or the islands adjacent to the American continents (except Newfoundland and islands pertaining to Newfoundland, Labrador and Canada), will be charged to the quota of the country to which such colony or dependency belongs.

No political significance in quota assignments.

General Note. The immigration quotas assigned to the various countries and quota-areas should not be regarded as having any political significance whatever, or as involving recognition of new governments, or of new boundaries, or of transfers of territory except as the United States Government has already made such recognition in a formal and official manner.

A PROCLAMATION

Although gratifying efforts are being made to lengthen the lives of our citizens and to conserve our diminishing store of natural resources, the nation's annual loss in life and property due to fire continues to surpass that of any other country. It is reported that 15,000 American lives and property valued at \$500,000,000 were lost in fires during 1923. The problem of combating this stupendous waste is of national importance. If it is to be diminished, especial efforts must be made to educate the public mind and conscience to the necessity of improving building construction, increasing protective equipment, and fostering a spirit of national carefulness. To this end

National Fire Prevention Day.
Preamble.

THEREFORE, I, Calvin Coolidge, President of the United States, following an established custom, designate Thursday, October 9, the fifty-third anniversary of the great Chicago fire, as National Fire Prevention Day and accordingly recommend and appeal to all citizens that it be observed by them in an appropriate manner. I

Recommending observance of October 9, 1924, as.

November 5, 1924.

A PROCLAMATION.

We approach that season of the year when it has been the custom for the American people to give thanks for the good fortune which the bounty of Providence, through the generosity of nature, has visited upon them. It is altogether a good custom. It has the sanction of antiquity and the approbation of our religious convictions. In acknowledging the receipt of Divine favor, in contemplating the blessings which have been bestowed upon us, we shall reveal the spiritual strength of the nation.

Thanksgiving Day,
1924.
Preamble.

The year has been marked by a continuation of peace whereby our country has entered into a relationship of better understanding with all the other nations of the earth. Ways have been revealed to us by which we could perform very great service through the giving of friendly counsel, through the extension of financial assistance, and through the exercise of a spirit of neighborly kindness to less favored peoples. We should give thanks for the power which has been given into our keeping, with which we have been able to render these services to the rest of mankind.

At home we have continually had an improving state of the public health. The production of our industries has been large and our harvests have been bountiful. We have been remarkably free from disorder and remarkably successful in all those pursuits which flourish during a state of domestic peace. An abundant prosperity has overspread the land. We shall do well to accept all these favors and bounties with a becoming humility, and dedicate them to the service of the righteous cause of the Giver of all good and perfect gifts. As the nation has prospered let all the people show that they are worthy to prosper by rededicating America to the service of God and man.

THEREFORE, I, CALVIN COOLIDGE, President of the United States of America, hereby proclaim and fix Thursday, the twenty-seventh day of November, as a day for National Thanksgiving. I recommend that the people gather in their places of worship, and at the family altars, and offer up their thanks for the goodness which has been shown to them in such a multitude of ways. Especially I urge them to supplicate the Throne of Grace that they may gather strength from their tribulations, that they may gain humility from their victories, that they may bear without complaining the burdens that shall be placed upon them, and that they may be increasingly worthy in all ways of the blessings that shall come to them.

Thursday, November
27, 1924, designated as
Thanksgiving Day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the great seal of the United States.

DONE at the City of Washington this fifth day of November, in the year of our Lord, one thousand nine hundred and [SEAL] twenty-four, and of the independence of the United States the one hundred and forty-ninth.

PROCLAMATIONS, 1924.

November 14, 1924.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

American Education
Week.
Preamble.

Education for the children of all the people, extending from the primary grades through the university, constitutes America's noblest contribution to civilization. No child or youth in the United States need be deprived of the benefits of education suited to his age and degree of advancement.

Nevertheless, either through negligence or because of unfortunate circumstances which might be controlled with sufficient effort, large numbers of children do not receive the full preparation for their life's work to which they are justly entitled. Many have reached maturity without even the rudiments of education.

This condition demands the solicitude of all patriotic citizens. It involves not only the persons immediately concerned and the communities in which they live, but the Nation itself, for the welfare of the country depends upon the character and the intelligence of those who cast the ballots.

Education has come to be nearer to the hearts of the American people than any other single public interest. The plan of maintaining educational institutions from public funds did not originally prevail in most of the States, and even where it was in use it was but feebly developed in the early days of the Republic. That plan did not arise spontaneously in the minds of all citizens. It was only when the suggestion came forcefully, convincingly, and repeatedly from a few pioneers that popular interest was fully aroused. Vigorous campaigns were required not only to establish the idea of public education, but also for its maintenance, and for its important extensions.

Campaigns of national scope in behalf of education have been conducted annually since 1920, and they have been increasingly effective with each succeeding year. They have concentrated attention upon the needs of education, and the cumulative impetus of mass action has been peculiarly beneficial. It is clearly in the interest of popular education, and consequently of the country, that these campaigns be continued with vigor.

In the last few years we have placed much emphasis on vocational training. It is necessary for men to know the practical side of life and be able to earn a living. We want to have masters of our material resources. But it is also necessary to have a broad and liberal culture that will enable men to think and know how to live after they have earned a living. An educated fool is a sorry spectacle, but he is not nearly so dangerous to society as a rich fool. We want neither in this country. We want the educated to know how to work and the rich to know how to think.

Urging observance of
week beginning No-
vember 17, as American
Education Week.

NOW, THEREFORE, I, Calvin Coolidge, President of the United States of America, do designate November 17th to 23rd, inclusive, as American Education Week. I urge that the citizens do all they can to advance the interests of education. It is especially recommended that the Governors of the States issue proclamations emphasizing the services rendered by their educational institutions, and calling upon their people to observe the occasion by appropriate action. Further, I urge that all civil officers whose duties relate to education, and all persons connected with the profession of teaching, exert themselves to diffuse information concerning the condition and needs of the schools and to enhance appreciation of the value of education. Patriotic, civic, religious, social, and other organizations could contribute by conducting meetings and demonstrations to promote the desire for knowledge. Ministers of religion and members

of the press are asked to exercise the means within their power to increase enthusiasm for educational advancement and to stimulate zeal for enlightened citizenship.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

CALVIN COOLIDGE

By the President:

CHARLES E. HUGHES
Secretary of State.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

November 14, 1924.

A PROCLAMATION.

Whereas in and by section 315 (a) of Title III of the act of Congress approved September 21, 1922, entitled "An act to provide revenue, to regulate commerce with foreign countries, to encourage the industries of the United States, and for other purposes," it is, among other things, provided that whenever the President, upon investigation of the differences in costs of production of articles wholly or in part the growth or product of the United States and of like or similar articles wholly or in part the growth or product of competing foreign countries, shall find it thereby shown that the duties fixed in this act do not equalize the said differences in costs of production in the United States and the principal competing country he shall, by such investigation, ascertain said differences and determine and proclaim the changes in classifications or increases or decreases in rates of duty provided in said act shown by said ascertained differences in such costs of production necessary to equalize the same;

Tariff on Diethylbarbituric Acid, etc.
Preamble.
Statutory authorization.
Vol. 42, p. 941.

Whereas in and by section 315 (c) of said act it is further provided that in ascertaining the differences in costs of production, under the provisions of subdivisions (a) and (b) of said section, the President, in so far as he finds it practicable, shall take into consideration (1) the differences in conditions in production, including wages, costs of material, and other items in costs of production of such or similar articles in the United States and in competing foreign countries; (2) the differences in the wholesale selling prices of domestic and foreign articles in the principal markets of the United States; (3) advantages granted to a foreign producer by a foreign government, or by a person, partnership, corporation, or association in a foreign country; and (4) any other advantages or disadvantages in competition;

Vol. 42, p. 942.

Whereas, under and by virtue of said section of said act, the United States Tariff Commission has made an investigation to assist the President in ascertaining the differences in costs of production of and of all other facts and conditions enumerated in said section with respect to the articles described in paragraphs 1 and 5 of Title I of said tariff act of 1922, namely, diethylbarbituric acid and salts and compounds thereof, being wholly or in part the growth or product of the United States, and of and with respect to like or similar articles wholly or in part the growth or product of competing foreign countries;

Vol. 42, pp. 858, 859.

Whereas in the course of said investigation a hearing was held, of which reasonable public notice was given and at which parties

interested were given reasonable opportunity to be present, to produce evidence, and to be heard;

And whereas the President upon said investigation of said differences in costs of production of said articles wholly or in part the growth or product of the United States and of like or similar articles wholly or in part the growth or product of competing foreign countries, has thereby found—

That the principal competing country is Switzerland;

That the duties fixed in said title and act do not equalize the differences in costs of production in the United States and in said principal competing country, namely, Switzerland;

That the differences in costs of production in the United States and the principal competing country are greater than the amount of the present duty at the rate of 25 per centum ad valorem increased by the total maximum increase authorized under said section, subdivision (a);

And that said differences in costs of production in the United States and the principal competing country can not be equalized by proceeding under the provisions of subdivision (a) of said section and act, that is to say, by increasing the duties to the extent of 50 per centum of the existing ad valorem duties applied to the value of the imported article in the country of exportation.

Increasing duty on diethylbarbituric acid, salts, etc., to equalize differences in cost of production.

Rate on American selling price. Vol. 42, p. 950.

Veronal or veronal-sodium not included.

Now, therefore, I, CALVIN COOLIDGE, President of the United States of America, do hereby determine and proclaim that the rate of duty shown by said differences in costs of production of diethylbarbituric acid and salts and compounds thereof in the United States and in the principal competing country necessary to equalize such differences, within the limit provided in said section, is the rate of 25 per centum ad valorem based and assessed upon the American selling price as defined in subdivision (f) of section 402 of said act, of similar diethylbarbituric acid and salts and compounds thereof manufactured or produced in the United States and sold under their respective chemical names, or under their respective descriptive names, including barbital and barbital-sodium, not using for the purpose of said basis and assessment such price of such articles when sold under the trademark name Veronal or Veronal-sodium.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

DONE at the City of Washington this fourteenth day of November in the year of our Lord one thousand nine hundred and [SEAL] twenty-four, and of the Independence of the United States of America the one hundred and forty-ninth.

A PROCLAMATION.

Whereas in and by section 315 (a) of Title III of the act of Congress approved September 21, 1922, entitled "An act to provide revenue, to regulate commerce with foreign countries, to encourage the industries of the United States, and for other purposes," it is, among other things, provided that whenever the President, upon investigation of the differences in costs of production of articles wholly or in part the growth or product of the United States and of like or similar articles wholly or in part the growth or product of competing foreign countries, shall find it thereby shown that the duties fixed in this act do not equalize the said differences in costs of production in the United States and the principal competing country he shall, by such investigation, ascertain said differences and determine and proclaim the changes in classifications or increases or decreases in rates of duty provided in said act shown by said ascertained differences in such costs of production necessary to equalize the same;

Tariff on oxalic acid.
Preamble.

Statutory authoriza-
tion.

Vol. 42, p. 941.

Whereas in and by section 315 (c) of said act it is further provided that in ascertaining the differences in costs of production, under the provisions of subdivisions (a) and (b) of said section, the President, in so far as he finds it practicable, shall take into consideration (1) the differences in conditions in production, including wages, costs of material, and other items in costs of production of such or similar articles in the United States and in competing foreign countries; (2) the differences in the wholesale selling prices of domestic and foreign articles in the principal markets of the United States; (3) advantages granted to a foreign producer by a foreign government, or by a person, partnership, corporation, or association in a foreign country; and (4) any other advantages or disadvantages in competition;

Vol. 42, p. 942.

Whereas, under and by virtue of said section of said act, the United States Tariff Commission has made an investigation to assist the President in ascertaining the differences in costs of production of and of all other facts and conditions enumerated in said section with respect to the article described in paragraph 1 of Title I of said tariff act of 1922, namely, oxalic acid, being wholly or in part the growth or product of the United States, and of and with respect to a like or similar article wholly or in part the growth or product of competing foreign countries;

Vol. 42, p. 858.

Whereas in the course of said investigation a hearing was held, of which reasonable public notice was given and at which parties interested were given reasonable opportunity to be present, to produce evidence, and to be heard;

And whereas the President upon said investigation of said differences in costs of production of said article wholly or in part the growth or product of the United States and of the like or similar article wholly or in part the growth or product of competing foreign countries, has thereby found that the principal competing country is

Germany and that the duty fixed in said title and act does not equalize the differences in costs of production in the United States and in said principal competing country, namely, Germany, and has ascertained and determined the increased rate of duty necessary to equalize the same.

Increasing duty on oxalic acid to equalize differences in costs of production.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do hereby determine and proclaim that the increase in the rate of duty provided in said act shown by said ascertained differences in said costs of production necessary to equalize the same is as follows:

Rate.

An increase in said duty on oxalic acid (within the limit of total increase provided for in said act) from 4 cents per pound to 6 cents per pound.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

By the President:
CHARLES E. HUGHES,

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

February 21, 1925.

A PROCLAMATION.

In proclaiming American Forest Week, I desire to bring to the attention of all our people the danger that comes from the neglect of our forests.

Forest protection and Arbor Day observance, 1925.
Preamble.

For several years the Nation has observed Forest Protection Week. It is fitting that this observance be enlarged. We have too freely spent the rich and magnificent gift that nature bestowed on us. In our eagerness to use that gift we have stripped our forests; we have permitted fires to lay waste and devour them; we have all too often destroyed the young growth and the seed from which new forests might spring. And though we already feel the first grip of timber shortage, we have barely begun to save and restore.

We have passed the pioneer stage and are no longer excusable for continuing this unwise dissipation of a great resource. To the Nation it means the lack of an elemental necessity and the waste of keeping idle or only partly productive nearly one-fourth of our soil.

To our forest-using industries it means unstable investments, the depletion of forest capital, the disbanding of established enterprises, and the decline of one of our most important industrial groups.

Our forests ought to be put to work and kept at work. I do not minimize the obstacles that have to be met, nor the difficulty of changing old ideas and practices. We must all put our hands to this common task. It is not enough that the Federal, State, and local governments take the lead. There must be a change in our national attitude. Our industries, our landowners, our farmers, all our citizens must learn to treat our forests as crops, to be used but also to be renewed. We must learn to tend our woodlands as carefully as we tend our farms.

Let us apply to this creative task the boundless energy and skill we have so long spent in harvesting the free gifts of nature. The forests of the future must be started to-day. Our children are dependent on our course. We are bound by a solemn obligation from which no evasion and no subterfuge will relieve us. Unless we fulfill our sacred responsibility to unborn generations, unless we use with gratitude and with restraint the generous and kindly gifts of Divine Providence, we shall prove ourselves unworthy guardians of a heritage we hold in trust.

Designation of week
of April 27-May 3, 1925,
as American Forest
Week, etc.

NOW, THEREFORE, I, CALVIN COOLIDGE, President of the United States, do recommend to the Governors of the various States to designate and set apart the week of April 27-May 3, inclusive, 1925, as American Forest Week, and, wherever practicable and not in conflict with State law or accepted customs, to celebrate Arbor Day within that week. And I urge public officials, public and business associations, industrial leaders, forest owners, editors, educators, and all patriotic citizens to unite in the common task of forest conservation and renewal.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

DONE at the City of Washington this twenty-first day of February, in the year of our Lord one thousand nine hundred
[SEAL] and twenty-five, and of the Independence of the United States of America the one hundred and forty-ninth.

A PROCLAMATION

Glacier Bay National
Monument, Alaska.
Preamble.

Whereas, There are around Glacier Bay on the southeast coast of Alaska a number of tidewater glaciers of the first rank in a magnificent setting of lofty peaks, and more accessible to ordinary travel than other similar regions of Alaska,

And, Whereas, The region is said by the Ecological Society of America to contain a great variety of forest covering consisting of mature areas, bodies of youthful trees which have become established since the retreat of the ice which should be preserved in absolutely natural condition, and great stretches now bare that will become forested in the course of the next century,

And Whereas, This area presents a unique opportunity for the scientific study of glacial behavior and of resulting movements and development of flora and fauna and of certain valuable relics of ancient interglacial forests,

And Whereas, The area is also of historic interest having been visited by explorers and scientists since the early voyages of Vancouver in 1794, who have left valuable records of such visits and explorations.

Now, Therefore, I, CALVIN COOLIDGE, President of the United States of America, by virtue of the power and authority in me vested by section two of the act of Congress entitled: "An Act for the preservation of American Antiquities", approved June 8, 1906 (34 Stat., 225), do proclaim that there is hereby reserved from all forms of appropriation under the public land laws, subject to all prior valid claims, and set apart as the Glacier Bay National Monument, the tract of land lying within the following described boundaries, to wit:
